American Reform Judaism Dana Evan Kaplan, 2003-04-29 The only comprehensive and up to date look at Reform Judaism this book analyzes the forces

currently challenging the Reform movement now the largest Jewish denomination in the United States To distinguish itself from Orthodox and Conservative Judaism the Reform movement tries to be an egalitarian open and innovative version of the faith true to the spirit of the tradition but nonetheless fully compatible with modern secular life Promoting itself in this way Reform Judaism has been tremendously successful in recruiting a variety of people intermarried families feminists gays and lesbians and interracial families among others who resist more traditional forms of worship As an unintended result of this success the movement now struggles with an identity crisis brought on by its liberal theology which teaches that each Jew is free to practice Judaism more or less as he or she pleases In the absence of the authority that comes from a theology based on a commanding all powerful God can Reform Judaism continue to thrive Can it be broadly inclusive and still be uniquely and authentically Jewish Taking this question as his point of departure Dana Evan Kaplan provides a broad overview of the American Reform movement and its history theology and politics He then takes a hard look at the challenges the movement faces as it attempts to reinvent itself in the new millennium In so doing Kaplan gives the reader a sense of where Reform Judaism has come from where it stands on the major issues and where it may be going Addressing the issues that have confronted the movement including the ordination of women acceptance of homosexuality the problem of assimilation the question of rabbinic officiation at intermarriages the struggle for acceptance in Israel and Jewish education and others Kaplan sheds light on the connection between Reform ideology and cultural realities He unflinchingly yet optimistically assesses the movement's future and cautions that stormy weather may be ahead

Place of Our Own Michael M. Lorge,Gary Phillip Zola,2006-10-15 This is a collection of seven essays which commemorate the 50th anniversary of the founding of the first Reform Jewish educational camp in the US The text covers topics related to both the Reform Judaism movement and the development of the Reform Jewish camping system in the US *Insecure Prosperity* Ewa Morawska,2021-04-13 This captivating story of the Jewish community in Johnstown Pennsylvania reveals a pattern of adaptation to American life surprisingly different from that followed by Jewish immigrants to metropolitan areas Although four fifths of Jewish immigrants did settle in major cities another fifth created small town communities like the one described

here by Ewa Morawska Rather than climbing up the mainstream education and occupational success ladder the Jewish Johnstownians created in the local economy a tightly knit ethnic entrepreneurial niche and pursued within it their main life goals achieving a satisfactory standard of living against the recurrent slumps in local mills and coal mines and enjoying the company of their fellow congregants Rather than secularizing and diversifying their communal life as did Jewish immigrants to larger cities they devoted their energies to creating and maintaining an inclusive multipurpose religious congregation Morawska begins with an extensive examination of Jewish life in the Eastern European regions from which most of Johnstown's immigrants came tracing features of culture and social relations that they brought with them to America After detailing the process by which migration from Eastern Europe occurred Morawska takes up the social organization of Johnstown the place of Jews in that social order the transformation of Jewish social life in the city and relations between Jews and non Jews The resulting work will appeal simultaneously to students of American history of American social life of immigration and of Jewish experience as well as to the general reader interested in any of these topics

The Readers Guide to Judaism and Jewish Studies Sarah Imhoff, 2013 **We Shall Build Anew** Shirley Idelson, 2022-08-30 In 1922 Rabbi Stephen S Wise a leader of the Zionist movement as well as many Progressive causes established a non denominational rabbinical seminary in New York City Having already founded the thriving Free Synagogue movement and the American Jewish Congress he now turned his energy toward opening the Jewish Institute of Religion JIR with the same ambitious aim revolutionizing American liberal Judaism He believed mainstream American Jewish institutions had become outdated refusing to relinquish a nineteenth century mindset In championing the new Jewish nationalism and fighting alongside America's leading proponents of social and economic justice Wise had developed a mass following But he recognized that he alone could not bring about the change he sought he needed a new cadre of young rabbis who shared his outlook and could spread his vision We Shall Build Anew tells the little known story of how Wise changed the trajectory of American Judaism for the next century By opening the Jewish Institute of Religion he began to train that new cadre of young rabbis charged them with invigorating and reshaping Jewish life and launched them into positions of leadership across the country We Shall Build Anew explores Wise's vision for the Jewish Institute of Religion and the central role it would play in shaping twentieth century American liberal Judaism Conflict lies at the heart of this story Wise faced hostility from across the denominational landscape including attempts to quash the school before it ever opened The national Reform leadership weary of Wise's unceasing criticism and worried that a new rabbinical school would create competition for their own seminary Hebrew Union College HUC opposed the endeavor There were weaknesses in the JIR model and in Wise's leadership too Faculty fought bitterly and the discord contributed to a constant rotation of scholars Some eventually moved to more prestigious secular institutions like Harvard and Columbia which established the first two academic chairs in Jewish studies in the nation in the 1920s And the students fought From a wide range of backgrounds they fiercely debated their Zionist political and cultural ideals JIR also admitted

several highly accomplished women designated as special students who could sit in on classes but were barred entry into the rabbinical program Despite years working on behalf of women s suffrage and civil rights Wise would not be party to women s entry into the rabbinate Finally Wise s failure to generate a sustainable funding model created further instability for the school Still the JIR flourished and sent rabbis to congregations throughout the United States JIR s non denominationalism did not last though In the late 1940s JIR s fiscal problems became insurmountable and as Wise approached his death he reluctantly agreed to merge the Institute with Hebrew Union College forfeiting the school s independence and bringing it under the umbrella of the Reform movement And despite Wise s early aim to break down barriers between American Jewry s various factions the Reform Conservative and Reconstructionist movements continued to carve out separate identities In the early 21st century however Wise s vision for liberal Judaism and non denominationalism has gained traction and distinctions between the non Orthodox denominations have begun to collapse Whether or not Wise s ideas about non denominationalism will continue to flourish remains to be seen But it is clear that his blend of Jewish nationalism and American progressivism which made him and his congregation objects of contempt within the world they sought to change took hold Today it is impossible to think of the Reform Conservative and Reconstructionist movements without their core commitments to Zionism Jewish peoplehood now called klal yisrael and social and economic justice commonly referred to as tikkun olam The story of We Shall Build Anew has greater importance now than ever With Orthodox Jewry moving increasingly to the right on the political spectrum and a growing number of secular Jews joining the left in challenging the legitimacy of Zionism and the idea of a Jewish state the Conservative and Reconstructionist movements in the middle are grappling with significant contraction This leaves the Reform movement the most direct heir to Stephen S Wise s legacy as American Jewry s hub of resistance to the radical right and a stronghold of support for progressive forces in Israel In creating JIR Stephen S Wise acted on his convictions and thanks to his prescience as well as his efforts ultimately the American Jewish community came around to his ideas fulfilling Wise s most ambitious goal A reinvention of modern American liberal Judaism
