In Defence of Fantasy Ann Swinfen, 2019-10-01 The modern fantasy novel might hardly seem to need a defence but its position in contemporary literature in the 1980s was still rather ambivalent Many post war writers had produced highly successful fantasy novels some phenomenal publishing successes had occurred in the field and an increasing number of universities throughout the English speaking world now included the literary criticism of fantasy as part of their English Literature courses None the less some critics and academics condemned the whole genre with a passion that seemed less than objectively critical In this book originally published in 1984 Dr Ann Swinfen presents a wide ranging and comprehensive view of fantasy what it is what it tries to achieve what fundamental differences distinguish it from mainstream realist fiction She concentrates on the three decades from 1945 when a new generation of writers found that Tolkien had made fantasy respectable Her approach is thematic rather than by individual author and she brings out the profound moral purpose that underlies much modern fantasy in a wide range of works both British and American such as Russell Hoban's *The Mouse and His Child* C S Lewis's *Chronicles of Narnia* and Ursula Le Guin's *Earthsea Trilogy* *Win With Words* Brian Elder, 2013-08-29 **HELP FOR YOUNG READERS WHO ARE STRUGGLING AND FOR THOSE WITH ENGLISH AS A SECOND LANGUAGE** It is believed that twenty or more percent of New Zealand children and many from other countries particularly boys are leaving formal education sadly deficient in the literary skills essential for normal living without being able to read road directions or the instructions on a bottle of medicine **PART ONE** of this book and the accompanying practice pages in **KEYS TO READING** has proved with regular use to be of great assistance to many young readers who are struggling to overcome a setback in their progress and has enabled them to become confident and fluent readers For parents who are seeking desperately for clear guidance as to how they may help their children this program will provide a simple and effective plan to follow **PART TWO** provides a simple outline of English grammar both for students who need some help in an easily understood form and for those with English as a second language There is also help with written expression spelling and vocabulary An extensive list of idioms should prove especially useful to those with English as a second language Brian Elder is a graduate of Otago University with a BA degree majoring in English and trained as a teacher at Dunedin Teachers College He has taught all primary school grades with most teaching at the Intermediate level and was for many years a deputy principal at an Intermediate School Apart from teaching his main interest has been organizing and leading Christian

with divine Creation Building Imaginary Worlds also provides the scholar of imaginary worlds with a glossary of terms and a detailed timeline that spans three millennia and more than 1 400 imaginary worlds listing their names creators and the works in which they first appeared
