Love's Enlightenment Ryan Patrick Hanley, 2017-03-30 A number of prominent moral philosophers and political theorists have recently called for a recovery of love But what do we mean when we speak of love today Love s Enlightenment examines four key conceptions of other directedness that transformed the meaning of love and helped to shape the way we understand love today Hume s theory of humanity Rousseau s theory of pity Smith s theory of sympathy and Kant s theory of love It argues that these four Enlightenment theories are united by a shared effort to develop a moral psychology that can provide both justificatory and motivational grounds for concern for others in the absence of recourse to theological or transcendental categories In this sense each theory represents an effort to redefine the love of others that used to be known as caritas or agape a redefinition

Healing Answers from a Survivor Wendy Edwards, 2012-07-26 *Healing Answers from a Survivor* includes pages of practical information and strategies to make your journey from victim to survivor a possibility. I have included every aspect of surviving abuse that I have personally encountered. Consequently, it is a very detailed and comprehensive book spanning most areas. There are countless situations that arise from having been abused, and I have included the answers that I used to help me to recover. Regardless of our stories, the emotions that we experience are all the same: indeed, conditional and unconditional love, sorrow, fear, anxiety, hate, and anger all feature strongly with abuse. Our body issues, emotional problems, and issues with power and control are discussed. Remembering the abuse and facing the heartbreaking truth are all part of the healing process. Ultimately, to heal, we need to acknowledge and release the accompanying emotions, break our previously learned patterns of behavior, and focus positively on our recovery, both now and into the future. Most importantly, we need to become survivors, not victims, martyrs, rescuers, or abusers. I believe that true recovery comes when we heal and become survivors by standing in our truth and taking full responsibility for our lives. It is possible to heal, take back your personal power, and become a survivor like I did. With love, Wendy x
