The Typology of Parts of Speech Systems David Beck, 2013-01-11 This book presents rigorous and criterial definitions of the major parts of speech noun verb and adjective that account both for their syntactic behaviour and for their observed typological variation Based on an examination of languages from five different groups Salishan Cora Quechua Totonac and Hausa this book argues that parts of speech must be defined by combining the criteria of syntactic markedness which characterizes lexical classes in terms of unmarked syntactic roles and semantic prototypicality which delimits their prototypical meanings Adjectives are shown to be the marked and hence most variable class because of their inherent non iconicity at the semantics syntax interface The four member typology of parts of speech systems languages with three open classes those that group adjectives with verbs those that group adjectives with nouns and those that conflate all three current in the literature is easily generated by free recombination of these two criterial features Closer examination of the data however casts doubt on the existence of one of the four possible language types the noun

adjective conflating inventory which is accounted here for by replacing free recombination of semantic and syntactic features with an algorithm for the subdivision of the lexicon that gives primacy to semantics over syntax *Lakota Texts* Regina Pustet, 2021-04 *Lakota Texts* is a treasure trove of stories told in the original language by modern Lakota women who make their home in Denver Colorado Sometimes witty often moving and invariably engaging and fascinating these stories are both autobiographical and cultural The stories present personal experiences along with lessons the women have learned or were taught about Lakota history culture and legends The women share aspects of their own lives including such rituals as powwows the sweatlodge and rites of puberty The women also include details of the older Lakota world and its customs revered myths more recent stories and jokes In addition to the valuable light *Lakota Texts* sheds on the lives of modern Lakota women these stories also represent a significant contribution to American Indian linguistics Regina Pustet has meticulously transcribed and translated the stories in a detailed interlinear format that makes the texts a rich source of information about modern Lakota language itself *Brushed by Cedar, Living by the River* Crisca Bierwert, 2019-11-01 A brilliant experimental ethnography *Brushed by Cedar* is destined to change the way anthropologists write about the people they befriend Crisca Bierwert has created a fresh poststructural ethnography that offers new insights into Coast Salish cultures Arguing against the existence of a master narrative she presents her understanding of these Native American peoples of Washington state and British Columbia Canada through poetic bricolage offering the reader a pastiche of rich cultural images Bierwert employs postmodern literary and social analyses to examine many aspects of Salish culture legends and their storytellers domestic violence longhouse ceremonies the importance and power of place and disputes over fishing rights Her reflections overlap as a dialogue would weaving throughout the book significant threads of Salish knowledge and creating a nonauthoritative text that nonetheless speaks knowingly This book represents the future of contemporary anthropology Unlike traditional ethnography it makes no attempt to portray a complete picture of the Coast Salish Instead Bierwert utilizes a critical and diffuse approach that defies colonial syncretic and hegemonic structures and applies advanced literary theory to the creation of ethnography *Brushed by Cedar* is an important guideline for anyone who writes about other cultures and will be especially useful to classes in the methodology and history of ethnography as well as to scholars specializing in Native American studies or oral literatures ***Be of Good Mind*** Bruce Granville Miller, 2011-11-01 In this book anthropologists archaeologists historians linguists and Aboriginal leaders describe the Coast Salish Aboriginal peoples living in western British Columbia and Washington State They focus on how Coast Salish lives and identities have been influenced by the two colonizing nations and on by shifting Aboriginal circumstances The volume builds on new scholarship to move beyond existing academic views of the Coast Salish which largely derive from ecological anthropology in creating a new view of the Coast Salish world Contributors point to the continual reshaping of Coast Salish identities and our understandings of them through litigation and language revitalization as well as community efforts to reclaim their

connections with the environment Equally important is the development of much more detailed local and regional history and archaeology They point to significant continuity of networks of kinfolk spiritual practices and understandings of landscape This is the first book length effort to directly incorporate Aboriginal perspectives and a broad interdisciplinary approach to research about the Coast Salish

The Red Road and Other Narratives of the Dakota Sioux Samuel Mniyo, Robert Goodvoice, 2020-02-01 This book presents two of the most important traditions of the Dakota people the Red Road and the Holy Dance as told by Samuel Mniyo and Robert Goodvoice two Dakota men from the Wahpeton Dakota Nation near Prince Albert Saskatchewan Canada Their accounts of these central spiritual traditions and other aspects of Dakota life and history go back seven generations and help to illuminate the worldview of the Dakota people for the younger generation of Dakotas also called the Santee Sioux The Good Red Road an important symbolic concept in the Holy Dance means the good way of living or the path of goodness The Holy Dance also called the Medicine Dance is a Dakota ceremony of earlier generations Although it is no longer practiced it too was a central part of the tradition and likely the most important ceremonial organization of the Dakotas While some people believe that the Holy Dance is sacred and that the information regarding its subjects should be allowed to die with the last believers Mniyo believed that these spiritual ceremonies played a key role in maintaining connections with the spirit world and were important aspects of shaping the identity of the Dakota people In The Red Road and Other Narratives of the Dakota Sioux Daniel Beveridge brings together Mniyo and Goodvoice s narratives and biographies as well as songs of the Holy Dance and the pictographic notebooks of James Black Jim Sapa to make this volume indispensable for scholars and members of the Dakota community

Perspectives from North America and the Pacific Islands Nebraska 2004 Sergei Kan is a professor of anthropology and Native American studies at Dartmouth College and author of *Memory Eternal Tlingit Culture and Russian Orthodox Christianity through Two Centuries* Written As I Remember It Elsie Paul, Paige Raibmon, Harmony Johnson, 2014-04-15 Long before vacationers discovered BC's Sunshine Coast the Sliammon a Coast Salish people called the region home In this remarkable book Sliammon Elder Elsie Paul collaborates with a scholar Paige Raibmon and her granddaughter Harmony Johnson to tell her life story and the history of her people in her own words and storytelling style Raised by her grandparents who took her on their seasonal travels Paul spent most of her childhood learning Sliammon ways teachings and stories and is one of the last surviving mother tongue speakers of the Sliammon language She shares this traditional knowledge with future generations in *Written as I Remember It* *Framing Chief Leschi* Lisa Blee, 2014-03-17 In 1855 in the South Puget Sound war broke out between Washington settlers and Nisqually Indians A party of militiamen traveling through Nisqually country was ambushed and two men were shot from behind and fatally wounded After the war Chief Leschi a Nisqually leader was found guilty of murder by a jury of settlers and hanged in the territory's first judicial execution But some 150 years later in 2004 the Historical Court of Justice a symbolic tribunal that convened in a Tacoma museum reexamined Leschi's murder conviction and posthumously exonerated him In *Framing Chief Leschi* Lisa Blee uses this fascinating case to uncover the powerful lasting implications of the United States colonial past Though the Historical Court's verdict was celebrated by Nisqually people and many non Indian citizens of Washington Blee argues that the proceedings masked fundamental limits on justice for Indigenous people seeking self determination Underscoring critical questions about history and memory *Framing Chief Leschi* challenges readers to consider whether liberal legal structures can accommodate competing narratives and account for the legacies of colonialism to promote social justice today Coming Full Circle Suzanne Crawford O'Brien, 2020-02-17 *Coming Full Circle* is an interdisciplinary exploration of the relationships between spirituality and health in several contemporary Coast Salish and Chinook communities in western Washington from 1805 to 2005 Suzanne Crawford O'Brien examines how these communities define what it means to be healthy and how recent tribal community based health programs have applied this understanding to their missions and activities She also explores how contemporary definitions goals and activities relating to health and healing are informed by Coast Salish history and also by indigenous spiritual views of the body which are based on an understanding of the relationship between self ecology and community *Coming Full Circle* draws on a historical framework in reflecting on contemporary tribal health care efforts and the ways in which they engage indigenous healing traditions alongside twenty first century biomedicine The book makes a strong case for the current shift toward tribally controlled care arguing that local culturally distinct ways of healing and understanding illness must be a part of contemporary Native healthcare Combining in depth archival research extensive ethnographic participant based field work and skillful scholarship on theories of religion and embodiment Crawford O'Brien offers an original and masterful analysis of

contemporary Native Americans and their worldviews

Powhatan's World and Colonial Virginia Frederic W.

Gleach,2000-04-01 Frederic W Gleach offers the most balanced and complete accounting of the early years of the Jamestown colony to date When English colonists established their first permanent settlement at Jamestown in 1607 they confronted a powerful and growing Native chiefdom consisting of over thirty tribes under one paramount chief Powhatan For the next half century a portion of the Middle Atlantic coastal plain became a charged and often violent meeting ground between two very different worlds

They Treated Us Just Like Indians Paula L. Wagoner,2002-01-01 On a typical day in Bennett County South Dakota farmers and ranchers work their fields and tend animals merchants order inventory and stock shelves teachers plan and teach classes health workers aid the infirm in the county hospital or clinic and women make quilts and heirlooms for their families or the county fair Life is usually unhurried with time for chatting with neighbors and catching up on gossip But Bennett County is far from typical Nearly a century ago the county was carved out of Pine Ridge Reservation and opened to white settlers Today Bennett County sits awkwardly between the Pine Ridge and Rosebud Sioux Reservations with nearly one third of its land classified as Indian Country and the rest considered by many Pine Ridge Lakotas to still belong to the reservation The county is home to a dynamic population divided by the residents into three groups whites fullbloods and mixedbloods Tensions between the three groups lurk amid the quiet harmony of Bennett County s everyday rural life and emerge in moments of community crisis In a moving account anthropologist Paula L Wagoner tells the story of Bennett County using snapshots of community events and crises past and present to reveal the complexity of race relations and identities there A homecoming weekend at Bennett County High School becomes a flashpoint for controversy because of the differences of meaning ascribed by the county s three identity groups to the school s team name the Warriors At another time the shooting of a Lakota man by a local non Indian rancher and the volatile wake that follows demonstrate the impulse to racialize disputes that lies just beneath the surface of everyday life Yet such very real problems of identity have not completely overwhelmed Bennett County Wagoner also shows that despite their differences residents have managed to find common ground as a region of diverse insiders who share an economic dependency on federal funds distrust outsiders and above all deeply love their land

The Problem of Justice Bruce Granville Miller, 2001-01-01 For the indigenous peoples of North America the history of colonialism has often meant a distortion of history even in some cases a loss or distorted sense of their own native practices of justice How contemporary native communities have dealt quite differently with this dilemma is the subject of *The Problem of Justice* a richly textured ethnographic study of indigenous peoples struggling to reestablish control over justice in the face of conflicting external and internal pressures The peoples discussed in this book are the Coast Salish communities along the northwest coast of North America the Upper Skagit Indian Tribe in Washington State the St lo Nation in British Columbia and the South Island Tribal Council on Vancouver Island Here we see how despite their common heritage and close ties each of these communities has taken a different direction in understanding and establishing a system of tribal justice Describing the results from the steadily expanding independence and jurisdiction of the Upper Skagit Court to the collapse of the South Island Justice Project Bruce G Miller advances an ethnographically informed comparative historically based understanding of aboriginal justice and the particular dilemmas tribal leaders and community members face His work makes a persuasive case for an indigenous sovereignty associated with tribally controlled justice programs that recognize diversity and at the same time allow for internal dissent
