Lanier,2018-04-19 In the fourth edition of Essential Criminology authors Mark M Lanier Stuart Henry and Desire M Anastasia build upon this best selling critical review of criminology which has become essential reading for students of criminology in the 21st century Designed as an alternative to overly comprehensive lengthy and expensive introductory texts Essential Criminology is as its title implies a concise overview of the field The book guides students through the various definitions of crime and the different ways crime is measured It then covers the major theories of crime from individual level classical and rational choice to biological psychological social learning social control and interactionist perspectives In this latest edition the authors explore the kind of criminology that is needed for the globally interdependent twenty first century With cutting edge updates illustrative real world examples and new study tools for students this text is a necessity for both undergraduate and graduate courses in criminology *Canadian Welfare* ,1973 Population and Family in the Low Countries H.G. Moors,Robert L. Cliquet,G. Dooghe,Dirk J. van de Kaa,2012-12-06 Since 1972 there has been a close contact through their pUblications between the Netherlands Interuniversity Demographic Institute at The Hague and the Population and Family Study Centre at Brussels This co operation has resulted in the joint pUblcation of the journal BevoLking en Gezin Population and Family in the Dutch language However there has been a need for wider circulation of the Dutch language studies and research in the field of population and the family In particular it was thought necessary to make possible an exchange of ideas and findings with population and family scientists abroad The volume Population and family in the Low Countries intends to facilitate this

international discussion by at least partially lifting the language barrier curtain Some of the articles and documents included were originally published in the Dutch language others were written especially for this volume Population and family covers a very wide field and so do the chapters presented In addition to demographic studies articles are presented on population and family sociology and social biology The editors hope that this reader the first in their yearly publication series will serve its purpose
