**Chapter the 13th** Antonios Cullum Simoglou, 2021-08-17 An old time war erupts again in the heart of Texas after a popular television personality is abducted by men of the underworld. The state authority believes that it is just an ordinary act of violence but investigations are underway. Drago, who is on a long term mission to annihilate vampires from the face of the earth, does not relent on his reckless display of terror but he is resisted by Lucas, who had dangerous encounters with the villain in the past. During one of those encounters, Drago escaped by a whisker but lost his strongest man and friend in the process. That was many decades ago but unforgiving and undeterred, Drago is back with a strong army to effect revenge by launching an attack on an unprepared Lucas through a human shield of high value. Bombs and ammunition proliferation enjoy underground freedom. The fair and peaceful vampires cannot involve the police because of the stereotype of vampires as demons by the human society. It is a free for all undercover war for both parties with few civilian casualties. Magic, psychokinesis, time travel, and teleporting are openly displayed by the warring factions in this intriguing story. The struggle for supremacy continues with both sides losing important men but at the end, the more focused player becomes

victorious and achieves his ambition of revealing a sacred truth to the whole world      *The Children's Buyer's Guide* ,2006

Uncounted Gilda R. Daniels,2021-10-05 An answer to the assault on voting rights crucial reading in light of the 2024 presidential election The Voting Rights Act of 1965 is considered one of the most effective pieces of legislation the United States has ever passed It enfranchised hundreds of thousands of voters particularly in the American South and drew attention to the problem of voter suppression Yet in recent years there has been a continuous assault on access to the ballot box in the form of stricter voter ID requirements meritless claims of rigged elections and baseless accusations of voter fraud In the past these efforts were

aimed at eliminating African American voters from the rolls and today new laws seek to eliminate voters of color the poor and the elderly groups that historically vote for the Democratic Party Uncounted examines the phenomenon of disenfranchisement through the lens of history race law and the democratic process Gilda R Daniels who served as Deputy Chief in the United States Department of Justice Civil Rights Division and has more than two decades of voting rights experience argues that voter suppression works in cycles constantly adapting and finding new ways to hinder access for an exponentially growing minority population She warns that a premeditated strategy of restrictive laws and deceptive practices has taken root and is eroding the very basis of American democracy the right to vote *Original Mustang : 1964 1/2-1966*
