Newport to Laguna Beach and also the sands of New Zealand and Hawaii inspired him to put his thoughts to paper He wanted to share the wonder and magic he found while observing the confluence of land and water of man and nature and of life and death He found all this in the thin shifting line of wrack washed up every day and night by the seas Included are poems he constructed during his daily walks across the flower streets of Corona del Mar and the love and beauty he found there Also there are some poems he wrote just for fun So join the doctor and listen for the Earth s music while he deciphers the meaning of life from the script left by the sea Spiritual reflections for every day in the year.
