Reflections On Elephants:

Reflections of Elephants Bobby-Jo Clow, David Blissett, 2016-08 *Reflections of Elephants* is a celebration seen through the lens of acclaimed photographer Bobby Jo Clow. From the rusty red plains of Tsavo to the lush green forests of Northern Thailand, Bobby Jo has captured every aspect of elephant life from first step to untimely death. Her astonishing images have been paired with the words of writers, poets, scientists, conservationists, students, and everyday people to produce unique reflections of this most iconic animal.

Reflections on Elephants National Geographic Video, 1994 Join renowned wildlife filmmakers Dereck and Beverly Joubert as they capture the drama of Africa's largest free-roaming elephant herds on their timeless journey across the bush country of northern Botswana. You'll discover that the lives of elephants have much more in common with our own powerful but tender family bonds, remarkable communication skills, and an uncanny ability to cooperate under pressure. These traits are as crucial to their survival as the food and water they spend much of their lives in search of. Two years in the making, this remarkable documentary reveals extraordinary elephant behavior never before filmed. You'll see the rare adoption of an abandoned infant, the organized rescue of a calf in danger of drowning, and the haunting way bull elephants mourn the death of an aged companion. You'll also witness an encounter between a young elephant and adolescent lions that even surprised the filmmakers. Come with National Geographic on a journey you will never forget to a place where nature still rules and the elephant is king.

Elephant Reflections Dale Peterson, 2023-12-22 *Elephant Reflections* brings award-winning wildlife photographer Karl Ammann's gorgeous images together with a revelatory text by writer Dale Peterson to illuminate one of nature's greatest and most original works of art: the elephant. The photographs move from the purely aesthetic to the informative, depicting animals who are at once enigmatic, individual, mysterious, elusive, and iconic. In riveting prose, Peterson introduces the work of field scientists in Africa and explains their recent astonishing discoveries. He then explores the natural history and conservation status of African elephants and discusses the politics of ivory. *Elephant Reflections* is a book that could change the way the world thinks about elephants while we still have some measure of control over their fate.

Elephant Dan Wylie, 2009-01-15 Aristotle characterized the elephant as the beast which passeth all others in wit and mind, and the animal has long figured in cultural artifacts even on continents it has never inhabited. Now *Elephant* provides an engaging look at the elephant's long life.

The Incredible Essence of Elephants Changaram S. Venugopal, Jacob V. Cheeran, 2019-07-10 Can elephants cry? Why are grandmother elephants so important? These are just a few of the many questions people have about elephants. *The Incredible Essence of Elephants* explores the fascinating and remarkable answers to these questions and much, much more.
