Rediscovering the West ,1960 Global West, American Frontier David M. Wrobel,2013-10-15 This book examines how travel writers viewed the American West from the age of Manifest Destiny through the Great Depression In the nineteenth century the West was often presented as one developing frontier among many in the twentieth century travel writers often searched for American frontier distinctiveness Provided by publisher Provided by publisher **The Way of Psychology** Joseph Anthony Narciso Z. Tiangco,2008 **Rediscovering God's Grand Story** James M. Roseman,2017-09-15 In the passage to modernity we in the West have lost the ability to see things whole We've closed our minds to all things transcendent and default to unbelief and can't make sense of the persistent echoes of the voice of God that reverberate in our souls In Rediscovering God's Grand Story James Roseman picks up the strands of science philosophy history the arts and theology and reweaves the tapestry to see a coherent story that makes the best sense of the world and provides real meaning and significance to our lives God's Grand Myth We see that the signals of transcendence that confound our culture of doubt are a universal language and vocabulary of the heart echoing the voice of God and in the very Judeo Christian story we so readily jettison is found the Author enabling us to see the world whole again This essay tells why the story and promise of Christianity is so hard to hear today but won't go away Could it be that as T S Eliot wrote in the mid twentieth century at the end of all our exploring will be to arrive where we started and know the place for the first time **The Search for Arab Democracy** Larbi Sadiki,2004 How to be a democrat and a Muslim at the same time is the subject of ongoing contests This book maps out the variety of voices contesting Islam and democracy in the Arab world insisting that neither category can be taken as unitary or fixed In the Arab Middle East the contest is over which whose and how much democracy takes place within an existing contest over which whose and how much Islam must be given pre eminence in the political and cultural sphere There is a Democracy and there are democracies There is an Islam and there are islams Larbi Sadiki deploys the conceptual tools of contemporary Western political philosophy and theory to articulate and defend some provocative theses The book challenges Eurocentric conceptions of democracy that all too frequently display a lack of concern for specificity and context analyzes and interrogates Orientalist and Occidental discourses on democracy and considers some of the justifications for democracy in the global arena giving space for self representation by women and Islamists among others Using interviews with Muslims from every social and economic stratum the book shows how Arabs themselves understand imagine and view democracy Forging the Western Mind: Unraveling the Secrets of Early Islamic Scholarship Pasquale De

*Rediscovering Reverence* Ralph Ripley Heintzman,2011 A surprising and insightful work Rediscovering Reverence offers a rational explanation of what the modern western world calls religion and argues that it is not what most people assume Questioning western culture's evolving use of the word religion over the last five centuries Ralph Heintzman strips away misunderstandings to demonstrate that faith is not the same as belief He shows how faith is not something one has but something one does leading the reader to a deeper understanding of religious practice and its necessary place in human life Drawing on familiar experiences as well as aspects of western and eastern spiritual traditions Heintzman argues that religious practice is rooted in two basic ways human beings act in the world It is therefore an element in the structure of the human spirit not a phase in its history Explaining the meaning of religious practice in contemporary language Rediscovering Reverence is addressed to anyone who wants to explore the meaning and promise of a religious life A unique and thoughtful meditation on the role of reverence in everyday life Rediscovering Reverence presents new perspectives on modern faith religion and both personal and societal well being

**Rediscovering Japan, Reintroducing Christendom** Samuel Lee,2010-03-01 In Rediscovering Japan Reintroducing Christendom Japan's unvoiced Christian history and cultural roots are examined from an alternative perspective It is commonly believed that Christianity was introduced to Japan by the Spanish and Portuguese missionaries during the 1500s however Samuel Lee draws on various forms of cultural religious and linguistic evidence to argue that Christianity was

introduced to Japan through the Lost Tribes of Israel who were converted to Christianity through the missionary efforts of the Assyrian Church of the East around A D 500 Much of the evidence he discusses has become submerged into many Japanese folkloric songs festivals and is to be found in temples There are for example approximately 300 words in Japanese and Hebrew Aramaic that are similar Further Dr Lee outlines the history of Catholicism in Japan during the 1500s the systematic persecution of Christians from 1600s to the 1800s and the rise of Protestant Church in Japan The historical portion of the book ends with an analysis and discussion of 21st century Japanese society Lastly in Rediscovering Japan Reintroducing Christendom Samuel Lee questions the missiological methods of Western Christianity and advocates an approach based in dialogue between Christianity and other cultures *Restoring the Soul of the World* David

Fideler,2014-11-20 Humanity s creative role within the living pattern of nature Explores important scientific discoveries that reveal the self organizing intelligence at the heart of nature Examines the idea of a living cosmos from its roots in the earliest cultures to its eclipse during the Scientific Revolution to its return today Reveals ways to reengage our creative partnership with nature and collaborate with nature s intelligence For millennia the world was seen as a creative interconnected web of life constantly growing developing and restoring itself But with the arrival of the Scientific Revolution in the 16th and 17th centuries the world was viewed as a lifeless clock like mechanism bound by the laws of classical physics Intelligence was a trait ascribed solely to human beings and thus humanity was viewed as superior to and separate from nature Today new scientific discoveries are reviving the ancient philosophy of a living interconnected cosmos and humanity is learning from and collaborating with nature s intelligence in new life enhancing ways from ecological design to biomimicry Drawing upon the most important scientific discoveries of recent times David Fideler explores the self organizing intelligence at the heart of nature and humanity s place in the cosmic pattern He examines the ancient vision of the living cosmos from its roots in the world soul of the Greeks and the alchemical tradition to its eclipse during the Scientific Revolution to its return today He explains how the mechanistic worldview led to humanity s profound sense of alienation for if the universe only functioned as a machine there was no longer any room for genuine creativity or spontaneity He shows how this isn t the case and how even at the molecular level natural systems engage in self organization self preservation and creative problem solving mirroring the ancient idea of a creative intelligence that exists deep within the heart of nature Revealing new connections between science religion and culture Fideler explores how to reengage our creative partnership with nature and new ways to collaborate with nature s intelligence **Unwoke Your Life** Conrad Riker,101-01-01 Are you tired of feeling like you don t

Etulain,1996-09-01 From the Mississippi west to the Pacific from border to border north and south here is the first thorough overview of novelists historians and artists of the modern American West Examining a full century of cultural intellectual forces at work a leading authority on the twentieth century West brings his formidable talents to bear in this pioneering study Richard W Etulain divides his book into three major sections He begins with the period from the 1890s to the 1920s when artists and authors were inventing an idealized frontier especially one depicting initial contacts and conflicts with new landscapes and new peoples The second section covers the regionalists who focused on regional mostly geographical characteristics that shaped distinctively western traits of character and institutions The book concludes with a discussion of the postregional West from World War II to the 90s a period when novelists historians and artists stressed ethnicity gender and a new environmentalism

as powerful forces in the formation of modern western society and culture Etulain casts a wide net in his new study He discusses novelists from Jack London to John Steinbeck and on to Joan Didion He covers historians from Frederick Jackson Turner to Earl Pomeroy and Patricia Nelson Limerick and artists from Frederic Remington and Charles Russell to Georgia O Keefe and R C Gorman The author places emphasis on women painters and authors such as Mary Hallock Foote Mary Austin Willa Cather and Judith Baca He also stresses important works of ethnic writers including Leslie Marmon Silko Rudolfo Anaya and Amy Tan An intriguing survey of tendencies and trends and a well defined profile of influences and outgrowths this book will be valuable to students and scholars of western culture and history American studies and related disciplines General readers will appreciate the book s balanced structure and spirited writing style All readers whatever their level of interest will discover the major cultural inventions of the American West over the past one hundred years

**Chewing Over the West**, 2009-01-01 The orientation of academic institutions has in recent years been moving away from highly specialized area studies in the classical sense towards broader regional and comparative studies Cultural studies points to the limitation of Western approaches to non Western cultures a development not yet reflected in actual research and data collections Bringing together scholars from all over the world with specialized knowledge in both Western and non Western languages literatures and cultures this collection of essays provides new insights into the agency of non Western literatures in relation to the West a term used with critical caution and like other common binary dualisms challenged here Inter cultural expertise seldom applied in the combination of Asian African and oriental perspectives makes this compilation of essays an important contribution to the study of colonialism and postcoloniality Topics covered include postcolonial Arabic writing T S Eliot in contemporary Arabic poetry Algerian and Berber literature the English language and narratives in Kenyan art characterization dialogism gender and Western influence in modern Hindi fiction Naya drama in India modern Burmese theatre and literature under Western influence Remarque s All Quiet on the Western Front and the Vietnamese Novel Without a Name Western Marxism and vernacular literature in colonial Indonesia hybridity in Komedi Stambul and Sherlock Holmes in and the crime fiction of Siam and Indonesia Contributors Amina Azza Bekkat Thomas de Bruijn Matthew Isaac Cohen Rasheed El Enany Keith Foulcher Saddik M Gohar Rachel Harrison Doris Jedamski Ursula Lies Daniela Merolla Evan Mwangi Guzel Vladimirovna Strelkova Anna Suvorova U Win Pe

**African Literacies and Western Oralities?** William A. Coppedge, 2021-11-03 How do twenty first century Christians communicate the Bible and their faith in today s mediascape Members of the International Orality Network ION believe that the answer to that paramount question is orality For too long they argue presentations of Christianity have operated on a printed literate register hindering many from receiving and growing in the Christian faith Instead they champion the spoken word and narrative presentations of the gospel message In light of the church s shift to the Global South how have such communication approaches been received by majority world Christians This book explores the responses and reactions of local Ugandan Christians to this oral renaissance The

investigation grounded in ethnographic research uncovers the complex relationships between local and international culture brokers all of whom are seeking to establish particular modern identities The research conclusions challenge static Western categorizations and point towards an integrated understanding of communication that appreciates the role of materiality and embodiment in a broader religious socioeconomic discourse as well as taking into account societal anticipations of a flourishing modern African Church This book promises to stimulate dialogue for those concerned about the communication complexities that are facing the global church in the twenty first century **The American Educational Review** ,1912

*The Social Life of Tibetan Biography* Amy Holmes-Tagchungdarpa,2014-07-30 The Social Life of Tibetan Biography explores the creation of Tibetan religious authority in Tibetan cultural areas throughout East Inner and South Asia through engaging with the relationship between textual biography and social community in the case of the Eastern Tibetan yogi Tokden Shakya Shri 1853 1919 It explores the different mechanisms used by Shakya Shri s community in the creation of his biographical portrait to develop his lineage including the use of biographical tropes details of interpersonal connections educational and patronage networks and representations of sacred site creation and maintenance In doing so this study decenters Tibetan and Himalayan religious history through recognizing that peripheries could act as alternative centers of authority for diverse Tibetan Buddhist communities **Donati Graeci** Federica Ciccolella,2008 The starting point generally acknowledged for the revival of Greek studies in the West is 1397 when the Byzantine Manuel Chrysoloras began to teach Greek in Florence With his *Erotemata* Chrysoloras gave Westerners a tool to learn Greek the search for the ideal Greek textbook however continued even after the publication of the best Byzantine humanist grammars The four Greek Donati edited in this book Latinate Greek grammars based on the Latin schoolbook entitled *Ianua* or *Donatus* belong to the many pedagogical experiments documented in manuscripts They attest to a tradition of Greek studies that probably originated in Venice and or Crete a tradition certainly inferior to the Florentine scholarship in quality and circulation but still important in the cultural history of the Renaissance
