

RED STAR ROGUE

The World's Only All-
Secret Submarine Raider
Strike Aircraft on the U.S.

COMING SOON TO A THEATRE NEAR YOU

Red Star Rogue

James Bussert, Bruce Elleman

Red Star Rogue:

Red Star Rogue Kenneth Sewell, Clint Richmond, 2005-10-01 This riveting New York Times bestseller tells of the shocking true story of a rogue Soviet submarine poised for a nuclear strike on the United States revealing the explosive facts about one of the best kept secrets of the Cold War The Flint Journal On March 7 1968 several hundred miles northwest of Hawaii the nuclear armed K 129 surfaced and sunk taking its crewmen and officers with it to perish at sea Who was commanding the rogue Russian sub What was its target How did it infiltrate American waters undetected Drawing from recently declassified documents and extensive confidential interviews Navy veteran Kenneth Sewell exposes the stunning truth behind an operation calculated to provoke war between the United States and China With full authoritative detail and sixteen pages of exclusive photographs *Red Star Rogue* illuminates this history shaping event and rings with chilling relevance in light of today's terrorist threats

Red Star Rogue Kenneth R. Sewell, Clint Richmond, 2005 This book reads like a Tom Clancy novel but it is all true Today our greatest fear is that terrorists may someday acquire a nuclear weapon and use it against us In fact they have already tried In 1968 a Soviet submarine sank off Hawaii hundreds of miles closer to American shores than it should have been Evidence strongly suggests that the sub sank while attempting to fire a nuclear missile most likely at Pearl Harbor We now know that the Soviets had lost track of the sub it had become a rogue While the Soviets searched U S intelligence was able to recover the sunken sub and it became clear that the rogue was attempting to mimic a Chinese submarine almost certainly with the intention of provoking a war between the U S and China Could the information gleaned from the sunken sub have been a decisive factor shaping the new policies of détente between the Americans and the Soviets and opening China to the West From publisher description *Red Star Rogue* CON Sewell, 2014 **Project Azorian**

Norman C Polmar, Michael White, 2012-09-15 In early August 1974 despite incredible risks and after six years of secret preparations the CIA attempted to salvage the sunken Soviet ballistic missile submarine K 129 from the depths of the North Pacific Ocean The audacious effort was undertaken with the cover of an undersea mining operation sponsored by eccentric billionaire Howard Hughes Azorian incorrectly identified as Project Jennifer by the press was the most ambitious ocean engineering endeavor attempted by man Following the accidental sinking of a Soviet missile submarine in March 1968 U S intelligence agencies were able to determine the precise location and to develop a means of raising the submarine from a depth of 16 400 feet The remarkable salvage effort of the K 129 which contained nuclear armed torpedoes and one nuclear tipped missile as well as crypto equipment was conducted with Soviet naval ships a few hundred yards from the lift ship the Hughes Glomar Explorer The book is based in part on the research for Michael White documentary film *Azorian: The Raising of the K 129* released in late 2009 The research for the book and the documentary forced the CIA to issue a brief report on Project Azorian in early 2010 with one third of the document redacted **All Hands Down** Kenneth Sewell, Jerome

Preisler, 2009-07-28 From the author of *Red Star Rogue* the controversial account of the destruction of the USS Scorpion the

nuclear submarine that sank with ninety nine crewmen aboard in 1968 an event that was officially attributed to accident The tragedy of the USS Scorpion and the lingering mystery of what caused it to sink in 10 000 feet of water on the eastern edge of the Sargasso Sea has been widely written about All Hands Down shows how the Soviet plot to exact revenge for the loss of a Russian sub was executed and explains why the truth of the attack has been officially denied for forty years Sewell and Preisler debunk various official explanations for the tragedy and bring to life the personal stories of some of the men who were lost when Scorpion went to the bottom **Red Morn** Max Pemberton,1904 **The CIA's Greatest Covert**

Operation David H. Sharp,2012-04-04 March 1968 three miles below the stormy surface of the North Pacific a Soviet submarine lay silent as a tomb its crew dead its payload of nuclear missiles once directed toward strategic targets in Hawaii inoperable No longer a real threat the sub still presented an alluring target and it was not long before the CIA answered its siren call even at the risk of igniting World War III Project AZORIAN the monumentally audacious six year mission to recover the sub and learn its secrets has been celebrated within the CIA as its greatest covert operation and hailed by the American Society of Mechanical Engineers as the twentieth century s greatest marine engineering feat While previous accounts have offered beguiling glimpses none have had significant access to CIA personnel or documents Now David Sharp the mission s Director of Recovery Systems draws upon his own recollections and personal records ship s logs declassified documents and conversations with team members to shine a bright light on this remarkable but still little understood enterprise Sharp reveals how the CIA conceived organized and conducted AZORIAN including recruiting the legendary Howard Hughes to provide the ocean mining cover story He takes readers onto and beneath the high seas to show the problems faced by the crew during the operation including potential Soviet intervention and tense moments when the recovery ship itself was in danger of breaking up He also puts a human face on key players like Carl Duckett the head of the CIA s Science and Technology Directorate John Parangosky AZORIAN s program manager John Graham designer of the Hughes Glomar Explorer Curtis Crooke of Global Marine Development co creator of the grunt lift recovery concept and Oscar Ott Schick manager of the Lockheed built capture vehicle and submersible barge A mammoth undertaking worthy of the most dramatic and spell binding espionage fiction Project AZORIAN harnessed American imagination and ingenuity at their highest levels Featuring dozens of previously classified photos Sharp s chronicle of that amazing operation plunges readers deep into the darkest shadows of the Cold War to produce the definitive account of an amazing mission *Defusing Armageddon: Inside NEST, America's Secret Nuclear Bomb Squad* Jeffrey Richelson,2009-02-02 Richelson reveals the history of America s super secret government agency Nuclear Emergency Support Team NEST Defusing Armageddon provides a behind the scenes look at NEST s personnel operations and detection and disablement equipment 16 pages of illustrations 4 maps **The Taking of K-129** Josh Dean,2018-09-25 An incredible true tale of espionage and engineering set at the height of the Cold War a mix between The Hunt for Red October and Argo about how the CIA the U S Navy and America s most eccentric mogul spent six

years and nearly a billion dollars to steal the nuclear armed Soviet submarine K 129 after it had sunk to the bottom of the Pacific Ocean all while the Russians were watching In the early hours of February 25 1968 a Russian submarine armed with three nuclear ballistic missiles set sail from its base in Siberia on a routine combat patrol to Hawaii Then it vanished As the Soviet Navy searched in vain for the lost vessel a small highly classified American operation using sophisticated deep sea spy equipment found it wrecked on the sea floor at a depth of 16 800 feet far beyond the capabilities of any salvage that existed But the potential intelligence assets onboard the ship the nuclear warheads battle orders and cryptological machines justified going to extreme lengths to find a way to raise the submarine So began Project Azorian a top secret mission that took six years cost an estimated 800 million and would become the largest and most daring covert operation in CIA history After the U S Navy declared retrieving the sub impossible the mission fell to the CIA s burgeoning Directorate of Science and Technology the little known division responsible for the legendary U 2 and SR 71 Blackbird spy planes Working with Global Marine Systems the country s foremost maker of exotic deep sea drilling vessels the CIA commissioned the most expensive ship ever built and told the world that it belonged to the reclusive billionaire Howard Hughes who would use the mammoth ship to mine rare minerals from the ocean floor In reality a complex network of spies scientists and politicians attempted a project even crazier than Hughes s reputation raising the sub directly under the watchful eyes of the Russians *Historical Dictionary of Naval Intelligence* Nigel West,2010-04-28 Naval intelligence is one of the most vital and sometimes decisive forms of intelligence Over the centuries and with particular velocity over recent decades the techniques of detecting and destroying military and commercial shipping have improved leapfrogging the equally frantic race to keep ahead of them and safeguard the huge investments involved Today the new challenges range from an increasingly aggressive strategy adopted by Pyongyang s submarine fleet and the exclusion of illegal immigrants heading for Australia and southern Europe to the capture of cocaine laded submarines in the Caribbean and the interdiction of Somali pirates off the Gulf of Aden Any accurate assessment of the comparative threat these activities pose is just as dependent on good intelligence today as it was to Admiral Lord Nelson in the days of sail The *Historical Dictionary of Naval Intelligence* relates the long and fascinating history of naval intelligence through a chronology an introduction a bibliography and hundreds of cross referenced dictionary entries on the organizations operations and events that made Naval intelligence what it is today The Publishers Weekly ,1929

Parameters ,2005 **Merchant Vessels of the United States...** United States. Coast Guard,1971 **Merchant Vessels of the United States** ,1978 From 1894 95 1935 36 pt 6 of each volume is issued separately with titles 1894 95 1902 03 Code list of merchant vessels of the United States 1903 04 1935 36 Seagoing vessels of the United States *American Duroc-Jersey Record* American Duroc-Jersey Association,1918 **The Journal of Military History** ,2008-04 Studies in Intelligence ,2012 Duroc-Jersey Swine Record Association ,1919 **Full & by** ,2005 **People's Liberation Army Navy** James Bussert,Bruce Elleman,2011-07-01 Rare among books on weapon systems technologies this work traces China s

development from a coastal defense force of obsolete ships with crude weapons to its current complex missile catamarans and Aegis like destroyers with vertical launch weapons and long range cruise missiles As the only book devoted solely to all combat systems on Chinese warships it is a convenient one stop reference filled with tables that break down specifications and parameters into specific areas such as sensors and weapons for specific hulls The book is divided into sections on frigates destroyers submarines patrol craft and aircraft Antisubmarine anti air anti surface and mine warfare are covered separately For war gamers there are tables with frequencies load outs and ranges The authors prompt readers to discern areas of weakness and strength in the Chinese combat systems

Immerse yourself in the artistry of words with is expressive creation, Immerse Yourself in **Red Star Rogue** . This ebook, presented in a PDF format (PDF Size: *), is a masterpiece that goes beyond conventional storytelling. Indulge your senses in prose, poetry, and knowledge.
