*The Body* ??, 1987-01-01 This book explores mind body philosophy from an Asian perspective It sheds new light on a problem central in modern Western thought Yuasa shows that Eastern philosophy has generally formulated its view of mind body unity as an achievement a state to be acquired rather than as essential or innate Depending on the individual's own developmental state the mind body connection can vary from near dissociation to almost perfect integration Whereas Western mind body theories have typically asked what the mind body is Yuasa asks how the mind body relation varies on a spectrum from the psychotic to the yogi from the debilitated to the athletic from the awkward novice to the master musician Yuasa first examines various Asian texts dealing with Buddhist meditation kundalini yoga acupuncture ethics and epistemology developing a concept of the dark consciousness not identical with the psychoanalytic unconscious as a vehicle for explaining their basic view He shows that the mind body image found in those texts has a striking correlation to themes in contemporary French phenomenology Jungian psychoanalysis psychomatic medicine and neurophysiology The book clears the ground for a provocative meeting between East and West establishing a philosophical region on which science and religion can be mutually illuminating

**Love & Wisdom** Jennifer Abrahams, 2014-10-28 Everybody wants to be happy everybody wants to be loved and everybody wants to be treated right within their relationship with a potential spouse Everybody wants to get with someone who will treat them with respect and honor Everybody wants to get with a person of great quality But nobody really seems to be focusing on becoming an individual of great quality within their own mind set Love is so much more than a feeling or sensation Love is a way of thinking a way of behavior and a way of character Too often we want certain things from people without attempting to become what it is that we want from them ourselves It s one thing to find somebody who will love you right and it s another thing for you to be someone who will love them right too You might be looking to enter into a relationship but it might just be that you re not conditioned to be in one right now Love Wisdom is more than just a book It s a reality check and a reality guide which will support you in reestablishing your reality so that you can eventually establish a loving relationship with another loving person

The unconditional love that we all long for can be experienced in the practice of loving kindness In this popular form of meditation the love inherent to our own nature is gradually expanded until it embraces infinite beings Tulku Thondup introduces a new four stage format for this practice rooted in the traditional teachings of Tibetan Buddhism We first meditate on the Buddha of Loving Kindness as a body of unconditional love and receive his blessings This spontaneously awakens his unconditional love in our heart We then find the whole world reflecting back to us as a world of love and peace Finally we remain in oneness in the realization of ultimate love Just Love Sri Swami Vishwananda,2012-05-08 JUST LOVE contains everything the entire universe It describes a Love that has been addressed before after all there is essentially nothing new to add to the wisdom of the Holy Scriptures of both East and West yet the way this Love is addressed is new and speaks to us at the beginning of the 21st century in a way that touches us deeply JUST LOVE is expressed by someone who not only knows about the all pervading all sustaining Divine force that forms the creation of the Universe but who is completely one with it JUST LOVE is the first major book written with words directly from Sri Swami Vishwananda It contains a collection of 52 talks expressed by a fully realized soul to enable each and everyone to attain the Divine Light in a simple way Sri Swami Vishwanada s message is simple Just Love Yes just love Love is all there is Love is all you have to do the rest will take care of
