Controversies in Competitive Intelligence Craig S. Fleisher,David L. Blenkhorn,2003-02-28 Chosen for their clear direct relevance to scholars and practitioners in the volatile field of competitive intelligence the 24 issues evaluated here represent the cutting edge of CI s most pressing concerns Current scholarly pragmatic and among the first of its kind this book presents the heart of the field in a way that even the relatively uninitiated can grasp and quickly apply The authors cover the latest technological advances and their relation to the tools most valued by CI professionals They also show that despite its enormous range of possibilities CI has limits Navigating the ever changing organizational and marketplace environments is difficult A key debate involves what should and shouldn t be done to maximize the beneficial power of CI Fleisher Blenkhorn and the book s contributors present the crucial points of this debate This book is perfect for practitioners seeking guidance but also as a supplemental

text for students in such courses as marketing strategy and planning business to business marketing and competitive intelligence itself

Profitable Hotel Guest Management: The Factors Involved in and the Importance of Following a Guest Relationship Approach in the Irish Luxury Hotel Sector Malte Kempen, 2012-07-02 Inhaltsangabe Introduction Most literature on marketing contains an exhaustive discussion on the topic of relationship marketing and this concept is now well understood by every marketer However valuing customer relationships is usually viewed more vaguely as being a general desirable and virtuous factor Like many fields in marketing there has been a failure to justify adopting such an approach based also on its inherent financial control measures In this increasingly globalised marketplace the hospitality sector it can strike as odd that scholars and researchers have overlooked the differences in CRM handling that exist among different cultures The aim of this dissertation is to make a contribution to closing the gap between marketing and management perspectives in terms of customer profitability especially in the luxury hotel sector with regard to their international customer guest base The gap is to identify by the management and accounting which customers are profitable and to translate these insights into marketing activities Companies can control their customer relationships and make sophisticated decisions about which customer relationships should be finished and which are worth retaining a practice known as Customer Equity The objectives of this work include Identify how investment in customer retention create a Return on Investment Allocating marketing spending ratios for long term profitability Identify the methods that managers can use to create customer loyalty Explain the links between customer loyalty customer equity and relationship marketing Estimate the role of quality factors within service delivery and after sales service as above and how they affect customer retention Identify the effect of after sales service as above quality on customers expectations and its impact on customer satisfaction CRM outline is seen by some as an extended database containing useful information about customers that could be used to help extend sales while others see it as a tool specifically designed for use on a one to one basis with each of their customers Peppers and Rogers 1999 To implement CRM successfully the TQM HRM and IT management need to ensure organisational alignment Reinartz et al 2004 Building on this statement Buttle 2004 spells out that CRM needs to be established in three layers companywide factional and customer facing Inhaltsverzeichnis Table of Contents i

able Marketing the E-business Lisa Harris, Charles Dennis, 2002 Since the much hyped dot com crash treading the e business path can be daunting In these increasingly uncertain and cynical times this useful text unpicks the challenges of e Marketing for many types of business It uses topical case studies and accompanying web material to provide an up to date study of effective marketing strategies Topics include Multi channel marketing strategies Change Management Lessons learned from the dot com crash Branding e Retail and relationship building Digital divides privacy and data security Providing a new approach to the subject matter this book analyses the benefits of e Marketing as a tool for improving efficiency and effectiveness rather than business revolution Considering the practicalities of marketing in an e Business context it is the first book of its kind to

voice such a rigorous argument for the importance of e Marketing and a crucial text for anyone studying or practicing e Business

Information Systems: People, Organizations, Institutions, and Technologies Alessandro D'Atri, Domenico Saccà, 2009-10-03 The ItAIS <http://www.itaais.org> is the Italian chapter of the Association for Information Systems AIS <http://www.aisnet.org> which brings together both individual and institutional members The Italian chapter has been established in 2003 and since then it has promoted the exchange of ideas experiences and knowledge among academics and professionals in Italy devoted to the development management organization and use of Information Systems The contents of this book are based on a selection of the best papers presented at the Annual Conference of the ItAIS that has been held in Paris in December 2008 The book adopts an interdisciplinary approach recognizing the need to harness a number of different disciplines in both the theory and the practice of information systems The work here presented is comprehensive and up to date in this subject The contributions to this volume aim to disseminate academic knowledge and might be particularly relevant to practitioners in the field
