*The Red Knight of Germany. Baron Von Richthofen, Germany's Great War Airman, Etc. [With Plates, Including a Portrait.]*. Floyd Gibbons, 1930      **The Red Knight of Germany** Floyd Phillips Gibbons, 1936      **The Red Knight of Germany** Floyd P. Gibbons, 2001-08-01      [The Red Knight of Germany](#) Floyd Gibbons, 2023-10-20

The definitive biography of Manfred von Richthofen The Red Baron the deadliest pilot of The Great War who was credited with 80 Allied Kills Gibson had extensive access to first hand sources shortly after the war for his riveting book      *The Red Knight of Germany* FLOYD. GIBBONS, 2024-03-11 This is an excellent biography of a well known WWI German war hero People can find examples of his renown in American pop fiction For example Snoopy from the popular comics often flies his doghouse and attempts to shoot down the noble red baron Manfred Von Richthofen Of course true to form Snoopy's aero doghouse adventures always ended in disaster for the flying dog ace and the red Baron always flew away triumphantly In truth none of the Red Knight's victims ever flew away again They either found their end in flames or riddled with bullets or smashed impacting the earth or taken as a prisoner of war This book offers some unique insights into the baron's life and one can see through letters to his mother and visits with his father who held the rank of Major in the German army what made the man tick German life in the early 1900s was one of glory forged in war It was an honor to die for one's country and parents were proud to sacrifice their youth to defend their way of life I would recommend this book to people who enjoy short books or are interested in WWI or people interested in German history or those who like war books or those who have interests in antiquated flying machines There's a lot to enjoy in this book and it truly maps out a life we are currently unfamiliar with People truly did admire their enemies at one time This book captures the combination of love hate reverence fear respect and loathing that warfighters share for their enemies Jerimy Stoll About the Author Floyd Phillips Gibbons July 16 1887 September 23 1939 was the war correspondent for the Chicago Tribune during World War I One of radio's first news reporters and commentators he was famous for a fast talking delivery style Floyd Gibbons lived a life of danger of which he often wrote and spoke Gibbons began as a police reporter on the Minneapolis Daily News in 1907 but was fired He also worked for the Milwaukee Free Press and the Minneapolis Tribune While working for the Tribune in 1910 he was arrested for cutting a telegraph line in Winter Wisconsin to prevent other newspapers from reporting a story first He moved to the Chicago Tribune in 1912 He became well known for covering the Pancho Villa Expedition in 1916 He became a London correspondent for the Chicago Tribune in 1917 and reported on the 1917 torpedoing of the British ship RMS Laconia on which he was a passenger The Chicago Tribune appreciated his keen eye for detail and vivid splashy style It sent him to England to cover World War I As a correspondent at the Battle of Belleau Wood France Gibbons accompanied the Fifth Marines where his account of the battle that he submitted violated wartime censorship by mentioning that he was serving with the U S Marine Corps Gibbons' colourful prose added to the reputation of the Marines Gibbons lost an eye after being hit by German gunfire at Chateau Thierry in June 1918 while

attempting to rescue an American marine Always afterwards he wore a distinctive white patch on his left eye He was given France s greatest honor the Croix de Guerre with palm for his valor on the field of battle Wikipedia og [The Red Knight of Germany](#) Floyd Phillips Gibbons,1967 [The Red Knight Of Germany - The Story Of Baron Von Richthofen, Germany's Great War Bird \[Illustrated Edition\]](#) Floyd Gibbons,2014-06-13 16 Illustrations portraits of the author author s unit and plane In the small city of Wiesbaden in southwest Germany a small headstone proclaims that the incumbent of its grave is Rittmeister Manfred Freiherr von Richthofen Small fanfare and panoply for the far famed and feared Red Baron a hunter even during his childhood he took to the skies above France and Flanders in 1915 following service as a cavalry officer In the air he hunted his prey almost exclusively British pilots and by the time of his death in 1918 was credited with some 80 air combat victories He was only 25 at the time of his death American author Floyd Gibbon s biography seeks to give a fuller and more realistic portrait of Manfred von Richthofen than is widely known to his German countryman he seemed to be a superhuman hero of the skies to the Allies who opposed him he seemed a ruthless bogeyman The truth is far more complex than this as the author explains in great detail using von Richthofen s own autobiography and other contemporary sources in order to produce a portrait of the greatest World War One Ace **The Red Knight of Germany** Floyd Gibbons,1927 **The Red Knight of Germany** Floyd Gibbons,1927 *The Red Knight of Germany* Peter Kilduff,1927 **The Red Knight of Germany.
