Rediscovering Gay History

John Boswell

Rediscovering Gay History

Mathew Kuefler

Rediscovering Gay History:

Rediscovering Gay History John Boswell, Rediscovering Gay History J. Boswell, 1985 *The Boswell Thesis* Mathew Kuefler, 2006-03 Few books have had the social cultural and scholarly impact of John Boswell's *Christianity, Social Tolerance and Homosexuality*. Arguing that neither the Bible nor the Christian tradition was nearly as hostile to homoeroticism as was generally thought, its initial publication sent shock waves through university classrooms, gay communities and religious congregations. Twenty five years later the aftershocks still reverberate. *The Boswell Thesis* brings together fifteen leading scholars at the intersection of religious and sexuality studies to comment on this book's immense impact, the endless debates it generated and the many contributions it has made to our culture. The essays in this magnificent volume examine a variety of aspects of Boswell's interpretation of events in the development of sexuality from Classical Antiquity through the Middle Ages, including a Roman emperor's love letters to another man, suspicions of sodomy among medieval monks, knights and crusaders, and the gender bending visions of Christian saints and mystics. Also included are discussions of Boswell's career, including his influence among gay and lesbian Christians and his role in academic debates between essentialists and social constructionists. Elegant and thought provoking, this collection provides a fitting twenty fifth anniversary tribute to the incalculable influence of *Christianity, Social Tolerance and Homosexuality* and its author. **Routledge Revivals:**

Homosexuality: A Research Guide (1987) Wayne R. Dynes, 2017-02-17 First published in 1987, this book encompasses a broad range of interdisciplinary research into homosexuality, displaying a full spectrum of points of view. Given that the major traditions of modern homosexual research began in Europe, it is not restricted to works in English. In general, topics that are densely covered in the literature are presented in this guide selectively, with some less studied topics such as Economics and Music fleshed out with signposts to more comprehensive research. It seeks to not only mirror existing publications but also to stimulate new work by pinpointing neglected themes and methods. This book will be of interest to students of sociology. *Origins of Sexuality and Homosexuality* John Dececco, PhD, Michael Shively, 2014-04-04 This well documented book highlights some of the theories of bisexual and homosexual identities and their conceptual bases in cultural history, moral philosophy, biology and social psychology. Some of the most respected minds in the field of human sexuality challenge traditional views on homosexuality and question the moral principles implicit in many existing psychiatric and psychological theories.

Medieval Sexuality Joyce E. Salisbury, 2019-01-17 Originally published in 1990, this well annotated bibliographical work covers entries on history, religion, medicine, philosophy, law and literature in western Europe from about the third century AD through the end of the medieval period. The primary sources are organised thematically and separately from secondary sources. Languages covered include English, Spanish, Portuguese, French, German, Italian and Latin. The focus is on sexuality and sexual attitudes, not on the related topics of marriage and family. Detailed indexes are also included. *Human Sexuality and the Nuptial Mystery* Roy R. Jeal, 2010-03-08 This collection of essays was originally presented at the St

Margaret's Consultation on Doctrine Liturgy and Preaching held at St Margaret's Anglican Church in Winnipeg Canada in 2008 They consider human sexuality and marriage from a distinctly theological rather than polemical standpoint aiming to avoid frequently polarized debates The interesting commonality indicated in the articles is that sex and marriage are not about self fulfillment but are outwardly directed aimed toward the other person toward growth maturity and deepened spirituality for the benefit of the church for productive good and for children The first section explores theological and ethical issues surrounding human sexuality and aims toward understanding the nature of relationships in these contexts The second section explores the spiritual nature of marriage and the history of thinking on marriage and family within Christian theology For those interested in pursuing truly theological engagement with marriage and sexuality this collection is required reading

The Preacher's Demons Franco Mormando,1999-05 When the city was filled with these bonfires he then combed the city and whenever he received notice of some public sodomite he had him immediately seized and thrown into the nearest bonfire at hand and had him burned immediately This story of an anonymous individual who sought to cleanse medieval Paris was part of a sermon delivered in Siena Italy in 1427 The speaker the friar Bernardino 1380 1444 was one of the most important public figures of the time and he spent forty years combing the towns of Italy instructing admonishing and entertaining the crowds that gathered in prodigious numbers to hear his sermons His story of the Parisian vigilante was a recommendation Sexual deviants were the objects of relentless unconditional persecution in Bernardino's sermons Other targets of the preacher's venom were witches Jews and heretics Mormando takes us into the social underworld of early Renaissance Italy to discover how one enormously influential figure helped to dramatically increase fear hatred and intolerance for those on society's margins This book is the first on Bernardino to appear in thirty five years and the first ever to consider the preacher's inflammatory role in Renaissance social issues *Homosexuality Bibliography* William Parker,1985 To find more

information about Rowman and Littlefield titles please visit www.rowmanlittlefield.com Bisexual and Homosexual Identities John P. De Cecco,Michael G. Shively,1984 This well documented book highlights some of the theories of bisexual and homosexual identities and their conceptual bases in cultural history moral philosophy biology and social psychology Some of the most respected minds in the field of human sexuality challenge traditional views on homosexuality and question the moral principles implicit in many existing psychiatric and psychological theories THE END OF WOKE Andrew Doyle,2025-05-29 Thought provoking and entertaining Andrew Doyle's intellect dazzles Jimmy Carr A magisterial read divinely inspired writing and commentary from one of the most thoughtful intellectuals of our time Michael Shermer The best work yet by the creator of genius parody Titania McGrath The Critic A revelatory investigation into the rise and fall of the woke movement and how we can prevent it from happening again It is no secret that we are in the midst of a cultural revolution Activists in the woke movement have claimed to be on the right side of history and yet their approach has been intolerant intemperate and above all illiberal Having dominated the western world for the past fifteen years there are clear

signs the woke are now losing their power The re election of Donald Trump the scaling back of DEI initiatives and a growing awareness of the threats to women s sex based rights has stirred a counter revolution But is this truly the end of woke Or have the culture wars merely evolved In *The End of Woke* Doyle skilfully examines the mechanisms underlying the zealous extremes on both the left and the right He shows that in a desperate power struggle to re assert liberal values some leaders of the anti woke movement have found themselves adopting a different kind of authoritarian approach one which also promotes censorship and erodes our freedoms Doyle argues that although authoritarianism is common to all political tribes we must resist its pernicious influence wherever it emerges After all replacing one form of tyranny with another will not end the culture wars But liberalism true liberalism might just see the end of woke for good *Female Homosexuality in the Middle East* Samar Habib,2012-08-06 This book the first full length study of its kind dares to probe the biggest taboo in contemporary Arab culture with scholarly intent and integrity female homosexuality Habib argues that female homosexuality has a long history in Arabic literature and scholarship beginning in the ninth century and she traces the destruction of Medieval discourses on female homosexuality and the replacement of these with a new religious orthodoxy that is no longer permissive of a variety of sexual behaviours Habib also engages with recent gay historiography in the West and challenges institutionalized constructionist notions of sexuality **Know My Name** Richard Cleaver,1995-01-01 The place of gay men and women in the community of faith has become one of the most divisive debates in the church today Writer and activist Richard Cleaver takes a fresh approach to this issue by examining the struggles of gay men and lesbians in the church through the lens of liberation theology He offers a gay reading of scripture but one that is also spiritually challenging to all readers Cleaver interweaves biblical reflections with historical social political and personal commentary He discusses personal identity issues and coming out the development of class consciousness as members of an oppressed group and solidarity with other oppressed groups This provocative book brings a new voice to the debate about the place of gays and lesbians in our churches **Who's Who in Contemporary Gay and Lesbian History** Robert Aldrich,Garry Wotherspoon,2020-07-24 Provides a comprehensive modern biographical survey of homosexuality in the Western world Among those included are controversial political activists Peter Tatchell Guy Hocquenghem Harvey Milk pop icons David Bowie k d lang Boy George groundbreaking artists writers and filmmakers Pier Paolo Pasolini Derek Jarman David Hockney intellectuals who have shaped and changed the modern understanding of sexuality Michel Foucault Simone de Beauvoir Alfred Kinsey over 500 entries clear informative and enjoyable to read build up a superbly thorough overview of gay and lesbian life in our time *The Construction of Homosexuality* David F. Greenberg,2008-10-29 At various times homosexuality has been considered the noblest of loves a horrible sin a psychological condition or grounds for torture and execution David F Greenberg s careful encyclopedic and important new book argues that homosexuality is only deviant because society has constructed or defined it as deviant The book takes us over vast terrains of example and detail in the

history of homosexuality Nicholas B Dirks New York Times Book Review Who's Who in Contemporary Gay and Lesbian History Vol.2 Robert Aldrich,Garry Wotherspoon,2005-07-25 Who's Who in Contemporary Gay and Lesbian History From

World War II to the Present Day provides a comprehensive modern biographical survey of homosexuality in the Western world Among those included are Controversial political activists Peter Tatchell Guy Hocquenghem Harvey Milk Pop icons David Bowie k d lang Boy George Groundbreaking artists writers and filmmakers Pier Paolo Pasolini Derek Jarman David Hockney Intellectuals who have shaped and changed the modern understanding of sexuality Michel Foucault Simone de Beauvoir Alfred Kinsey Over 500 entries clear informative and enjoyable to read build up a superbly thorough overview of gay and lesbian life in our time **Byzantine Intersectionality** Roland Betancourt,2020-10-06 A fascinating history of

marginalized identities in the medieval world While the term intersectionality was coined in 1989 the existence of marginalized identities extends back over millennia Byzantine Intersectionality reveals the fascinating little examined conversations in medieval thought and visual culture around sexual and reproductive consent bullying and slut shaming homosocial and homoerotic relationships trans and nonbinary gender identities and the depiction of racialized minorities Roland Betancourt explores these issues in the context of the Byzantine Empire using sources from late antiquity and early Christianity up to the early modern period Highlighting nuanced and strikingly modern approaches by medieval writers philosophers theologians and doctors Betancourt offers a new history of gender sexuality and race Betancourt weaves together art literature and an impressive array of texts to investigate depictions of sexual consent in images of the Virgin Mary tactics of sexual shaming in the story of Empress Theodora narratives of transgender monks portrayals of same gender desire in images of the Doubting Thomas and stereotypes of gender and ethnicity in representations of the Ethiopian Eunuch He also gathers evidence from medical manuals detailing everything from surgical practices for late terminations of pregnancy to save a mother's life to a host of procedures used to affirm a person's gender Showing how understandings of gender sexuality and race have long been enmeshed Byzantine Intersectionality offers a groundbreaking look at the culture of the medieval world **The Reign of Leo VI (886-912)** Tougher,2021-09-20 The focus of this book is the Byzantine

emperor Leo VI 886-912 and his reign He has been characterised as a careless and ineffectual emperor but this work presents a more considered account of Leo and the politics of his age Initial chapters on sources and the broader historical context are provided before particular aspects of Leo's life and reign are presented in eight chapters arranged so as to give a rough chronological framework Subjects discussed include relations with family and officials imperial ideology and ecclesiastical and military affairs By drawing on a broad spectrum of primary evidence the book illustrates that Leo forged a distinctive imperial style as a literate city based non campaigning emperor and argues that he was actively concerned about the problems that faced his empire **Brother-Making in Late Antiquity and Byzantium** Claudia Rapp,2016-01-13

Among medieval Christian societies Byzantium is unique in preserving an ecclesiastical ritual of adelphopoiesis which

pronounces two men not related by birth as brothers for life It has its origin as a spiritual blessing in the monastic world of late antiquity and it becomes a popular social networking strategy among lay people from the ninth century onwards even finding application in recent times Located at the intersection of religion and society brother making exemplifies how social practice can become ritualized and subsequently subjected to attempts of ecclesiastical and legal control Controversially adelphopoiesis was at the center of a modern debate about the existence of same sex unions in medieval Europe This book the first ever comprehensive history of this unique feature of Byzantine life argues persuasively that the ecclesiastical ritual to bless a relationship between two men bears no resemblance to marriage Wide ranging in its use of sources from a complete census of the manuscripts containing the ritual of adelphopoiesis to the literature and archaeology of early monasticism and from the works of hagiographers historiographers and legal experts in Byzantium to comparative material in the Latin West and the Slavic world Brother Making in Late Antiquity and Byzantium examines the fascinating religious and social features of the ritual shedding light on little known aspects of Byzantine society

Same-Sex Marriage David E. Newton, 2016-09-26 Same sex marriage continues to be a polarizing subject in the United States and other parts of the world This new edition of Same Sex Marriage A Reference Handbook brings readers up to date on the status of same sex unions from social legal political and historical perspectives According to Pew Research poll data in 2001 the majority of Americans opposed same sex marriage 57 percent against 35 percent in support As of 2015 a majority of Americans 55 percent supported same sex marriage with 39 percent expressing opposition The landmark Obergefell v Hodges case in which the U S Supreme Court held in a 5 4 decision that the fundamental right to marry is guaranteed to same sex couples is likely further influencing opinions among U S citizens Still controversy and heated debate continues to ensue on the social legal and political implications of same sex marriage The second edition of Same Sex Marriage A Reference Handbook presents thorough coverage of recent changes in the legal status of same sex marriage in the United States as well as essays that provide historical perspectives on same sex marriage an extensive up to date bibliography a collection of primary source documents a glossary and a chronology that will serve readers studying the topic New material includes a detailed discussion of the 2015 Supreme Court of the United States decision as well as coverage of issues that have arisen as a result of the Obergefell case such as the debate over religious freedom and LGBT civil rights legislation

Eventually, you will unquestionably discover a new experience and carrying out by spending more cash. still when? reach you take that you require to acquire those every needs afterward having significantly cash?
