May, 2009-08-12 Organized crime and the mob figures who run it have long captured the imagination of the American public appearing since the early twentieth century as characters in a host of popular books movies and television programs But often what the public knew of such figures and their criminal careers was as much myth as fact This book offers highly readable carefully researched biographies that dispel the the myths but preserve the fascination surrounding 10 infamous New York mob leaders of the twentieth century Each in depth biography will help interested readers understand how and why each of these men achieved special notoriety within the world of organized crime Each biography describes the early years of each man assessing how he came to a criminal career his rise to prominence within the mob providing reaction from those who knew him and witnessed his actions and the last years of his career assessing why it ended as it did Each biography is illustrated with a picture of its subject and concludes with a listing of additional information resources both print and electronic A detailed subject index provides further access to the large amount of information contained in each biography A timeline allows readers to quickly and easily track the birth death and important events in the life of each mobster Whiteout Alexander Cockburn, Jeffrey St. Clair, 2014-12-16 On March 16 1998 the CIA s Inspector General Fred Hitz finally let the cat out of the bag in an aside at a

Congressional Hearing Hitz told the US Reps that the CIA had maintained relationships with companies and individuals the Agency knew to be involved in the drug business Even more astonishingly Hitz revealed that back in 1982 the CIA had requested and received from Reagan s Justice Department clearance not to report any knowledge it might have of drug dealing by CIA assets With these two admisstions Hitz definitively sank decades of CIA denials many of them under oath to Congress Hitz s admissions also made fools of some of the most prominent names in US journalism and vindicated investigators and critics of the Agency ranging from Al McCoy to Senator John Kerry The involvement of the CIA with drug traffickers is a story that has slouched into the limelight every decade or so since the creation of the Agency Most recently in 1996 the San Jose Mercury News published a sensational series on the topic Dark Alliance and then helped destroy its own reporter Gary Webb In Whiteout Alexander Cockburn and Jeffrey St Clair finally put the whole story together from the earliest days when the CIA s institutional ancestors the OSS and the Office of Naval Intelligence cut a deal with America s premier gangster and drug trafficker Lucky Luciano They show that many of even the most seemingly outlandish charges leveled against the Agency have basis in truth After the San Jose Mercury News series for example outraged black communities charged that the CIA had undertaken a program stretching across many years of experiments on minorities Cockburn and St Clair show how the CIA imported Nazi scientists straight from their labs at Dachau and Buchenwald and set them to work developing chemical and biological weapons tested on black Americans some of them in mental hospitals Cockburn and St Clair show how the CIA s complicity with drug dealing criminal gangs was part and parcel of its attacks on labor organizers whether on the docks of New York or of Marseilles and Shanghai They trace how the Cold War and counterinsurgency led to an alliance between the Agency and the vilest of war criminals such s Klaus Barbie or fanatic heroin traders like the mujahed in in Afghanistan Whiteout is a thrilling history that stretches from Sicily in 1944 to the killing fields of South East Asia to CIA safe houses in Greenwich Village and San Francisco where CIA men watched Agency paid prostitutes feed LSD to unsuspecting clients We meet Oliver North as he plotted with Manuel Noriega and Central American gangsters We travel to little known airports in Costa Rica and Arkansas We hear from drug pilots and accountants from the Medillin Cocaine Cartel We learn of DEA agents whose careers were ruined because they tried to tell the truth The CIA drugs and the press Cockburn and St Clair dissect the shameful way many American journalists have not only turned a blind eye on the Agency s misdeeds but helped plunge the knife into those who told the real story Here at last is the full saga Fact packed and fast paced Whiteout is a richly detailed excavation of the CIA s dirtiest secrets For all who want to know the truth about the Agency this is the book to start with **William Styron** Richard Pearce, William Styron American Writers 98 was first published in 1971 Minnesota Archive Editions uses digital technology to make long unavailable books once again accessible and are published unaltered from the original University of Minnesota Press editions *Double Crossed* Michael Woodiwiss,2017-06-20 In the United States the popular symbols of organised crime are still Depression era figures such as Al

Part I recalls epistemological turns in legal thinking as it moves from theory to practice in order to show how facts are constructed within the legal process. By combining interdisciplinary paradigms and methods the work analyses the evolution of facts from their expression by the client to their translation within the lawyer-client relationship and the subsequent decision of the judge focusing on the dynamic activity of narrative construction among the key actors: client, lawyer and judge. Part II expands the scientific framework toward a law and culture oriented perspective illustrating how legal stories come about in the fabric of the authentic dimensions of everyday life. The book stresses the capacity of laypeople who in this activity are equated with clients to shape the law dealing not just with formal rules but also with implicit or customary rules in given contexts. By including the illustration of cases concerning vulnerable clients it lays the foundations for developing a socio-clinical research programme whose aims include enabling lay and expert actors to meet for the purposes of improving forms of collective narrations and generating more just legal systems.

The Cuban Connection Eduardo Sáenz Rovner, 2009-06-01 A comprehensive history of crime and corruption in Cuba. The Cuban Connection challenges the common view that widespread poverty and geographic proximity to the United States were the prime reasons for soaring rates of drug trafficking, smuggling, gambling and prostitution in the tumultuous decades preceding the Cuban revolution. Eduardo Saenz Rovner argues that Cuba's historically well-established integration into international migration commerce and transportation networks combined with political instability and rampant official corruption to help lay the foundation for the development of organized crime structures powerful enough to affect Cuba's domestic and foreign politics and its very identity as a nation. Saenz traces the routes taken around the world by traffickers and smugglers. After Cuba, the most important player in this story is the United States. The involvement of gangsters and corrupt U.S. officials and businessmen enabled prohibited substances to reach a strong market in the United States from rum running during Prohibition to increased demand for narcotics during the Cold War. Originally published in Colombia in 2005, this first English language edition has been revised and updated by the author.

A Brief History of Gangsters Brian J. Robb, 2014-11-20 The romanticised American gangster of the Prohibition era has proved an enduringly popular figure. Even today names like Al Capone and Lucky Luciano still resonate. Robb explores the histories of key figures from gangs in the Old West through Prohibition and the Great Depression to the likes of John Gotti and Frank Lucas in the 1970s and 1980s. He also looks at the gangster in popular culture in hit TV series such as *Boardwalk Empire*. Although the focus is strongly on the archetypal American gangster, Robb also examines gangsters around the world including the infamous Kray twins in London, French crime kingpin Jacques Mesrine, the Mafia Dons of Sicily and the rise of notorious Serbian and Albanian gangs. Infamous Australian outlaw Ned Kelly makes an appearance as does Colombian drug lord Pablo Escobar while other sections provide details of the Chinese Triads and the Yakuza in Japan. Robb also explores the gangster in popular culture especially in film and television. Recent hit TV series such as *The Sopranos* and *Boardwalk Empire* and blockbuster movies like *Public Enemies* and *Gangster Squad* show that the
