Etheredge, 1981 Higher Education - Reflections From the Field - Volume 1, 2023-11-02 COVID wrought havoc on the world's economic systems Higher education did not escape the ravages brought on by the pandemic as institutions of higher education around the world faced major upheavals in their educational delivery systems Some institutions were prepared for the required transition to online learning Most were not Whether prepared or not educators rose to the challenge The innovativeness of educators met the challenges as digital learning replaced the face to face environment In fact some of the distance models proved so engaging that many students no longer desire a return to the face to face model As with all transitions some things were lost while others were gained This book examines practice in the field as institutions struggled to face the worst global pandemic in the last century The book is organized into four sections on The Perspectives of Higher Education COVID as a Catalyst for Change Embracing Online Learning as a Response to COVID and Post Covid The Way Forward It presents various perspectives from educators around the world to illustrate the struggles and triumphs of those facing new challenges and implementing new ideas to empower the educational process These discussions shed light on the impact of the pandemic and the future of higher education post COVID Higher education has been forever changed and higher education as it once was may never return While many questions arise the achievements in meeting and overcoming the pandemic illustrate the creativity and innovativeness of educators around the world who inspired future generations of learners to reach new heights of accomplishment even in the face of the pandemic **Reflections on the Music of Ennio Morricone** Franco Sciannameo, 2020-01-23 *Reflections on the Music of Ennio Morricone Fame and Legacy* provides new contextualized perspectives on Ennio Morricone's position as a radical composer working at the cutting edge of

music within the frame work of his cinematic compositions The Italian composer has reached world fame as the creator of some 500 film scores and hundreds more arrangements for commercial recordings however Sciannameo argues that Morricone s legacy must include his concert works a catalogued list of more than 100 titles By analyzing the composer s formative years as a music practitioner and his transition into the world of composing for the screen Franco Sciannameo reconsiders the best of Morricone s popular compositions and reveals the challenging concert works which have been an intimate expression of Morricone s lifelong creative season *Reflections on the Music of Ennio Morricone* explores Morricone s legacy its nature and its eventual impact on posterity *India's Finance Ministers* A.K. Bhattacharya, 2023-05-22

Independent India has so far witnessed twenty eight finance ministers But only a handful of them could leave their mark on the exchequer or North Block the headquarters of the Indian finance ministry From Independence to Emergency India s Finance Ministers 1947 1977 is the story of India s unforgettable finance ministers who shaped India s economy in the first thirty years after Independence The book highlights the significant difference that these finance ministers made to the management of the Indian economy and to the policy evolution of the government and who thus left an indelible mark on the psyche of Indian citizens It attempts to measure the impact these decisions left not only on India s economic system but also on its political system and looks at to what extent the decisions were influenced by the socio economic backgrounds of the finance ministers Full of interesting anecdotes the book is the first in depth account of the crucial role these finance ministers have played in the functioning of India s economy *Reflections on Educational Achievement* Rainer H. Lehmann, Wilfried Bos, Thomas N.: Festschrift Postlethwaite, Wilfried Bos, Rainer H. Lehmann, Copper King in Central Africa Hyden Munene, 2022-01-31 *Copper King in Central Africa* offers a detailed account of the corporate history of the Rhokana Rokana Corporation and its Nkana mine Thematically and chronologically organised it explores the discovery of viable ores on the Northern Rhodesian Zambian Copperbelt in the late 1920s which attracted foreign capital from South Africa Britain and the USA prompting the development of the Nkana mine and the formation of the Rhokana Corporation in the early 1930s It follows through the evolution of the copper mining industry up to the re privatisation of the Zambian mining sector in 1991 The book ties into a single narrative the disparate themes of corporate organisation labour relations and profitability of Rhokana demonstrating how the firm was for a time the most important mining entity in the Northern Rhodesian Zambian mining industry Rhokana was both an investment firm on the Copperbelt and a mining company through Nkana mine Thus the Corporation was central to the development and profitability of the copper industry in Zambia Its corporate and labour policies influenced the Copperbelt as a whole Employing the largest labour force in the mining sector Rhokana spearheaded the labour movement on the Copperbelt Its Nkana mine was also the largest producer of copper in the Northern Rhodesian mining industry between 1940 and 1953 and contributed hugely to the war economies of Britain and the USA Throughout its history Nkana was also a major source of cobalt After nationalisation of the mining sector in 1970 Rhokana surrendered its

investments in the wider copper industry but remained central to the Copperbelt's smelting and refining operations owning the biggest metallurgical facilities in the industry

Moving Reflections Jo Evans, 1996 Volume exploring the important but neglected Spanish female poet Angela Figuera Aymerich Angela Figuera Aymerich 1902-84 remains an obscure figure among the Spanish social poets of the Franco regime her work almost entirely eclipsed by male contemporaries This book attempts both to bring her poetry to the attention of a wider audience and to show how her work anticipates the generation of women writers and poets who have emerged since the coming of democracy Focusing primarily on a selection of poems published between 1948 and 1962 Dr Evans shows how her work has been mistakenly ignored as maternal in essence and so of little interest to the poetry of social protest in general Using feminist and psychoanalytical theories of language to suggest that identity and poetic identity in particular is constructed as the effect of mirror images the author argues that the moving reflections of gender faith and aesthetics mirror Figuera's struggle with a fragmented poetic identity through these concepts her work can be read not only as a moving reflection of maternal femininity and social injustice but as an active attempt to retrace the boundaries of female identity JO EVANS teaches in the Department of Hispanic Studies Edinburgh University
