

Reconstruction Of American History

Eric Foner, Olivia Mahoney

Reconstruction Of American History:

The Reconstruction of American History John Higham, 1962 Essays on how the interpretation of standard topics in American history has altered over the years America's Reconstruction Eric Foner, Olivia Mahoney, 1997-06-01 One of the most misunderstood periods in American history Reconstruction remains relevant today because its central issue the role of the federal government in protecting citizens rights and promoting economic and racial justice in a heterogeneous society is still unresolved America's Reconstruction examines the origins of this crucial time explores how Black and white southerners responded to the abolition of slavery traces the political disputes between Congress and President Andrew Johnson and analyzes the policies of the Reconstruction governments and the reasons for their demise America's Reconstruction was published in conjunction with a major exhibition on the era produced by the Valentine Museum in Richmond Virginia and the Virginia Historical Society The exhibit included a remarkable collection of engravings from Harper's Weekly lithographs and political cartoons as well as objects such as sculptures rifles flags quilts and other artifacts An important tool for deepening the experience of those who visited the exhibit America's Reconstruction also makes this rich assemblage of information and period art available to the wider audience of people unable to see the exhibit in its host cities A work that stands along as well as in proud accompaniment to the temporary collection it will appeal to general readers and assist instructors of both new and seasoned students of the Civil War and its tumultuous aftermath *Reconstruction* Eric Foner, 2002-02-05 This masterful treatment of one of the most complex periods of American history New Republic made history when it was originally published in 1988 It redefined how Reconstruction was viewed by historians and people everywhere in its chronicling of how Americans black and white responded to the unprecedented changes unleashed by the war and the end of slavery This smart book of enormous strengths Boston Globe has since gone on to become the classic work on the wrenching post Civil War period an era whose legacy reverberates still today in the United States **Remembering Reconstruction** Carole Emberton, Bruce E. Baker, 2017-04-12 Academic studies of the Civil War and historical memory abound ensuring a deeper understanding of how the war's meaning has shifted over time and the implications of those changes for concepts of race citizenship and nationhood The Reconstruction era by contrast has yet to receive similar attention from scholars Remembering Reconstruction ably fills this void assembling a prestigious lineup of Reconstruction historians to examine the competing social and historical memories of this pivotal and violent period in American history Many consider the period from 1863 beginning with slave emancipation to 1877 when the last federal troops were withdrawn from South Carolina and Louisiana an unfinished revolution for civil rights racial identity formation and social reform Despite the cataclysmic aftermath of the war the memory of Reconstruction in American consciousness and its impact on the country's fraught history of identity race and reparation has been largely neglected The essays in Remembering Reconstruction advance and broaden our perceptions of the complex revisions in the nation's collective memory Notably the authors uncover the impetus

behind the creation of black counter memories of Reconstruction and the narrative of the tragic era that dominated white memory of the period Furthermore by questioning how Americans have remembered Reconstruction and how those memories have shaped the nation s social and political history throughout the twentieth century this volume places memory at the heart of historical inquiry

Reconstruction Following the Civil War in American History Marsha Ziff,1999 The period known as Reconstruction after the North had won the Civil War and reunited the Union was a troubled time for the United States The South which had fought for its independence was bitter Former slaves were freed made citizens and granted the right to vote but still faced terrible discrimination Author Marsha Ziff highlights the people and events involved in this turbulent period examining the frustration and the determination of African Americans as they began their journey out of the ruins of slavery and the Civil War toward freedom and equality

A Short History of Reconstruction [Updated Edition] Eric Foner,2015-01-06 From the preeminent historian of Reconstruction New York Times Book Review an updated abridged edition of Reconstruction the prize winning classic work on the post Civil War period which shaped modern America Reconstruction chronicles the way in which Americans black and white responded to the unprecedented changes unleashed by the war and the end of slavery It addresses the quest of emancipated slaves searching for economic autonomy and equal citizenship and describes the remodeling of Southern society the evolution of racial attitudes and patterns of race relations and the emergence of a national state possessing vastly expanded authority and one committed for a time to the principle of equal rights for all Americans This masterful treatment of one of the most complex periods of American history New Republic remains the standard work on the wrenching post Civil War period an era whose legacy still reverberates in the United States today

Interpreting American History John David Smith,2016 Halftitle Page Title Page Copyright Page Dedication Contents Foreword Interpreting American History Series Acknowledgments Introduction Chapter One Reconstruction Historiography An Overview Chapter Two Presidential Reconstruction Chapter Three Radical Reconstruction Chapter Four Reconstruction Emancipation and Race Chapter Five Reconstruction National Politics 1865 1877 Chapter Six Reconstruction Gender and Labor Chapter Seven Reconstruction Intellectual Life and Historical Memory Chapter Eight Reconstruction Transnational History

Slavery, the Civil War, and Reconstruction Eric Foner,1997 The study and teaching of history unexpectedly emerged as the subject of intense public debate

The Reconstruction of American History. -- John Higham,1965

The A to Z of the Civil War and Reconstruction William L. Richter,2009-07-24 The importance of the Civil War and Reconstruction in the history of the United States cannot be overstated There was a very real possibility that the union could have been sundered resulting in a very different American history and probably world history But the union was held together by tough and determined leaders and by the economic muscle of the North Following the end of the war the period of American history known as Reconstruction followed This was a period construed in many different ways While the states were once again united many of the postwar efforts divided different segments of the population and failed to

achieve their goals in an era too often remembered for carpetbaggers and scalawags and Congressional imbroglios and incompetent government This one volume dictionary with more than 800 entries covering the significant events persons politics and economic and social themes in the U S Civil War and Reconstruction is a research tool for all levels of readers from high school and up The extensive chronology introductory essay dictionary entries and comprehensive bibliography introduce and lead the reader through the military and non military actions of one of the most pivotal events in American history

Forever Free Eric Foner, 2006-11-14 From one of our most distinguished historians comes a groundbreaking new examination of the myths and realities of the period after the Civil War Drawing on a wide range of long neglected documents Eric Foner places a new emphasis on black experiences and roles during the era We see African Americans as active agents in overthrowing slavery in shaping Reconstruction and creating a legacy long obscured and misunderstood He compellingly refutes long standing misconceptions of Reconstruction and shows how the failures of the time sowed the seeds of the Civil Rights struggles of the 1950s and 60s Richly illustrated and movingly written this is an illuminating and essential addition to our understanding of this momentous era

Reconstruction Updated Edition Eric Foner, 2014-12-02 From the preeminent historian of Reconstruction New York Times Book Review the prize winning classic work on the post Civil War period that shaped modern America Eric Foner s masterful treatment of one of the most complex periods of American history New Republic redefined how the post Civil War period was viewed Reconstruction chronicles the way in which Americans black and white responded to the unprecedented changes unleashed by the war and the end of slavery It addresses the ways in which the emancipated slaves quest for economic autonomy and equal citizenship shaped the political agenda of Reconstruction the remodeling of Southern society and the place of planters merchants and small farmers within it the evolution of racial attitudes and patterns of race relations and the emergence of a national state possessing vastly expanded authority and committed for a time to the principle of equal rights for all Americans This smart book of enormous strengths Boston Globe remains the standard work on the wrenching post Civil War period an era whose legacy still reverberates in the United States today

Major Problems in American History: Reconstruction. Questions to think about ; Documents: 1. William Howard Day, an African American minister, salutes the nation and a monument to Abraham Lincoln, 1865, 2. A Southern songwriter opposes Reconstruction, c. 1860s, 3. Louisiana Black Codes reinstate provisions of the Slave Era, 1865, 4. Congressman Thaddeus Stevens demands a radical Reconstruction, 1867, 5. Thomas Nast depicts contrasting views of Reconstruction 1866, 1869, 6. Elizabeth Cady Stanton questions Abolitionist support for female enfranchisement, 1868, 7. Charlotte Forten reflects on teaching among Southern African Americans, 1863, 8. Lucy McMillan, a former slave in South Carolina, testifies about white violence, 1871, 9. Francis Miles Finch mourns and celebrates Civil War Soldiers from the South and North, 1867 ; Essays: Slavery by another name : the re-enslavement of black Americans from the Civil War to World War II

Elizabeth Cobbs,Edward J. Blum,2017 *Reconstruction Era and Gilded Age* Captivating History,2021-02-02 Two captivating manuscripts in one book The Reconstruction Era The Gilded Age *The Reconstruction of the South After the Civil War in United States History* Marsha Ziff,2014-09 The North had won the Civil War and reunited the Union African American slaves were freed and made citizens The South was in ruins The period after the Civil War was a troubled time for the United States Known as Reconstruction the South which had fought for its independence was bitter Former slaves were freed made citizens and granted the right to vote but still faced terrible discrimination Author Marsha Ziff highlights the people and events involved in this turbulent period examining the frustration and the determination of African Americans as they began their journey out of the ruins of slavery and the Civil War toward freedom and equality This book is developed from RECONSTRUCTION FOLLOWING THE CIVIL WAR IN AMERICAN HISTORY to allow republication of the original text into ebook paperback and trade editions Reconstruction Allen C. Guelzo,2018-04-02 The era known as Reconstruction is one of the unhappiest times in American history It succeeded in reuniting the nation politically after the Civil War but in little else Conflict shifted from the battlefield to the Capitol as Congress warred with President Andrew Johnson over just what to do with the South Johnson s plan of Presidential Reconstruction which was sympathetic to the former Confederacy and allowed repressive measures such as the black codes would ultimately lead to his impeachment and the institution of Radical Reconstruction While Reconstruction saw the ratification of the 14th and 15th Amendments expanding the rights and suffrage of African Americans it largely failed to chart a progressive course for race relations after the abolition of slavery and the rise of Jim Crow It also struggled to manage the Southern resistance towards a Northern free labor economy However these failures cannot obscure a number of accomplishments with long term consequences for American life among them the Civil Rights Act the election of the first African American representatives to Congress and the avoidance of renewed civil war Reconstruction suffered from poor leadership and uncertainty of direction but it also laid the groundwork for renewed struggles for racial equality during the civil rights movement In this concise history award winning historian Allen C Guelzo delves into the constitutional political and social issues behind Reconstruction to provide a lucid and original account of a historical moment that left an indelible mark on the American social fabric **Reconstruction After the Civil War** John Hope Franklin,1994 Ever since its original publication in 1961 Reconstruction after the Civil War has been praised for cutting through the controversial scholarship and popular myths of the time to provide an accurate account of the role of former slaves during this period in American history Now Franklin has updated his work to acknowledge the enormous body of research and scholarship that followed in the wake of the first edition New are Franklin s references to important later texts that enrich the original narrative In addition the extensive bibliography has been thoroughly revised What has not changed however is the foundation Franklin has laid Still compelling are his arguments concerning the brevity of the North s military occupation of the South the limited amount of power wielded by former slaves the influence of moderate southerners

the flaws of the constitutions drawn up by the Radical state governments and the reasons for the downfall of Reconstruction

The Crisis of the American Republic Allen C. Guelzo, 1995 **A Just and Lasting Peace** John David Smith, 2013-05-07

This anthology of primary documents traces Reconstruction in the aftermath of the Civil War chronicling the way Americans Northern Southern black and white responded to the changes unleashed by the surrender at Appomattox and the end of slavery Showcasing an impressive collection of original documents including government publications newspaper articles speeches pamphlets and personal letters this book captures the voices of a broad range of Americans including Civil War veterans former slaveholders Northerners living in the South and African American men and women who lived through one of the most trying complex and misunderstood periods of American history **Fateful Lightning** Allen C.

Guelzo, 2012-05-11 *Fateful Lightning* is a mid length survey of the American Civil War In this revision of his 1994 *The Crisis of the American Republic* leading Civil War scholar Allen C Guelzo covers a broad range of topics including politics religion gender race diplomacy and technology Unlike other Civil War surveys the book concludes with substantial coverage of the postwar Reconstruction and the modern day legacy of the Civil War in American literature and popular culture
