Public Health Service,Ursula M Gallagher,1958 *An American Dilemma* Gunnar Myrdal,2017-07-12 In this landmark effort to understand African American people in the New World Gunnar Myrdal provides deep insight into the contradictions of American democracy as well as a study of a people within a people The title of the book *An American Dilemma* refers to the moral contradiction of a nation torn between allegiance to its highest ideals and awareness of the base realities of racial discrimination The touchstone of this classic is the jarring discrepancy between the American creed of respect for the inalienable rights to freedom justice and opportunity for all and the pervasive violations of the dignity of blacks The appendices are a gold mine of information theory and methodology Indeed two of the appendices were issued as a separate work given their importance for systematic theory in social research The new introduction by Sissela Bok offers a remarkably intimate yet rigorously objective appraisal of Myrdal a social scientist who wanted to see himself as an analytic intellectual yet had an unbending desire to bring about change *An American Dilemma* is testimonial to the man as well as the ideas he espoused When it first appeared *An American Dilemma* was called the most penetrating and important book on contemporary American civilization by Robert S Lynd One of the best political commentaries on American life that has ever been written in *The American Political Science Review* and a book with a novelty and a courage seldom found in American discussions either of our total society or of the part which the Negro plays in it in *The American Sociological Review* It is a foundation work for all those concerned with the history and

Behind Ghetto Walls Michael Novak, 2017-09-08 This book is about the family lives of some 10 000 children and adults who live in an all Negro public housing project in St Louis The Pruitt Igoe project is only one of the many environments in which urban Negro Americans lived in the 1960s but the character of the family life there shares much with the family life of lower class Negroes as it has been described by other investigators in other cities and at other times in Harlem Chicago New Orleans or Washington D C This book is primarily concerned with private life as it is lived from day to day in a federally built and supported slum The questions which are treated here have to do with the kinds of interpersonal relationships that develop in nuclear families the socialization processes that operate in families as children grow up in a slum environment the informal relationships of children and adolescents and adults with each other and finally the world views the existential framework arising from the life experiences of the Pruitt Igoeans and the ways they make use of this framework to order their experiences and make sense out of them The lives of these persons are examined in terms of life cycles Each child there is born into a constricted world the world of lower class Negro existence and as he grows he is shaped and directed by that existence through the day to day experiences

and relationships available to him The crucial transition from child of a family to progenitor of a new family begins in adolescence and for this reason the book pays particular attention to how each new generation of parents expresses the cultural and social structural forces that formed it and continue to constrain its behavior This book in short is about intimate personal life in a particular ghetto setting It does not analyze the larger institutional social structural and ideological forces that provide the social economic and political context in which lower class Negro life is lived These larger macro sociological forces are treated in another volume based on research in the Pruitt Igoe community However this book does draw on the large body of literature on the structural position of Negroes in American society as background for its analysis of Pruitt Igoe private life

Devotion to a Community Lefranc Guerin,2012-02-27 The three devoted families had the same ambitions and followed the same path They have many things in common but the best one is the devotion they have to God The devotees abandoned a several activities to observe the Gods commandments The family of Saladin Guerin Anderson Monfleury and Morris Charles had a great attachment to each other as well a great devotion to their community In the Town of Spring Hill Valley where they lived they gathered in their community to help the needy people when it was required The three families were a prosperous group that always tried to understand the problem of each other They lay gathering their thoughts together and gathered themselves for a tremendous leap With their devotion to the community it implied to bring widely scattered things or people to one place but with no particular arrangement To gather three families in a lonely group they must have the same ambitions as well as the same devotion Saladin Anderson and Morris were the three families who had the same vision by sharing the similar location religions and other attribute The devotees lived near each other and had a one common interest Specifically Saladin Guerin was the one who devoted his life in the religious observance or prayer 100% With the real love he had for God he became the church clerk His performance had promoted him to be assistance manager
