Red Matters Native American Studies:

Red Matters Arnold Krupat, 2002 Arnold Krupat one of the most original and respected critics working in Native American studies today offers a clear and compelling set of reasons why red Native American culture history and literature should matter to Americans more than it has to date Although there exists a growing body of criticism demonstrating the importance of Native American literature in its own right and in relation to other ethnic and minority literatures Native materials still have not been accorded the full attention they require Krupat argues that it is simply not possible to understand the ethical and intellectual heritage of the West without engaging America's treatment of its indigenous peoples and their extraordinary and resilient responses Criticism of Native literature in its current development Krupat suggests operates from one of three critical perspectives against colonialism that he calls nationalism indigenism and cosmopolitanism Nationalist critics are foremost concerned with tribal sovereignty indigenist critics focus on non Western modes of knowledge and cosmopolitan critics wish to look elsewhere for comparative possibilities Krupat persuasively contends that all three critical perspectives can work in a complementary rather than an oppositional fashion A work marked by theoretical sophistication wide learning and social passion Red Matters is a major contribution to the imperative effort of understanding the indigenous presence on the American continents

The Oxford Handbook of Indigenous American Literature

James H. Cox, Daniel Heath Justice, 2014-07-31 Over the course of the last twenty years Native American and Indigenous American literary studies has experienced a dramatic shift from a critical focus on identity and authenticity to the intellectual cultural political historical and tribal nation contexts from which these Indigenous literatures emerge The Oxford Handbook of Indigenous American Literature reflects on these changes and provides a complete overview of the current state of the field The Handbook's forty three essays organized into four sections cover oral traditions poetry drama non fiction fiction and other forms of Indigenous American writing from the seventeenth through the twenty first century Part I attends to literary histories across a range of communities providing for example analyses of Inuit Chicana o Anishinaabe and M tis literary practices Part II draws on earlier disciplinary and historical contexts to focus on specific genres as authors discuss Indigenous non fiction emergent trans Indigenous autobiography Mexicanoh and Spanish poetry Native drama in the U S and Canada and even a new Indigenous children's literature canon The third section delves into contemporary modes of critical inquiry to expound on politics of place comparative Indigenism trans Indigenism Native rhetoric and the power of Indigenous writing to communities of readers A final section thoroughly explores the geographical breadth and expanded definition of Indigenous American through detailed accounts of literature from Indian Territory the Red Atlantic the far North Yucat n Amerika Samoa and Francophone Quebec Together the volume is the most comprehensive and expansive critical handbook of Indigenous American literatures published to date It is the first to fully take into account the last twenty years of recovery and scholarship and the first to most significantly address the diverse range of texts secondary archives writing traditions

Porter, Kenneth M. Roemer, 2005-07-21 Invisible marginal expected these words trace the path of recognition for American Indian literature written in English since the late eighteenth century This Companion chronicles and celebrates that trajectory by defining relevant institutional historical cultural and gender contexts by outlining the variety of genres written since the 1770s and also by focusing on significant authors who established a place for Native literature in literary canons in the 1970s Momaday Silko Welch Ortiz Vizenor achieved international recognition in the 1980s Erdrich and performance celebrity status in the 1990s Harjo and Alexie In addition to the seventeen chapters written by respected experts Native and non Native American British and European scholars the Companion includes bio bibliographies of forty authors maps suggestions for further reading and a timeline which details major works of Native American literature and mainstream American literature as well as significant social cultural and historical events An essential overview of this powerful literature

Native American Literature Helen May Dennis, 2006-11-22 Native American Literature underwent a Renaissance around 1968 and the current canon of novels written in the late twentieth century in American English by Native American or mixed blood authors is diverse exciting and flourishing Despite this very few such novels are accepted as part of the broader American literary canon This book offers a valuable and original approach to contemporary Native American literature Dennis s contemplation of space and spatialized aesthetics is compelling and persuasive Considering Native American literature within a modernist framework and comparing it with writers such as Woolf Stein T S Eliot and Proust results in a valuable and enriching context for the selected texts Vital reading for scholars of Native American Literature this book will also provide good grounding in the subject for those with an interest in American and twentieth century literature more generally

A Companion to the Literatures of Colonial America Susan Castillo, Ivy Schweitzer, 2008-04-15 This broad introduction to Colonial American literatures brings out the comparative and transatlantic nature of the writing of this period and highlights the interactions between native non scribal groups and Europeans that helped to shape early American writing Situates the writing of this period in its various historical and cultural contexts including colonialism imperialism diaspora and nation formation Highlights interactions between native non scribal groups and Europeans during the early centuries of exploration Covers a wide range of approaches to defining and reading early American writing Looks at the development of regional spheres of influence in the seventeenth and eighteenth centuries Serves as a vital adjunct to Castillo and Schweitzer s The Literatures of Colonial America An Anthology Blackwell Publishing 2001

The Native American Renaissance Alan R. Velie, A. Robert Lee, 2013-11-11 The outpouring of Native American literature that followed the publication of N Scott Momaday s Pulitzer Prize winning House Made of Dawn in 1968 continues unabated Fiction and poetry autobiography and discursive writing from such writers as James Welch Gerald Vizenor and Leslie Marmon Silko constitute what critic Kenneth Lincoln in 1983 termed the Native American Renaissance This collection of essays takes the measure of that efflorescence The contributors scrutinize writers from Momaday to Sherman Alexie analyzing works by Native women First Nations

Canadian writers postmodernists and such theorists as Robert Warrior Jace Weaver and Craig Womack Weaver's own examination of the development of Native literary criticism since 1968 focuses on Native American literary nationalism Alan R Velie turns to the achievement of Momaday to examine the ways Native novelists have influenced one another Post renaissance and postmodern writers are discussed in company with newer writers such as Gordon Henry Jr and D L Birchfield Critical essays discuss the poetry of Simon Ortiz Kimberly Blaeser Diane Glancy Luci Tapahonso and Ray A Young Bear as well as the life writings of Janet Campbell Hale Carter Revard and Jim Barnes An essay on Native drama examines the work of Hanay Geiogamah the Native American Theater Ensemble and Spider Woman Theatre In the volume's concluding essay Kenneth Lincoln reflects on the history of the Native American Renaissance up to and beyond his seminal work and discusses Native literature's legacy and future The essays collected here underscore the vitality of Native American literature and the need for debate on theory and ideology *Foundations of First Peoples' Sovereignty* Ulrike Wiethaus, 2007

Foundations of First Peoples Sovereignty is an innovative collection of essays offering interdisciplinary perspectives on the topic of sovereignty for Indigenous nations Presenting contemporary initiatives and scholarship in the humanities on behalf of First Peoples the volume affirms and explores the dynamic interplay between tribal community action and reflection academic work and the commonalities shared by Indigenous nations globally *Red Bird, Red Power* Tadeusz Lewandowski, 2016-05-26

Red Bird Red Power tells the story of one of the most influential and controversial American Indian activists of the twentieth century Zitkala a 1876 1938 also known as Gertrude Simmons Bonnin was a highly gifted writer editor and musician who dedicated her life to achieving justice for Native peoples Here Tadeusz Lewandowski offers the first full scale biography of the woman whose passionate commitment to improving the lives of her people propelled her to the forefront of Progressive era reform movements Lewandowski draws on a vast array of sources including previously unpublished letters and diaries to recount Zitkala a's unique life journey Her story begins on the Dakota plains where she was born to a Yankton Sioux mother and a white father Zitkala a whose name translates as Red Bird in English left home at age eight to attend a Quaker boarding school eventually working as a teacher at Carlisle Indian Industrial School By her early twenties she was the toast of East Coast literary society Her short stories for the *Atlantic Monthly* 1900 are to this day the focus of scholarly analysis and debate In collaboration with William F Hanson she wrote the libretto and songs for the innovative *Sun Dance Opera* 1913 And yet as Lewandowski demonstrates Zitkala a's successes could not fill the void of her lost cultural heritage nor dampen her fury toward the Euro American establishment that had robbed her people of their land In 1926 she founded the National Council of American Indians with the aim of redressing American Indian grievances Zitkala a's complex identity has made her an intriguing if elusive subject for scholars In Lewandowski's sensitive interpretation she emerges as a multifaceted human being whose work entailed constant negotiation In the end Lewandowski argues Zitkala a's achievements distinguish her as a forerunner of the Red Power movement and an important agent of change **Essays in**

»Gold Fever« and Women Sigrid Schönfelder, 2023-02-06 Throughout its history the American West symbolized a place of hope and new beginnings where anything was possible especially for men However the history written until the 1970s and 1980s excluded women Sigrid Sch nfelder illustrates how the American West served as a catalytic gold mine for many transformations for women It draws on the life narratives of three healthcare providers whose devotion within the social reform movements of the long nineteenth century contributed significantly to shaping healthcare policies Their stories show how women contributed to place making in the West and served as role models for other women to enter the field of medicine

Mapping Indigenous Presence Kathryn W. Shanley, Bjørg Evjen, 2015-05-14 Despite centuries of colonization many Indigenous peoples cultures remain distinct in their ancestral territories even in today s globalized world Yet they exist often within countries that hardly recognize their existence Struggles for political recognition and cultural respect have occurred historically and continue to challenge Native American nations in Montana and S mi people of northern Scandinavia in their efforts to remain and thrive as who they are as Indigenous peoples In some ways the Indigenous struggles on the two continents have been different but in many other ways they are similar Mapping Indigenous Presence presents a set of comparative Indigenous studies essays with contemporary perspectives attesting to the importance of the roles Indigenous people have played as overseers of their own lands and resources as creators of their own cultural richness and as political entities capable of governing themselves This interdisciplinary collection explores the Indigenous experience of S mi peoples of Norway and Native Americans of Montana in their respective contexts yet they are in many ways distinctly different within the body politic of their respective countries Although they share similarities as Indigenous peoples within nation states and inhabit somewhat similar geographies their cultures and histories differ significantly S mi people speak several languages while Indigenous Montana is made up of twelve different tribes with at

least ten distinctly different languages both peoples struggle to keep their Indigenous languages vital The political relationship between S mi people and the mainstream Norwegian government and culture has historically been less contentious than that of the Indigenous peoples of Montana with the United States and with the state of Montana yet the S mi and the Natives of Montana have struggled against both the ideology and the subsequent assimilation policy of the savagery versus civilization model The authors attempt to increase understanding of how these two sets of Indigenous peoples share important ontological roots and postcolonial legacies and how research may be used for their own self determination and future directions

Native Removal Writing Sabine N. Meyer, 2022-01-27 During the Standing Rock Sioux protest against the Dakota Access Pipeline an activist observed Forced removal isn't just in the history books Sabine N Meyer concurs noting the prominence of Indian Removal the nineteenth century policy of expelling Native peoples from their land in Native American aesthetic and political praxis across the centuries Removal has functioned both as a specific set of historical events and a synecdoche for settler colonial dispossession of Indigenous communities across hemispheres and generations It has generated a plethora of Native American writings that negotiate forms of belonging the identities of Native collectives their proprietary relationships and their most intimate relations among one another By analyzing these writings in light of domestic settler colonial international and tribal law Meyer reveals their coherence as a distinct genre of Native literature that has played a significant role in negotiating Indigenous identity Critically engaging with Native Removal writings across the centuries Meyer's work shows how these texts need to be viewed as articulations of Native identity that respond to immediate political concerns and that take up the question of how Native peoples can define and assert their own social cultural and legal political forms of living being and belonging within the settler colonial order Placing novels in conversation with nonfiction writings Native Removal Writing ranges from texts produced in response to the legal and political struggle over Cherokee Removal in the late 1820s and 1830s to works written by African Native writers dealing with the freedmen disenrollment crisis to contemporary speculative fiction that links the appropriation of Native intangible property culture with the earlier dispossession of their real property land In close contextualized readings of John Rollin Ridge John Milton Oskison Robert J Conley Diane Glancy Sharon Ewell Foster Zelda Lockhart and Gerald Vizenor as well as politicians and scholars such as John Ross Elias Boudinot and Rachel Caroline Eaton Meyer identifies the links these writers create between historical past narrated present and political future Native Removal Writing thus testifies to both the ongoing power of Native Removal writing and its significance as a critical practice of resistance

The Life and Traditions of the Red Man Joseph Nicolai, 2007-02-28 Largely unknown and uncirculated this is the only 19 century book length work in English by a member of the eastern Algonquian speaking people Published in 1893 Joseph Nicolai elder and leader of the Penobscot nation eloquently tells the story of t

The Autobiography of Citizenship Tova Cooper, 2015-02-08 At the turn of the twentieth century the United States was faced with a new and radically mixed population one that included freed African

Americans former reservation Indians and a burgeoning immigrant population In *The Autobiography of Citizenship* Tova Cooper looks at how educators tried to impose unity on this divergent population and how the new citizens in turn often resisted these efforts reshaping mainstream U S culture and embracing their own view of what it means to be an American The *Autobiography of Citizenship* traces how citizenship education programs began popping up all over the country influenced by the progressive approach to hands on learning popularized by John Dewey and his followers Cooper offers an insightful account of these programs enlivened with compelling readings of archival materials such as photos of students in the process of learning autobiographical writing by both teachers and new citizens and memoirs photos poems and novels by authors such as W E B Du Bois Jane Addams Charles Reznikoff and Emma Goldman Indeed Cooper provides the first comparative inside look at these citizenship programs revealing that they varied wildly at one end assimilationist boarding schools required American Indian children to transform their dress language and beliefs while at the other end the libertarian Modern School encouraged immigrant children to frolic naked in the countryside and learn about the world by walking hiking and following their whims Here then is an engaging portrait of what it was like to be and become a U S citizen one hundred years ago showing that what it means to be American is never static

Handbook of the American Novel of the Nineteenth Century Christine Gerhardt, 2018-06-11 This handbook offers students and researchers a compact introduction to the nineteenth century American novel in the light of current debates theoretical concepts and critical methodologies The volume turns to the nineteenth century as a formative era in American literary history a time that saw both the rise of the novel as a genre and the emergence of an independent confident American culture A broad range of concise essays by European and American scholars demonstrates how some of America's most well known and influential novels responded to and participated in the radical transformations that characterized American culture between the early republic and the age of imperial expansion Part I consists of 7 systematic essays on key historical and critical frameworks including debates about race and citizenship transnationalism environmentalism and print culture as well as sentimentalism romance and the gothic realism and naturalism Part II provides 22 essays on individual novels each combining an introduction to relevant cultural contexts with a fresh close reading and the discussion of critical perspectives shaped by literary and cultural theory
