

The Recovery of Political Theory

Limits and Possibilities

William C. Havard

Recovery Of Political Theory Limits And Possibilities

Ian Forbes, Mark Hoffman

Recovery Of Political Theory Limits And Possibilities:

The Recovery of Political Theory William C. Havard, 1984-01-01 Leo Strauss, Max Weber, and the Scientific Study of Politics Nasser Behnegar, 2021-08-27 Can politics be studied scientifically and if so how Assuming it is impossible to justify values by human reason alone social science has come to consider an unreflective relativism the only viable basis not only for its own operations but for liberal societies more generally Although the experience of the sixties has made social scientists more sensitive to the importance of values it has not led to a fundamental reexamination of value relativism which remains the basis of contemporary social science Almost three decades after Leo Strauss s death Nasser Behnegar offers the first sustained exposition of what Strauss was best known for his radical critique of contemporary social science and particularly of political science Behnegar s impressive book argues that Strauss was not against the scientific study of politics but he did reject the idea that it could be built upon political science s unexamined assumption of the distinction between facts and values Max Weber was for Strauss the most profound exponent of values relativism in social science and Behnegar s explication artfully illuminates Strauss s critique of Weber s belief in the ultimate insolubility of all value conflicts Strauss s polemic against contemporary political science was meant to make clear the contradiction between its claim of value free premises and its commitment to democratic principles As Behnegar ultimately shows values the ethical component lacking in a contemporary social science are essential to Strauss s project of constructing a genuinely scientific study of politics

The Legendary Past Natalie Riendeau, 2014-12-10 The book explores Oakeshott s thought on the key role human imagination plays in relation to the political It addresses four main themes imagination foundational narratives the question of political societies identities as well as that of human living together to use Hannah Arendt s expression The book s main objective is to show that Oakeshott may be rightfully understood to be a philosopher of the imagination as well as a foundationalist thinker in the Arendtian narrative constructivist tradition **Western Political Thought** Robert

Eccleshall, Michael Kenny, 1995 This is a guide to the vast amount of literature on the history of political thought which has appeared in English since 1945 The editors provide an annotation of the content of many entries and where appropriate indicate their significance controversial nature and readability **Bulletin of the John Rylands University Library of**

Manchester John Rylands University Library of Manchester, 1994 *Eric Voegelin* Geoffrey L. Price, 1994

Contemporary Political Theory J. C. Johari, 1987 **The Recovery of Political Theory** William C. Havard, 1984

Drug Politics David C. Jordan, 2016-01-22 Drug Politics is an enlightening new book by a man who knows this disturbing and dangerous subject A former United States ambassador to Peru David C Jordan has testified before the U S Senate and House Foreign Relations committees and has consulted with various government security organizations His account of government protection of the criminal elements intertwined with local and global politics challenges many of the assumptions of current drug policies Using examples from South America Mexico Russia and the United States Jordan shows that the

narcotics problem is not merely one of supply and demand Jordan argues that many national and international financial systems are dependent on cash from money laundering and some governments are far more involved in protecting than in combating criminal cartels

Research in Public Policy Analysis and Management Stuart S. Nagel,1987 Reason, Revelation, and Human Affairs James V. Schall,2001-01-01 This book is intended to serve as an introduction to the thought of James V Schall arguably one of the best perhaps even the only authentically Thomistic political scientist writing today In contrast to main currents in contemporary Thomism Schall remains conversant with the great tradition of political philosophy and therefore appreciates the complex and relatively imprecise nature of political reflection In this book the distinguished theorist addresses a wide range of subjects including the question of overpopulation the thought of Charles McCoy and Leo Strauss the role of Christianity in political philosophy and the challenges that the democratic project pose to human beings perception of the truth As a meditation on practical and theoretical political questions self consciously proceeding from the perspectives of both nature and grace the book provides a unique picture of what a genuine Thomistic political science might look like

Politics Recovered Matt Sleat,2018-03-13 Is political theory political enough Or does a tendency toward abstraction idealization moralism and utopianism leave contemporary political theory out of touch with real politics as it actually takes place and hence unable to speak meaningfully to or about our world Realist political thought which has enjoyed a significant revival of interest in recent years seeks to avoid such pitfalls by remaining attentive to the distinctiveness of politics and the ways its realities ought to shape how we think and act in the political realm *Politics Recovered* brings together prominent scholars to develop what it might mean to theorize politics realistically Intervening in philosophical debates such as the relationship between politics and morality and the role that facts and emotions should play in the theorization of political values the volume addresses how a realist approach aids our understanding of pressing issues such as global justice inequality poverty political corruption the value of democracy governmental secrecy and demands for transparency Contributors open up fruitful dialogues with a variety of other realist approaches such as feminist theory democratic theory and international relations By exploring the nature and prospects of realist thought *Politics Recovered* shows how political theory can affirm reality in order to provide meaningful and compelling answers to the fundamental questions of political life

The Achievement of Michael Oakeshott Jesse Norman,1993 **Athenian Political Thought and the Reconstruction of American Democracy** J. Peter Euben,John R. Wallach,Josiah Ober,1994 A collection of essays on Athenian democracy organized in three sections on situating the Athenian democracy in relation to various regimes exploring how discourse in democratic Athens displayed awareness of democracy s limitations and creating direct dialogues between the discourse of Athenian democracy and that of contemporary thought Annotation copyright by Book News Inc Portland OR *Athenian Political Thought and the Reconstitution of American Democracy* J. Peter Euben,John R. Wallach,Josiah Ober,2018-07-05 In the contemporary United States the image and experience of Athenian democracy has

been appropriated to justify a profoundly conservative political and educational agenda. Such is the conviction expressed in this provocative book which is certain to arouse widespread comment and discussion. What does it mean to be a citizen in a democracy? Indeed, how do we educate for democracy? These questions are addressed here by thirteen historians, classicists, and political theorists who critically examine ancient Greek history and institutions, texts, and ideas in light of today's political practices and values. They do not idealize ancient Greek democracy. Rather, they use it with all its faults as a basis for measuring the strengths and shortcomings of American democracy. In the hands of the authors, ancient Greek sources become partners in an educational dialogue about democracy's past, one that goads us to think about the limitations of democracy's present and to imagine enriched possibilities for its future. The authors are diverse in their opinions and in their political and moral commitments. But they share the view that insulating American democracy from radical criticism encourages a dangerous complacency that Athenian political thought can disrupt.

The New World of Politics Neal Riemer, Douglas W. Simon, 1991

Political Theory, International Relations, and the Ethics of Intervention Ian Forbes, Mark Hoffman, 2016-07-27

This volume is about the discourse and practice of intervention and non-intervention in international relations. The product of a dialogue between theorists of politics and international relations, it argues that intervention is endemic in world politics but that we need to move beyond traditional accounts of such practices. In moving towards a more encompassing approach, it explores traditional and post-modern perspectives on our understanding of sovereignty, the state, and the state system, conceptions of power, identity, and agency, and universal, particularist, and contingent justifications for intervention and non-intervention.

Working with Walter Benjamin: Recovering a Political Philosophy Andrew Benjamin, 2013-11-18

This book provides a highly original approach to the writings of the twentieth-century German philosopher Walter Benjamin by one of his most distinguished readers. It develops the idea of working with Benjamin, seeking both to read his corpus and to put it to work to show how a reading of Benjamin can open up issues that may not themselves be immediately at stake in his texts. The defining elements in Benjamin's writings that Andrew Benjamin isolates—history, experience, translation, technical reproducibility, and politics—are put to work; that is, their utility is established in engaging the works of others. The question is how utility is understood. As Andrew Benjamin argues, utility involves demonstrating the different ways in which Benjamin is a central thinker within the project of understanding the nature of modernity. This is best achieved by noting connections and points of differentiation between his work and the writings of Adorno and Heidegger. However, the more demanding project is that working with Benjamin necessitates deploying the implicit assumptions within his writings as well as demanding of his formulations more than is provided by their initial presentation. What is at stake is not the application of Benjamin's thought. Rather, what counts is its use. Working with Benjamin engages with the themes central to Benjamin's work with deftness, daring, and critical insight while at the same time situating those themes within current academic and cultural debates.

Recovering International Relations

Daniel Levine, 2012-07-15 Recovering International Relations bridges two key divides in contemporary IR between value free and normative theory and between reflective philosophically inflected explorations of ethics in scholarship and close empirical studies of practical problems in world politics Featuring a novel provocative and detailed survey of IR's development over the second half of the twentieth century the work draws on early Frankfurt School social theory to suggest a new ethical and methodological foundation for the study of world politics sustainable critique which draws these disparate approaches together in light of their common aims and redacts them in the face of their particular limitations Understanding the discipline as a vocation as well as a series of academic and methodological practices sustainable critique aims to balance the insights of normative and empirical theory against each other Each must be brought to bear if scholarship is to meaningfully and responsibly address an increasingly dense heavily armed and persistently diverse world

International and Interdisciplinary Perspectives on Eric Voegelin Stephen A. McKnight, Geoffrey L. Price, 1997 Eric Voegelin's analysis of the history of political order and disorder has had an enormous impact on the fields of political science philosophy religion history and sociology The collection explores the evolution of Voegelin's theory from his history of political ideas of the 1940s to his philosophy of consciousness of the 1980s Adding significantly to our understanding of the development of Voegelin's work these essays compare and contrast it to that of his contemporaries such as Husserl and Schutz as well as to that of recent scholars including Lonergan and Levinas

Recovery Of Political Theory Limits And Possibilities Introduction

In today's digital age, the availability of Recovery Of Political Theory Limits And Possibilities books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Recovery Of Political Theory Limits And Possibilities books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Recovery Of Political Theory Limits And Possibilities books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Recovery Of Political Theory Limits And Possibilities versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Recovery Of Political Theory Limits And Possibilities books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Recovery Of Political Theory Limits And Possibilities books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Recovery Of Political Theory Limits And Possibilities books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them

invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Recovery Of Political Theory Limits And Possibilities books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Recovery Of Political Theory Limits And Possibilities books and manuals for download and embark on your journey of knowledge?

FAQs About Recovery Of Political Theory Limits And Possibilities Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Recovery Of Political Theory Limits And Possibilities is one of the best book in our library for free trial. We provide copy of Recovery Of Political Theory Limits And Possibilities in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Recovery Of Political Theory Limits And Possibilities. Where to download Recovery Of Political Theory Limits And Possibilities online for free? Are you looking for Recovery Of Political Theory Limits And Possibilities PDF? This is definitely going to save you time and cash in something you should think about.
