Women's Literature Kristin J. Jacobson, Kristin Allukian, Rickie-Ann Legleitner, Leslie Allison, 2018-05-04 This book highlights the multiplicity of American women's writing related to liminality and hybridity from its beginnings to the contemporary moment. Often informed by notions of crossing intersectionality, transition, and transformation, these concepts as they appear in American women's writing contest as well as perpetuate exclusionary practices involving class, ethnicity, gender, race, religion, and sex among other variables. The collection's introduction, three unit introductions, fourteen individual essays, and afterward facilitate a process of encounters, engagements, and conversations within, between, and across the rich polyphony that constitutes the creative acts of American women writers. The contributors offer fresh perspectives on canonical writers as well as introduce readers to new authors. As a whole, the collection demonstrates American women's writing is threshold writing or writing that occupies a liminal hybrid space that both delimits borders and offers enticing openings.

Put Your Hands on Your Hips and Act Like a Woman Gale P. Jackson, 2020-04-01 In a gathering of griot traditions fusing storytelling, cultural history, and social and literary criticism, *Put Your Hands on Your Hips and Act Like a Woman* remembers and represents how women of the African diaspora have drawn on ancient traditions to record memory, history, and experience in performance. These women's songs and dances provide us with a wealth of polyphonic text that records their reflections on identity, imagination, and agency, providing a collective performed autobiography that complements the small body of pre-twentieth century African and African American women's writing. Gale P. Jackson engages with a range of vibrant traditions to provide windows into multiple discourses as well as new and old paradigms for locating the history, philosophy, pedagogy, and theory embedded in a lineage of African diaspora performance and to articulate and address the postcolonial fragmentation of humanist thinking. In lyrically interdisciplinary movement across herstories, geographies, and genres, cultural continuities, improvisation, and transformative action, *Put Your Hands on Your Hips and Act Like a Woman* offers a fresh perspective on familiar material and an expansion of our sources, reading, and vision of African diaspora, African American, and American literatures.

A History of Boston Daniel Dain, 2024-09-19 Dain's *A History of Boston* helps the reader understand how land use and environment contribute to shaping a community. Dain's *Boston* is the go-to book. R. J. Lyman: Boston is today one of the world's greatest cities: first in higher education, hospitals, life science companies, and sports teams. It was the home of the Great Puritan Migration, the American Revolution, the Industrial Revolution, the first civil rights movement, the abolition movement, and the women's rights movement. But the city that gave us the first use of ether as anesthesia, the telephone, technicolor film, and the mutual fund, the city where Martin Luther King Jr. and Coretta Scott founded their world-changing partnership, was also the hub of the anti-immigration movement, the divisive busing era, and decades of self-inflicted decay. Boston has the most important history of any American city. Yet its history has never been given a comprehensive treatment until now. Join Dan Dain as he acts as your tour guide from the arrival of First Peoples up to the election of Boston's first

woman and person of color as mayor Dain's masterful work explores the policies and practices that took Boston from its highest heights to its lowest lows and back again and examines the central role that density diversity and good urban design play in the success of cities like Boston
