Love of It Wayne C. Booth, 1999-05-15 Why pursue any skill or hobby For the fun of it for the love of it and for the quality of the life lived while doing it according to amateur cellist Wayne Booth A Journey of Unconditional Love Michele Bell, 2018-03-23 Nicky Bell diagnosed with Ewing s Sarcoma at age thirteen died five years later with his mother and best friend at his side A Journey of Unconditional Love tells Nicky and Michele s story describing the battle with cancer in great detail However this book is about more than cancer and its treatment and the fight to survive It s about more than a mother and her son who had to face his mortality at such a young age and the despair and anguish that comes in losing that fight It s

about more than death This book is about life It s about how this mother and son approached the everyday moments of life despite the greater story that was playing out around them and was outside of their control It s about what each had learned from the other and the influential roles played in their life experiences It is about how it still affects the life of the one left behind It s about the depth of human spirit and the soul s ultimate survival along with what the survivor is supposed to do with that energy The connection between this mother and her son has lived on long after his passing and it continues to be a force in this mother s life every day The inspiration in this story comes from the millions of small everyday moments the choices made the words spoken and the unconditional love that makes such a seemingly senseless experience somehow bearable This book gives a voice to parents and loved ones caregivers and patients those who relate to this loss and those who know they feel every heartbeat in this story but who also struggle to come to grips with their own experience

intervention in our lives we as his children will be carried through life's traumatic experiences. It is my belief that I and all of humankind were created for a great purpose. The writing of this book or its purpose is not to gather sympathy but the opposite to explain that an individual does not have to allow their childhood or economic environment to set the standard for the rest of their lives. In my childhood I attempted to subconsciously close myself off mentally or emotionally from what was occurring. This denial allowed me a way of surviving through early life. I called out to God the great Creator for help and guidance many times. Without the help and the great love of God these traumas would probably have killed me from the shock. From an early age and throughout my adult life I've had to find ways to deal with my traumatic past. With God and a drifter named Mr Gabe who showed up at all the right times like a guardian angel who seemed to know a lot about the same God my grandmother talked about I did survive throughout these traumas and have lived a relatively good life and achieved challenges that could only have been possible with God's love.
