cinema is now regarded as one of the great cinemas of the world Historically however its fortunes have varied Following a brief moment of glory in the early silent era Italian cinema appeared to descend almost into irrelevance in the early1920s A strong revival of the industry which gathered pace during the 1930s was abruptly truncated by the advent of World War II The end of the war however initiated a renewal as films such as Roma citt aperta Rome Open City Sciusci Shoeshine 1946 and Ladri di biciclette Bicycle Thieves 1948 flagbearers of what soon came to be known as Neorealism attracted unprecedented international acclaim and a reputation that only continued to grow in the following years as Italian films were feted worldwide Ironically they were celebrated nowhere more than in the United States where Italian films consistently garnered the lion s share of the Oscars with Lina Wertm ller becoming the first woman to ever be nominated for the Best Director award This second edition of Historical Dictionary of Italian Cinema contains a chronology an introduction and an

Paietta,2015-01-24 The portrayal of clergy saints missionaries monks and other spiritual leaders dates back to the very beginnings of motion pictures and television Over the years filmmakers have portrayed religious figures as heroes and villains sinners and saints and nearly everything in between Through their works filmmakers have influenced how society viewed these religious figures and by extension religion itself This work details over 900 films and television series made from the 1890s through 2003 in which a religious figure plays a prominent or recurring role or in which a character poses as a religious figure For each motion picture full filmographic data are provided including title studio running time year of release director producer writer and cast along with a synopsis focusing on the role of the religious figure Television series are covered in a separate section For each show the entry includes the title under which the show was commonly known the original broadcast network the years the show ran running time and cast and a brief discussion of the religious character s role in the overall series Extensively indexed **Italian Post-Neorealist Cinema** Luca Barattoni,2013-12-16 This book brings to the surface the lines of experimentation and artistic renewal appearing after the exhaustion of Neorealism mapping complex areas of interest such as the emergence of ethical concerns the relationship between ideology and representati **The Film Photonovel** Jan Baetens,2019-04-15 Discarded by archivists and disregarded by scholars despite its cultural impact on post World War II Europe the film photonovel

represents a unique crossroads This hybrid medium presented popular films in a magazine format that joined film stills or set pictures with captions and dialogue balloons to re create a cinematic story producing a tremendously popular blend of cinema and text that supported more than two dozen weekly or monthly publications Illuminating a long overlooked lowbrow medium with a significant social impact The Film Photonovel studies the history of the format as a hybrid of film novelizations drawn novels and nonfilm photonovels While the field of adaptation studies has tended to focus on literary adaptations this book explores how the juxtaposition of words and pictures functioned in this format and how page layout and photo cropping could affect reading Finally the book follows the film photonovel s brief history in Latin America and the United States Adding an important dimension to the interactions between filmmakers and their audiences this work fills a gap in the study of transnational movie culture
