Luciano Berio Two Interviews:

Luciano Berio Luciano Berio, Rossana Dalmonte, Bálint András Varga, 1989-07-01 Twee interviews met de Italiaanse componist geb 1925 die een beeld geven van zijn leven en werk **Two Interviews** Luciano Berio, 1985 *Luciano Berio* Luciano Berio, Rossana Dalmonte, Bálint András Varga, 1985 Two Interviews Luciano Berio, Rossana Dalmonte, Bálint András Varga, 1985 Dalmonte's questions cover many aspects of contemporary musical life Berio talks freely about his early childhood through his contact with the Darmstadt serialists and his experiences while teaching and performing in America There is also a detailed examination of his major instrumental works of the 1960s *Te Sequenzas* *Chemins* and *Sinfonia* and a review of his involvement with electronic music in the 1970s Varga asks him about his various vocal and theatrical works Berio discusses the purpose of music **Intimate Voices: Shostakovich to the avant-garde. Dmitri Shostakovich : the string quartets** Evan Allan Jones, 2009 This volume discusses composers such as Shostakovich Britten Cage and Babbitt in the context of the string quartet It offers the observations and intuitions of 20 leading authorities on quartets **Berio's Sequenzas** Janet K. Halfyard, 2017-07-05 Between 1958 and 2002 Luciano Berio wrote fourteen pieces entitled *Sequenza* along with several versions of the same work for different instruments revisions of the original pieces and also the parallel *Chemins* series where one of the *Sequenzas* is used as the basis for a new composition on a larger scale The *Sequenza* series is one of the most remarkable achievements of the late twentieth century a collection of virtuoso pieces that explores the capabilities of a solo instrument and its player making extreme technical demands of the performer whilst developing the musical vocabulary of the instrument in compositions so assured and so distinctive that each piece both initiates and potentially exhausts the repertoire of a new genre The *Sequenzas* have significantly influenced the development of composition for solo instruments and voice and there is no comparable series of works in the output of any other composer Series of pieces tend to be linked by the instruments for which the composer writes but this is a series in which the pieces are linked instead by the variety of instruments for which Berio composed The varied approaches taken by the contributors in discussing the pieces demonstrate the richness of this repertoire and the many levels on which Berio and these landmark compositions can be considered Contributions are arranged under three main headings Performance Issues Berio's Compositional Process and Aesthetics and Analytical Approaches *The Musical Work* Michael Talbot, 2000-01-01 Elizabeth A. Kaye specializes in communications as part of her coaching and consulting practice She has edited *Requirements for Certification* since the 2000 01 edition **Music in American Religious Experience** Philip V. Bohlman, Edith Blumhofer, Maria Chow, 2005-12-08 Since the appearance of *The Bay Psalm Book* in 1640 music has served as a defining factor for American religious experience and has been of fundamental importance in the development of American identity and psyche The essays in this long awaited volume explore the diverse ways in which music shapes the distinctive presence of religion in the United States and address the fullness of music's presence in American religious history Timely challenging
