The Rediscovery of the Wild Peter H. Kahn (Jr.),Patricia H. Hasbach,2013 A compelling case for connecting with the wild for our psychological and physical well being and to flourish as a species We often enjoy the benefits of connecting with nearby domesticated nature a city park a backyard garden But this book makes the provocative case for the necessity of connecting with wild nature untamed unmanaged not encompassed self organizing and unencumbered and unmediated by technological artifice We can love the wild We can fear it We are strengthened and nurtured by it As a species we came of age in a natural world far wilder than today s and much of the need for wildness still exists within us body and mind The Rediscovery of the Wild considers ways to engage with the wild protect it and recover it for our psychological and physical well being and to flourish as a species The contributors offer a range of perspectives on the wild discussing such topics as the

evolutionary underpinnings of our need for the wild the wild within including the primal passions of sexuality and aggression birding as a portal to wildness children s fascination with wild animals wildness and psychological healing the shifting baseline of what we consider wild and the true work of conservation Every Soul a Star Wendy Mass,2008-10-01 And as streams of light fan out behind the darkened sun like the wings of a butterfly I realize that I never saw real beauty until now At Moon Shadow an isolated campground thousands have gathered to catch a glimpse of a rare and extraordinary total eclipse of the sun It s also were three lives are about to be changed forever Ally likes the simple things in life labyrinths star gazing and comet hunting Her home the Moon Shadow campground is a part of who she is and she refuses to imagine it any other way Popular and gorgeous everybody says so Bree is a future homecoming queen for sure Bree wears her beauty like a suit of armor But what is she trying to hide Overweight and awkward Jack is used to spending a lot of time alone But when opportunity knocks he finds himself in situations he never would have imagined and making friends in the most unexpected situations Told from three distinct voices and perspectives Wendy Mass weaves an intricate and compelling story about strangers coming together unlikely friendships and finding one s place in the universe
