The Making of Restoration Poetry Paul Hammond, 2006 A survey of Restoration poetry from the forms in which it was disseminated to studies of important texts This book explores the complex ways in which authors publishers and readers contributed to the making of Restoration poetry The essays in Part I map some principal aspects of Restoration poetic culture how poetic canons were established through both print and manuscript how censorship operated within the manuscript transmission of erotic and politically sensitive poems the poetic functions of authorial anonymity the work of allusion and intertextual reference the translation and adaptation of classical poetry and the poetic representations of Charles II Part II turns to individual poets and charts the making of Dryden's canon the ways in which Mac Flecknoe operates through intertextual allusions the relationship of the variant texts of Marvell's To his Coy Mistress and the treatment of Rochester's canon and text by his modern editors The discussions are complemented by illustrations drawn from both printed books and manuscripts PAUL HAMMOND is Professor of Seventeenth Century Literature at the University of Leeds Notes and Queries William John Thoms, 1873 **The Wit of Seventeenth-century Poetry** Claude J. Summers, Ted-Larry Pebworth, 1995 As the twelve original essays collected in this volume demonstrate to study the wit of seventeenth century poetry is necessarily to address concerns at the very heart of the period's shifting literary culture It is a topic that raises persistent questions of thematics and authorial intent even as it interrogates a wide spectrum of cultural practices These essays by some of the most renowned scholars in seventeenth century studies illuminate important authors and engage issues of politics and religion of secular and sacred love of literary theory and poetic technique of gender relations and

historical consciousness of literary history and social change as well as larger concerns of literary production and smaller ones of local effects Collectively they illustrate the vitality of the topic both in its own right and as a means of understanding the complexity and range of seventeenth century English poetry Catalogues of Sales Sotheby & Co.
