Reconstructing Political Theory:

Reconstructing Political Theory Mary Lyndon Shanley, Uma Narayan, 1997 In this volume a companion to *Feminist Interpretations and Political Theory* Penn State 1991 edited by Mary Lyndon Shanley and Carole Pateman leading feminist theorists rethink the traditional concepts of political theory and expand the range of problems and concerns regarded as central to the analysis of political life Written by well known scholars in philosophy political science sociology and law the book provides a rich interdisciplinary account of key issues in political thought While some of the chapters discuss traditional concepts such as rights power freedom and citizenship others argue that topics less frequently discussed in political theory such as the family childhood dependency compassion and suffering are just as significant for an understanding of political life The Introduction shows how such diverse topics can be linked together and how feminist political theory can be elaborated systematically if it takes notions of independence and dependency public and private and power and empowerment as central to its agenda

Reconstructing the Classics Edward Bryan Portis, 2007-06-07 To truly understand the substance and value of any great philosopher's work students must examine political theory against the backdrop of history the surrounding literature and the individual theorist's views on human nature and rational motivation In this third edition of his classic text Edward Portis provides students with the framework they need to fully appreciate the original texts they are reading and apply the concepts they are learning Fully updated since the previous edition almost a decade ago Portis expands his coverage to include a complete chapter on Max Weber Further Portis strengthens his lucid introductions to the greatest theorists of Western political thought proving them indispensable guides for both the politically engaged citizen and the practicing social scientist He also provides suggestions updated for this edition for further reading in political theory

Reconstructing Political Pluralism Avigail I. Eisenberg, 1995-01-01 This reappraisal of the pluralist tradition systematically explores accounts of political pluralism offered by James Dewey Figgis Cole Laski Follett and Dahl and shows how each variant contains a distinct account of the relation between group power individual interest and self development These historical accounts provide the resources with which Eisenberg reconstructs a democratic theory of political pluralism At the center of political pluralism she argues is a pluralist approach to self development that can address the key ambiguities of identity politics and provide a more effective means to balance the power relations between individuals and communities than can individualist or communitarian approaches

The Political Theory Reader Paul Schumaker, 2010-02-22 Utilizing 100 key readings *The Political Theory Reader* explores the rich tradition of ideas that shape the way we live and the great issues in political theory today Allows students to see how competing ideological viewpoints think about the same political issues Provides readers with direct access to authors covered in the *From Ideologies to Public Philosophies* text Facilitates discussions by having readings arranged thematically throughout text Extracts of works specifically chosen to focus on topics central to issues covered in chapters

POLITICAL THEORY RAMASWAMY,

SUSHILA,2010-10-01 Political theory and political philosophy are generally used interchangeably though sometimes a distinction is made between the two This book on political theory deals with the study of political institutions along with the theories of State Law Liberty and Equality In its second edition the book continues to analyse the key concepts like Authority Power Sovereignty Political obligation Civil disobedience Citizenship Rights Democracy and Justice The non western ideas including Indian and Chinese are incorporated to underline cultural plurality and shared values in an enterprise that tries to set universal standards The book is designed for the undergraduate and postgraduate students of Political Science The book will be equally beneficial for the students appearing for the civil services examinations The Realist Tradition in International Relations Barry Scott Zellen,2011-08-19 This comprehensive foundation for the study of realism will introduce students in disciplines as varied as philosophy international relations and strategic studies to the majestic breadth of the realist tradition that unifies them all The Realist Tradition in International Relations The Foundations of Western Order introduces the principal theorists who have shaped and defined the realist tradition This once dominant theory of international politics has reemerged to provide a shared foundation for understanding political theory international relations theory and strategic studies The work is comprised of four volumes each focusing upon a distinct period and the pivotal contributors writing in that era Volume 1 State of Hope looks at the classical era when chaos reigned supreme Volume 2 State of Fear goes through the early modern period and the emergence of the modern state Volume 3 State of Awe explores the age of total war with its unprecedented dangers Volume 4 State of Siege examines the present era of insurgency and asymmetrical conflict A truly monumental work this sweeping study will surely foster a new appreciation of the rich tapestry of realist thought and its continuing relevance to the study of world politics **Indigeneity and Political Theory** Karena Shaw,2008-09-12 An innovative and critical reassessment of sovereignty in political theory disputing assumptions that challenges posed by indigenous politics are not marginal but central to contemporary political theory **Feminist Interpretations and Political Theory** Carole Pateman,Mary Lyndon Shanley,1991 This volume brings together exciting and provocative new feminist readings of famous classic and contemporary texts from Plato to Habermas The collection also includes examinations of the writings of Mary Wollstonecraft and Simone de Beauvoir that are usually excluded from the works conventionally held to comprise Western political thought The essays raise fundamentally important questions about the significance of sexual difference in the great works of political theory and draw attention to neglected arguments and silences in the texts No single feminist view of either the texts or the theoretical way forward informs these essays A wide diversity of feminist approaches and theoretical frameworks are represented forming a rich variety of interpretations and argument about such questions as the patriarchal construction of central political categories the relation between public and private life and the problem of equality and difference including differences among women This refreshing and stimulating collection will be indispensable for students of political thought and offers all those interested in the connection between the

classic writings and current political discussions as accessible introduction to feminist argument **Gender in Political Theory** Judith Squires, 2013-05-28 This wide ranging and accessible book provides a thorough overview of the key debates in gender and political theory **The Oxford Handbook of Political Theory** John S Dryzek, Bonnie Honig, Anne Phillips, 2008-06-12 Oxford Handbooks of Political Science are the essential guide to the state of political science today With engaging contributions from 51 major international scholars the Oxford Handbook of Political Theory provides the key point of reference for anyone working in political theory and beyond **Political Solidarity** Sally J. Scholz, 2010-11-01 *The Power of Feminist Theory* Amy Allen, 2025-06-17 In this new second edition of *The Power of Feminist Theory* Domination Resistance Solidarity Amy Allen diagnoses the inadequacies of previous feminist conceptions of power and draws on the work of a diverse group of theorists of power including Michel Foucault Judith Butler bell hooks and Hannah Arendt in order to construct a new feminist conception of power The conception of power developed in this book enables readers to theorize domination resistance and solidarity and perhaps more importantly to do so in a way that illuminates the interrelatedness of these three modalities of power The new edition of this foundational text includes substantial new material on intersectionality and power transnational feminism and power in relation to homonationalism and neo imperialism and empowerment feminism It addresses important criticisms of Foucault Arendt and Butler that have been raised by Black feminists critical philosophers of race postcolonial theorists and Marxists *The Power of Feminist Theory* Domination Resistance Solidarity is an essential text for students engaging with feminist analyses of power feminist theory and feminist political thought **The impact of feminism on political concepts and debates** Georgina Blakeley, Valerie Bryson, 2024-06-04 Many feminists have engaged with the man made concepts and approaches of traditional political analysis to produce an increasingly sophisticated and wide ranging body of thought The starting point of this book is the belief that such work is not simply something for the girls rather it has profound and complex implications without which our understanding of political processes and ideas would be impoverished This book provides an accessible overview and assessment of the impact of recent feminism by bringing together leading feminist and pro feminist political theorists and analysts to focus on key concepts such as rationality citizenship democracy and democratisation development and empowerment Each chapter takes a mainstream concept and examines both the critical debates around it and feminist reactions critiques It then analyses the significance and implications of feminism for the concept considers whether it can simply be extended to include women or whether it should be radically transformed or even abandoned and assesses whether feminist input has become part of the mainstream debate or remains marginalised *Tradition, Interpretation, and Science* John S. Nelson, 1986-12-15 This book reassesses the academic field of political theory and brings into sharp relief its problems and opportunities Here for the first time diverse theorists coordinate their arguments through a common focus This focus is the writing of John G Gunnell Gunnell attacks a set of myths said to plague almost every recent theory about politics

the myth of the given the myth of science myths of theory the myth of tradition and the myth of the political He argues that these all alienate political theory from substantive inquiry and actual practice Contributors include Richard E Flathman Russell L Hanson George Kateb Paul F Kress J Donald Moon John S Nelson J G A Pocock Herbert G Reid Ira L Strauber Nathan Tarcov and Sheldon S Wolin They respond on behalf of projects in the new history of political theory epic theory phenomenology traditional theory and political deconstruction These discussions also address the theories of Hans Georg Gadamer Jürgen Habermas Karl Marx Leo Strauss Alain Touraine and Ludwig Wittgenstein At the conclusion of the volume Gunnell reconsiders his arguments in light of the respondent's remarks His challenges thus provide a series of confrontations both exciting and provocative among major theorists The result is a lively debate about what political theory is how it relates to political history and practice and how it involves epistemology The authors probe a broad range of questions about practices of politics and traditions of discourse and they identify priorities for the future of the field

The Practice of Political Theory Clayton Chin, 2018-08-28 Recent political thought has grappled with a crisis in philosophical foundations how do we justify the explicit and implicit normative claims and assumptions that guide political decisions and social criticism In *The Practice of Political Theory* Clayton Chin presents a critical reconstruction of the work of Richard Rorty that intervenes in the current surge of methodological debates in political thought arguing that Rorty provides us with unrecognized tools for resolving key foundational issues Chin illustrates the significance of Rorty's thought for contemporary political thinking casting his conception of philosophy as cultural politics as a resource for new models of sociopolitical criticism He juxtaposes Rorty's pragmatism with the ontological turn illuminating them as alternative interventions in the current debate over the crisis of foundations in philosophy Chin places Rorty in dialogue with continental philosophy and those working within its legacy Focused on both important questions in pragmatist scholarship and central issues in contemporary political thought *The Practice of Political Theory* is an important response to the vexed questions of justification and pluralism

Political concepts Richard Bellamy, Andrew Mason, 2018-07-30 This electronic version has been made available under a Creative Commons BY NC ND open access license Offers a sophisticated analysis of central political concepts in the light of recent debates in political theory Introduces students to some of the main interpretations of key political concepts highlighting their strengths and weaknesses Tackles the principle concepts employed to justify any policy or institution and examines the main domestic purposes and functions of the state Examines the relationship between state and civil society and finally looks beyond the state to issues of global concern and inter state relations Studies the relationship between state and civil society and finally looks beyond the state to issues of global concern and inter state relations

Political Power Mark Haugaard, Kevin Ryan, 2012-06-27 Although the concept of power is central to the study of politics there is no agreement as to what exactly power is Power is often viewed negatively as domination though it is also the case that power is created by people acting in concert in which case it can have positive effects Making sense of this

puzzle is one of the aims of this book which provides the reader with a clear and coherent way of understanding the various forms and manifestations of power and it does so by bringing together the most important and influential perspectives on power within the political and social sciences From the Contents Mark Haugaard and Kevin Ryan Power in Social and Political Theory John Gledhill Power in Political Anthropology Stewart Clegg Foundations of Organizational Power Jill Vickers Gendering Power Feminist Approaches John A Hall and Sini a Male evic The Political Sociology of Power Philip G Cerny Power and International Relations **The Cambridge History of Twentieth-Century Political Thought** Terence Ball, Richard Bellamy, 2003-08-14 Table of contents 21st Century Political Science: A Reference Handbook John T Ishiyama, Marijke Breuning, 2010-10-22 Via 99 entries or mini chapters the SAGE 21st Century Reference Series volumes on political science highlight the most important topics issues questions and debates any student obtaining a degree in this field ought to have mastered for effectiveness in the 21st century 21st Century Political Science A Reference Handbook serves as an authoritative reference source that meets students research needs with more detailed information than encyclopedia entries but not so much jargon detail or density as a journal article or a research handbook chapter An editorial advisory board comprised of eminent scholars from various subfields many of whom are also award winning teachers selected the most important general topics in the discipline The two volumes are divided into six major parts 1 General Approaches of Political Science 2 Comparative Politics 3 International Relations 4 Political Science Methodology 5 Political Thought and 6 American Politics A section on identity politics includes chapters on topics such as Race Ethnicity and Politics Gender and Politics Religion and Politics and LGBT Issues Queer Theory This two volume resource makes fairly complex approaches in political science accessible to advanced undergraduate and beginning graduate students **International Relations, Political Theory, and the Problem of Order** Nicholas J. Rengger, 2000 This book seeks to offer a general interpretation and critique of both methodological and substantive aspects of International theory

Reconstructing Political Theory Introduction

In the digital age, access to information has become easier than ever before. The ability to download Reconstructing Political Theory has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Reconstructing Political Theory has opened up a world of possibilities. Downloading Reconstructing Political Theory provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate

access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Reconstructing Political Theory has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Reconstructing Political Theory. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Reconstructing Political Theory. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Reconstructing Political Theory, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Reconstructing Political Theory has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Reconstructing Political Theory Books

1. Where can I buy Reconstructing Political Theory books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
