and poetry The interdisciplinary nature of the study is based on the assertion of an interconnection between the three disciplines and that this interconnection enables a unique and insightful exploration of the question of love TM s possibility. Thus the question is explored from diverse view points and also from different time frames convergences and divergences are noted and discussed and conclusions are drawn from the ensuing findings. The book is essentially a philosophical analysis of an emotion that significantly impacts on human experience. It attests to the gradually increasing acknowledgement of the power of emotional experience in the search for knowledge wisdom and truth. Thus it is a uniquely honest exploration of human nature in contemporary times. Faith under Fire: Vanities, Fantasies, Mutiny and Psychedelic Entrapments. Riaan Engelbrech, 2023-01-20. Written in these pages is not doctrine or dogma. It is neither intended as an in depth history nor a philosophical lesson. This is but a burning cry for the true Bride to awaken from her slumber to reflect on times gone past and to consider her foundations. We need to wake up for today s new brand of Christianity is a different gospel and is targeting thousands of the younger generation with a so called hip cool experiential spirituality much of which is embracing a form of mysticism and ecumenical philosophy of uniting people from all faiths to work together and bring about a new world of peace and harmony
