Lovers Path:

Lovers Bible Dr. DreamingBear Baraka Kanaan, 2017-08-18 *Lovers Bible* is an ode to being a lover as a way of life seeking the beloved in everything and having the audacity to make out with existence every chance you get so as to give the multiverse cosmic goose bumps Part guide to being a lover and part poetic prophecy this volume is potency incarnate Infused with the mana of the Hawaiian Islands these passages reflect the spiritual connection to the aina life force of this new Eden oasis Inspired by and written amongst Hawaiian fairy forests and enchanted tropical dreams *Lovers Bible* merges in the center with half being day and half being night a metaphor for the lover and beloved playing the eternal game of hide and seek kiss tag Sacred and profane eroticism decorate the pages and tenderly offered inamorato philosophy flowers in the fodder of this seductive verse Its not for the faint of heart and sacred sensual scriptures emerge from this incantation of passion and playfulness beckoning the initiate to awaken to the power inherent within declaring For God so loved the world that she formed Creation with a kiss Beyond religions belief systems or concepts of any kind there is the deepest truth of being human which is tenderness with an edge *Lovers Bible* is a manuscript for those who find more holiness in a single sweet embrace than in all the shrines and semantics of the world The lovers path the beauty way is embedded in nature Hidden in every leaf rock river and creature is a kiss from Creation saying Come play Christopher Etter, 2005-05-01

Dyothelomic Christianity is based in the Christian theology of Dyo thelism and advocates the importance of realigning the human will with divine will This is done in the image of the perfection of this universal principle as depicted by traditional Christian theology Jesus Christ is seen as the perfection of this universal principle and He is seen as a model of perfection that one should seek alignment with Along with the theory involved in this concept I am introducing an adapted Jewish mystical doctrine and system as a tool to help understand both the nature of this theology and human self Through Jewish internal meditational science I am introducing a comprehensive new approach to both Christianity and realignment with the divine as well as a four fold completion of Christian Theological doctrine that will help harmonize all the principles involved in this text Dyothelomic Christianity is based on the scientific theory that there exists a universal divine order and will and the through alignment of the human will with divine will the human self is united with the divine Self as a harmony of natures and wills Thus Christ means one person one hypostasis two harmonious non contrary natures and two harmonious non contrary wills

The Phantom Heroine Judith T. Zeitlin,2007-06-30 The phantom heroine in particular the fantasy of her resurrection through sex with a living man is one of the most striking features of traditional Chinese literature Even today the hypersexual female ghost continues to be a source of fascination in East Asian media much like the sexually predatory vampire in

American and European movies TV and novels But while vampires can be of either gender erotic Chinese ghosts are almost exclusively female The significance of this gender asymmetry in Chinese literary history is the subject of Judith Zeitlin s elegantly written and meticulously researched new book Zeitlin s study centers on the seventeenth century one of the most interesting and creative periods of Chinese literature and politically one of the most traumatic witnessing the overthrow of the Ming the Manchu conquest and the subsequent founding of the Qing Drawing on fiction drama poetry medical cases and visual culture the author departs from more traditional literary studies which tend to focus on a single genre or author Ranging widely across disciplines she integrates detailed analyses of great literary works with insights drawn from the history of medicine art history comparative literature anthropology religion and performance studies The Phantom Heroine probes the complex literary and cultural roots of the Chinese ghost tradition Zeitlin is the first to address its most remarkable feature the phenomenon of verse attributed to phantom writers that is authors actually reputed to be spirits of the deceased She also makes the case for the importance of lyric poetry in developing a ghostly aesthetics and image code Most strikingly Zeitlin shows that the representation of female ghosts far from being a marginal preoccupation expresses cultural concerns of central importance
