Reconstructing The Criminal Culture Law And Policy In England 1830 1914:

Reconstructing the Criminal Martin J. Wiener, 1990 This ambitious and imaginative work interprets criminal justice history by relating it to intellectual and cultural history Starting from the assumption that policies and statutes originate in a society's values and norms the author skilfully and persuasively demonstrates how changes in criminal law and penal practice were related to the changing values of early mid and late Victorian and Edwardian society Wiener traces changes in the criminal justice system by examining the treatment of offenders During the Victorian period the system became more punitive and was then reformed in line with welfarist thinking Wiener's wide ranging discussion of issues most notably of free will versus determinism sheds light on a broad range of Victorian history beyond crime and punishment

The Law of Evidence in Victorian England C. J. W. Allen, 1997-09-04 In *The Law of Evidence in Victorian England* which was originally published in 1997 Christopher Allen provides a fascinating account of the political social and intellectual influences on the development of evidence law during the Victorian period His book sets out to challenge the traditional view of the significance of Jeremy Bentham's critique of the state of contemporary evidence law and shows how statutory reforms were achieved for reasons that had little to do with Bentham's radical programme and how evidence law was developed by common law judges in a way diametrically opposed to that advocated by Bentham Dr Allen's meticulous account provides a wealth of detail into the functioning of courts in Victorian England and will appeal to everyone interested in the English legal system during this period

The History of Great Britain Anne B. Rodrick, 2018-11-26 This addition to *The Greenwood Histories of the Modern Nations* provides an updated clear and concise history of Great Britain that will be of value to undergraduates and to a general readership This updated and expanded volume serves as an introduction to the history of Great Britain from prehistory to the present Guiding the reader through complex developments in politics economics culture and empire this book helps readers to understand how the four kingdoms of England Wales Scotland and Ireland have come together and split apart over centuries of change Chronologically arranged chapters will help readers to better understand British history as it includes pre Roman Britain Britain's Tudors the Reformation and World Wars I and II in addition to current events such as Brexit and others for which Theresa May has been prime minister A timeline a glossary and an appendix of significant individuals in the history of Great Britain help to round out the text The strong narrative line allows readers to understand the ways in which Great Britain has both responded to and guided global changes in economics and class gender and race and the politics of expansionism and nativism

Wayward Girls in Victorian and Edwardian England Tahaney Alghrani, 2024-04-04 Exploring the reform and regulation of juvenile females in the Victorian and early Edwardian era this book presents the first hand experiences of incarcerated girls to shed new light on youth criminalisation in the past and the present Focusing on three industrial schools in Bristol and Manchester *Wayward Girls in Victorian Era* pays

particular attention to gender age and class to understand how these factors impacted an individual's passage through the Victorian juvenile system Using both qualitative and quantitative data it examines representations of deviance and immorality as well as behaviour regulation to bring girls into a field of study previously dominated by male and adult offenders Asking questions about how to reform delinquent juveniles this book also uses history to rethink the present and contribute to current debates about juvenile delinquency and reform

Masculinity, Crime and Self-Defence in Victorian Literature E. Godfrey, 2010-12-03 Now in paperback this book considers crime fighting from the perspective of the civilian city goer from the mid Victorian garotting panics to 1914 It charts the shift from the use of body armour to the adoption of exotic martial arts through the works of popular playwrights and novelists examining changing ideals of urban middle class heroism

A New England? G. R. Searle, 2005-07-29 G R Searle's absorbing narrative history breaks conventional chronological barriers to carry the reader from England in 1886 the apogee of the Victorian era with the nation poised to celebrate the empress queen's golden jubilee to 1918 as the war to end all wars drew to a close leaving England to come to term with its price above all in terms of human life but also in the general sense that things would never be the same again This was an age of extremes a period of imperial pomp and circumstance with a political elite preoccupied with display and ceremony alongside the growing cult of the simple life the zenith of imperialism with its idealization of war on the one hand the start of the Labour Party a socialist renaissance and welfare politics on the other and a radical challenging of traditional gender stereotypes in the face of the prevailing cult of masculinity Under Professor Searle's historical microscope all the details of daily life spring into sharp relief Half forgotten figures such as Edward Carpenter Vesta Tilley and Sir Henry Campbell Bannerman take their place on stage beside Oscar Wilde the Pankhursts and Lloyd George Motoring and aviation to become such an intrinsic part of life within the next decades had their beginnings in this period as pastimes for the rich From the wretched slums of England's great cities to their bustling docks and factories from the grand portals of Westminster to the violent political challenges of the Ulster Unionists and the militant suffrage movement from Blackpool's tower and beach packed with holidaymakers to the trenches of the Western Front the energy creativity and often destructive turmoil of the years 1886-1918 are brought into focus in this magisterial history

THE NEW OXFORD HISTORY OF ENGLAND The aim of the New Oxford History of England is to give an account of the development of the country over time It is hard to treat that development as just the history which unfolds within the precise boundaries of England and a mistake to suggest that this implies a neglect of the histories of the Scots Irish and Welsh Yet the institutional core of the story which runs from Anglo Saxon times to our own is the story of a state structure built round the English monarchy and its effective successor the Crown in Parliament While the emphasis of individual volumes in the series will vary the ultimate outcome is intended to be a set of standard and authoritative histories embodying the scholarship of a generation

A New England? G. R. Searle, 2005 G R Searle's narrative history breaks conventional chronological barriers to carry the reader from England in

1886 the apogee of the Victorian era with the nation poised to celebrate the empress queen s golden jubilee to 1918 as the war to end all wars drew to a close

Policing Suspicion Eleanor Bland, 2021-11-04 Policing Suspicion is an innovative examination of policing practices and the impact of these on patterns of arrest and prosecution in London 1780 1850 The work establishes and defines the idea of proactive policing in historical context where police officers exercised discretion to arrest defendants on suspicion that they had recently committed or were about to commit an offence Through detailed examination of primary sources including the Old Bailey Proceedings newspaper reports instructions for police officers archival records of policing practices and Select Committee reports the book examines the reasons given for arrests and the characteristics of those arrested Suggesting that individual police officers made active choices using their discretion the book highlights how policing practices affected the received record of criminal activity It also explores continuities and changes in policing practices before and after the establishment of the Metropolitan Police force in 1829 examining the expectations placed on the various officials responsible for law enforcement The book contends that policing practices and proactive officers themselves contributed to the prevalence of criminal stereotypes Beyond the historical the book is situated within criminological frameworks around policing and preventive justice noting parallels between historical policing based on suspicion and contemporary police powers such as stop and search Speaking to issues of wider significance for criminologists by examining interactions between the police and suspects and reflecting on police decision making processes the book offers an original approach to those researching both the history of crime and policing and criminology and criminal justice more broadly

Resisting the Rule of Law in Nineteenth-Century Ceylon James S. Duncan, 2020-06-09 This book offers in depth insights on the struggles implementing the rule of law in nineteenth century Ceylon introduced into the colonies by the British as their greatest gift The book argues

that resistance can be understood as a form of negotiation to lessen oppressive colonial conditions and that the cumulative impact caused continual adjustments to the criminal justice system weighing it down and distorting it The tactical use of rule of law is explored within the three bureaucracies the police the courts and the prisons Policing was often governed at a distance due to fiscal constraints and economic priorities and the enforcement of law was often delegated to underpaid Ceylonese Spaces of resistance opened up as Ceylon was largely left to manage its own affairs Villagers minor officials as well as senior British government officials alternately used or subverted the rule of law to achieve their own goals In the courts the imported system lacked political legitimacy and consequently the Ceylonese undermined it by embracing it with false cases and information in the interests of achieving justice as they saw it In the prisons administrators developed numerous biopolitical techniques and medical experiments in order to punish prisoners bodies to their absolute lawful limit This limit was one which prison officials prisoners and doctors negotiated continuously over the decades The book argues that the struggles around rule of law can best be understood not in terms of a dualism of bureaucrats versus the public but rather as a set of shifting alliances across permeable bureaucratic boundaries It offers innovative perspectives comparing the Ceylonese experiences to those of Britain and India and where appropriate to other European colonies This book will appeal to those interested in law history postcolonial studies cultural studies cultural and political geography

Nineteenth-Century Female Poisoners V. Nagy,2015-02-18 Nineteenth Century Female Poisoners investigates the Essex poisoning trials of 1846 to 1851 where three women were charged with using arsenic to kill children their husbands and brothers Using newspapers archival sources including petitions and witness depositions and records from parliamentary debates the focus is not on whether the women were guilty or innocent but rather on what English society during this period made of their trials and what stereotypes and stock stories were used to describe women who used arsenic to kill All three women were initially presented as bad women but as the book illustrates there was no clear consensus on what exactly constituted bad womanhood

The novel begins with Richard Pappen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a exceptional and suspenseful novel that will keep you speculating until the very end. The novel is a warning tale about the dangers of obsession and the power of evil.
