

Paul Tillich

Paul Tillich

Paul Tillich:

Paul Tillich and Psychology Terry D. Cooper, 2006 Paul Tillich more than any other theologian of the twentieth century maintained an energetic dialogue with psychology and especially psychotherapy This book explores what Tillich's theology has to offer psychologists and others working in the field of mental health spiritual development and pastoral counseling Tillich's interaction with Carl Rogers Erich Fromm Rollo May and other famous psychologists became an important part of his thinking Tillich frequently pushed psychologists to see the underlying philosophical assumptions of their work This investigation of the underpinnings of psychotherapy then encouraged psychotherapists to become more aware of the ultimate questions about meaning purpose and ethics that informed their work Perhaps the greatest contribution this book offers is a careful narrative and analysis of the meetings of the New York Psychology Group which involved such figures as Tillich Fromm May Rogers Seward Hiltner Ruth Benedict and David Roberts to name just a few This important group which met from 1941 to 1945 dealt with issues that are very much with us today such as whether faith can be psychologically explained the meaning of transcendence the relationship between psychotherapy and ethics the appropriateness of self love and whether human love is parallel with Divine love Paul Tillich Wilhelm Pauck, Marion Pauck, 2015-02-27 This book offers a moving tribute to one of the twentieth century's most seminal philosophers and theologians Paul Tillich In fact it is widely accepted as the standard biography for Tillich A soberly objective portrait it was supported by Tillich himself who hoped that the full telling of his story would set in context its unconventional aspects as told in books by Hannah Tillich and Rollo May Wilhelm and Marion Pauck have recreated the many sided Paulus in all his greatness and humanness Tracing the development of Tillich's thought alongside the unfolding of his life in Germany and the United States the authors have provided an excellent model of biographical research *Tillich* J. Heywood Thomas, 2000-12-13 Paul Tillich 1886 1965 was a remarkable and a singular theologian who was as much at home in a philosophical discussion as he was in the pulpit and seemed as keenly interested in art and politics as he was in his work as a professional theologian His attacks on Nazism led to the banning of his books his dismissal from Frankfurt University and ultimately his departure for the United States in November 1933 He continued to live and work in America after the war engaging in many lecture tours around the world Professor Heywood Thomas reviews critically the philosophical background to Tillich's theology including his debts to Schelling Kant and Husserl He surveys Tillich's achievement as a philosophical theologian examining his ontological approach to Christology and salvation and his understanding of the Church as a spiritual community He concludes with an exploration of Tillich's contribution to the changed situation of theology today Tillich's many points of contact with key thinkers in theology and philosophy including Heidegger Otto Bultmann Adorno and Barth make him a compelling figure for those interested in the history of ideas in the twentieth century **On the Boundary** Paul Tillich, 2012-05-16 About the Contributor's Paul Tillich 1886 1965 an early critic of Hitler was barred from teaching in Germany in 1933 He emigrated to

the United States holding teaching positions at Union Theological Seminary New York 1933 1955 Harvard Divinity School 1955 1962 and the University of Chicago Divinity School 1962 1965 Among his many books are *Theology of Culture* *Dynamics of Faith* and the three volumes of *Systematic Theology* Ground of Being Paul Tillich, 2015-11-21 These fascinating articles and lectures by Paul Tillich have never been reprinted from their original publications over half a century ago They shed much light on Tillich's own thinking as well as that of Luther and Calvin Bultmann Kierkegaard and others He explores the nature of religious symbols Christian Socialism and the doctrine of Jesus Christ Students and clergy brought up on today's thin theological gruel will be amazed at what they have missed The Shaking of the Foundations Paul Tillich, 2012-05-16

Author Biography Paul Tillich 1886 1965 an early critic of Hitler was barred from teaching in Germany in 1933 He emigrated to the United States holding teaching positions at Union Theological Seminary New York 1933 1955 Harvard Divinity School 1955 1962 and the University of Chicago Divinity School 1962 1965 Among his many books are *Theology of Culture* *Dynamics of Faith* and the three volumes of *Systematic Theology* *The Essential Tillich* Paul Tillich, 1999-09-15 Offers anyone struggling with the existential question an introduction to the Protestant theology of Paul Tillich The book summarizes Tillich's thought **Paul Tillich's Philosophical Theology** George Pattison, 2014-12-19 Paul Tillich's *Philosophical Theology* takes up the challenge as to whether his thought remains relevant fifty years after his death In opposition to those who believe that his writings have little to say to us today this book argues that his thought is largely exemplary of open theological engagement with the contemporary intellectual situation **Paul Tillich** Mark Lewis Taylor, 1987 *The Essential Tillich* Paul Tillich, F. Forrester Church, 1988 *Paul Tillich Theologian of Culture* Russell Re Manning, 2015-09-28 **Against the Third Reich** Paul Tillich, 1998-01-01 Paul Tillich one of the greatest Protestant theologians of modern times wrote more than one hundred radio addresses that were broadcast into Nazi Germany from March 1942 through May 1944 The broadcasts were passionate and political urging Germans to recognize the horror of Hitler and to reject a morally and spiritually bankrupt government Largely unknown in the United States the broadcasts have been translated into English for the first time and approximately half of them are presented in this book **Paulus, Then and Now** John Jesse Carey, 2002 Is *The Courage to Be* still a viable analysis of the human situation Does Tillich's positive sense of Eros illumine our intense discussions of human sexuality Does Postmodernism really dissolve Tillich's major assumptions Can Tillich contribute to the contemporary discussion of science and religion How does his work stand when compared to other writers on creation such as Langdon Gilkey and Sallie McFague Given the paradoxes of Tillich's life is his ethical theory still viable In *Paulus Then and Now A Study of Paul Tillich's Theological World and the Continuing Relevance of his Work* John J Carey clarifies previously neglected foundational aspects of Tillich's thought Carey places Tillich's theological work in political social economic and scholarly context He also explains Tillich's thinking on Luther Marx history and politics and his unique perspective on the Bible and on biblical authority Having accomplished these things Carey then

moves to show how Tillich's thinking can be applied to contemporary problems The Theology of Paul Tillich Christian Danz, 2024-11-05 THE THEOLOGY OF PAUL TILLICH examines Tillich's main theological work the three volume Systematic Theology against the background of Tillich's developing theological thought since his studies around 1900 While the Systematic Theology emerged from lectures Tillich gave at Union Theological Seminary from 1936 onwards his lectures on Advanced Problems in Systematic Theology take up considerations that go back to his first drafts of a systematic theology from 1913 and his dogmatic lectures from Germany in the 1920s The Systematic Theology that Tillich published in the U S cannot therefore be understood without including his German dogmatic drafts an area of Tillich research that has previously been underrepresented in English scholarship Danz offers a prologue and an epilogue resulting in a concise introduction to Paul Tillich's thought in the context of twentieth century Protestant theology and a clear direction for responsible appropriations of Tillich's theology today **Paul Tillich** Paul Tillich, Paul Tillich forced into exile by the Nazis in 1933 settled in the United States His many theological works and especially his three volume Systematic Theology have had a profound influence upon contemporary religious thought This volume concentrates on the key texts and ideas in Tillich's thought It presents the essential Paul Tillich for students and the general reader Taylor's introductory essay and notes on the selected texts set Tillich in his historical context chart the development of this thought and indicate the significance of his theology in the development of Christian theology as a whole Substantial selections from Tillich's work illustrate key themes The struggle for a new theonomy Protestant theology amid socialist crisis In the sacred void being and God Amid structures of destruction Christ as new being Among the ambiguities of life Spirit and churches In the end revisioning and hope

Paul Tillich Richard Pomeroy, 2002-01-23 Pomeroy gives the reader a clear view of the Systematic Theology of Paul Tillich perhaps the greatest theologian of the 20th century Tillich's theology addresses a wide range of theological issues beginning with the nature of God and ending with the nature of Eternal Life Using the latest in social science analysis Tillich identifies specific conditions confronted by individuals and nations addressing each from a Bible based theological standpoint At the end of each chapter Pomeroy illustrates the issues at hand with real life stories or reflections from leading scientists theologians and social scientists This is then followed by discussion questions The book is a welcome relief for theologians and lay people alike as it has depth without all those written words For a mainline church study group it is a primer

TILLICH Daniel J. Peterson, 2013 Paul Tillich exercised a major influence on twentieth century Christian thought In this brief introduction to his work Dr Daniel Peterson makes the case for Tillich's broader relevance again as a theologian who can take us beyond the extremes of fundamentalist religion and empty skepticism to a deeper religious faith or spiritual path open to doubt and questioning **Morality and Beyond** Paul Tillich, 1995-01-01 Paul Tillich's classic work confronts the age old question of how the moral is related to the religious In particular Tillich addresses the conflict between reason determined ethics and faith determined ethics and shows that neither is dependent on the other but that each alone is

inadequate Instead Tillich reveals to us the gift that came with the arrival of Christ a new reality that offers a power of being in which we can participate and out of which true thought and right action are possible The Library of Theological Ethics series focuses on what it means to think theologically and ethically It presents a selection of important and otherwise unavailable texts in easily accessible form Volumes in this series will enable sustained dialogue with predecessors though reflection on classic works in the field

The Fabric of Paul Tillich's Theology David H. Kelsey, 2011-07-22 By taking seriously Tillich's claim to be a confessional Church theologian rather than a metaphysician with religious interests this carefully ordered study gains a fresh perspective on the structure of argument upon which his theological enterprise rests Scriptural material is shown to control his judgments in much the same way that literature controls those of the literary critic a particularly illuminating comparison in view of his argument that the verbal icon provided by the biblical picture of Jesus as the Christ bears analogia imaginis to the historical Jesus and hence provides the sole access to the original Christian revelation Tillich's movement from symbols as data to theological judgments as conclusions is seen to be warranted not by his ontology but by his presentation of the phenomenology of revelatory events Though historical study of Jesus and of the Bible is in principle irrelevant to this use of scripture his confusions in this area are examined and the structural flaws in his accounts of the biblical picture of Jesus are shown to yield a Christian theology in which Christology is oddly dispensable Finally his discussion of God is used as a test case for the analysis of the general structure of his argument and the various sorts of conclusions that he feels Scripture authorizes him to draw are cogently appraised

The Cambridge Companion to Paul Tillich Russell Re Manning, 2009-02-12 This authoritative Companion to the theologian Paul Tillich provides an accessible account of the major themes in his diverse theological writings It embodies and develops recent renewed interest in Tillich's theology and reaffirms him as a major figure in today's theological landscape

Paul Tillich Book Review: Unveiling the Magic of Language

In an electronic era where connections and knowledge reign supreme, the enchanting power of language has become more apparent than ever. Its ability to stir emotions, provoke thought, and instigate transformation is actually remarkable. This extraordinary book, aptly titled "**Paul Tillich**," compiled by a highly acclaimed author, immerses readers in a captivating exploration of the significance of language and its profound effect on our existence. Throughout this critique, we will delve into the book's central themes, evaluate its unique writing style, and assess its overall influence on its readership.
