

RECLAIMING THE AMERICAN REVOLUTION

THE KENTUCKY AND VIRGINIA
RESOLUTIONS AND THEIR LEGACY

WILLIAM J. WATKINS, JR.

Foreword by Richard N. Rosenfeld

THE INDEPENDENT INSTITUTE

Reclaiming The American Revolution

**A. Dirk Moses, Marco Duranti, Roland
Burke**

Reclaiming The American Revolution:

Reclaiming the American Revolution W. Watkins, 2016-04-30 Reclaiming the American Revolution examines the struggles for political ascendancy between Federalists and the Republicans in the early days of the American Republic Watkins views the struggle through the lens of the Kentucky and Virginia Resolutions charters written by Thomas Jefferson and James Madison respectively that were responses to the Alien and Sedition Acts passed by Federalists that among other things made criticism of the federal government a crime Viewing those acts as a threat to states rights as well as indicative of a national government that sought supreme power the Resolutions restated the principles of the American Revolution and sought to return the nation to the tenets of the Constitution in which rights for all were protected by checking the power of the national government

Reclaiming the American Revolution W. Watkins, 2004-01-28 Reclaiming the American Revolution examines the struggles for political ascendancy between Federalists and the Republicans in the early days of the American Republic Watkins views the struggle through the lens of the Kentucky and Virginia Resolutions charters written by Thomas Jefferson and James Madison respectively that were responses to the Alien and Sedition Acts passed by Federalists that among other things made criticism of the federal government a crime Viewing those acts as a threat to states rights as well as indicative of a national government that sought supreme power the Resolutions restated the principles of the American Revolution and sought to return the nation to the tenets of the Constitution in which rights for all were protected by checking the power of the national government

Reclaiming Freedom Aziz Rana, 2024-01-02 A curious thing has happened within American culture Aziz Rana writes The language of freedom has been claimed almost entirely by the political right Can it be reclaimed Freedom has a dual legacy On the one hand it stands for the great struggles long associated with the left from abolition and anticolonialism to women s and queer liberation On the other hand it has long been the watchword of an exclusionary right playing a central role in the politics of neoliberalism and resurgent white nationalism Rejecting this view of freedom as an exclusively right wing concern this issue reclaims freedom as a fundamental political value essential to any vision of a more just world Aziz Rana leads a forum on the path to a different politics of freedom In the United States he argues reactionary uses of freedom at home have been emboldened by U S imperial power abroad But the language of freedom can be genuinely liberating by building emancipatory institutions of collective agency and self rule Featuring eleven respondents including Pulitzer Prize winning historian Jefferson Cowie political theorists Adom Getachew Lea Ypi and Nancy Hirschmann and philosophers Ol f mi O T w and Philippe Van Parijs the forum clarifies how both political messaging and institution building are essential to extending real freedom to all Plus essays on the legacy of Cold War liberalism fifty years of liberation theology violence in Israel Palestine and the Stop Cop City movement reviews of M E O Brien s Family Abolition Melissa Kearney s The Two Parent Privilege Helen Hester and Nick Srnicek s After Work and Paul Lafargue s The Right to Be Lazy an interview on Black existentialism and prose poetry

Reclaiming Our Ideals Shawn Armstrong, 2025-03-22 The book

outlines the foundational principles of American political theory focusing on key themes such as equality natural rights and the role of virtue in society It begins with an overview of the Founding touching on contentious issues like slavery and the Hamilton Jefferson rivalry Subsequent chapters delve into the concepts of natural law and equality emphasizing that all individuals are entitled to inherent rights The discussion then shifts to the importance of consent in civil rights alongside the relationship between rights and duties The text also examines domestic and foreign policy challenges that threaten individual rights advocating for a moral framework rooted in virtue It addresses societal roles particularly concerning women and marriage before exploring property rights and economic principles including private ownership and free markets Finally it reflects on the relevance of the Founding principles in contemporary society urging a return to these foundational ideas amid evolving moral landscapes

The Handbook of Rhetoric and Public Address Shawn J. Parry-Giles, J. Michael Hogan, 2010-03-25 The Handbook of Rhetoric and Public Address is a state of the art companion to the field that showcases both the historical traditions and the future possibilities for public address scholarship in the twenty first century Focuses on public address as both a subject matter and a critical perspective Mindful of the connections between the study of public address and the history of ideas Provides an historical overview of public address research and pedagogy as well as a reassessment of contemporary public address scholarship by those most engaged in its practice Includes in depth discussions of basic issues and controversies public address scholarship Explores the relationship between the study of public address and contemporary issues of civic engagement and democratic citizenship Reflects the diversity of views among public address scholars advancing on going discussions and debates over the goals and character of rhetorical scholarship

The Memory of '76 Michael D. Hattem, 2024-06-11 The surprising history of how Americans have fought over the meaning and legacy of the Revolution for nearly two and a half centuries Americans agree that their nation s origins lie in the Revolution but they have never agreed on what the Revolution meant For nearly two hundred and fifty years politicians political parties social movements and a diverse array of ordinary Americans have constantly reimagined the Revolution to fit the times and suit their own agendas In this sweeping take on American history Michael D Hattem reveals how conflicts over the meaning and legacy of the Revolution including the Declaration of Independence and the Constitution have influenced the most important events and tumultuous periods in the nation s history how African Americans women and other oppressed groups have shaped the popular memory of the Revolution and how much of our contemporary memory of the Revolution is a product of the Cold War By exploring the Revolution s unique role in American history as a national origin myth Hattem shows how the meaning of the Revolution has never been fixed how remembering the nation s founding has often done far more to divide Americans than to unite them and how revising the past is an important and long standing American political tradition

The World of the American Revolution Merrill D. Smith, 2015-08-28 This two volume set brings to life the daily thoughts and routines of men and women rich and poor of various cultures religions races and beliefs during a time of

great political social economic and legal turmoil What was life really like for ordinary people during the American Revolution What did they eat wear believe in and think about What did they do for fun This encyclopedia explores the lives of men women and children of European Native American and African descent through the window of social cultural and material history The two volume set spans the period from 1774 to 1800 drawing on the most current research to illuminate people s emotional lives interactions opinions views beliefs and intimate relationships as well as connections between the individual and the greater world The encyclopedia features more than 200 entries divided into topical sections each dealing with a different aspect of cultural life for example Arts Food and Drink and Politics and Warfare Each section opens with an introductory essay followed by A Z entries on various aspects of the subject area Sidebars and primary documents enhance the learning experience Targeting high school and college students the title supports the American history core curriculum and the current emphasis on social history Most importantly its focus on the realities of daily life rather than on dates and battles will help students identify with and learn about this formative period of American history [The Statutes at Large, the United States from ...](#) United States,1927 **The Public Statutes at Large of the United States of America** United States,1927 **The Sons of the American Revolution magazine** ,1921 **From Empire to Humanity** Amanda B. Moniz,2016 From Empire to Humanity explores the shift from an imperial to a universal approach to humanitarianism as American and British compatriots adjusted to becoming foreigners to each other after the American Revolution *The History of the American Revolution* John Fiske,George Washington,Thomas Jefferson,John Adams,Benjamin Franklin,William Bradford,Patrick Henry,2019-06-03 This edition offers you a complete overview of the American history before the great revolution the wars after the uprising and the impact of the revolution itself This meticulously edited book includes all the documents which are crucial for the history of USA before and after the Revolution and the works that influenced the revolutionary thinking Contents The History of the American Revolution The Beginnings The Crisis The Continental Congress Independence First Blow at the Centre Second Blow at the Centre Saratoga The French Alliance Valley Forge Monmouth and Newport War on the Frontier War on the Ocean A Year of Disasters Benedict Arnold Yorktown Key Speeches and Documents First Charter of Virginia 1606 Second Charter of Virginia 1609 Mayflower Compact 1620 Fundamental Orders of Connecticut 1639 Of Plymouth Plantation 1630 1651 The Stamp Act 1765 Declaration of Rights and Grievances 1765 Virginia Resolutions Against the Stamp Act 1765 Glorious News Boston Friday 11 O clock 16th May 1766 Quartering Act of 1765 Townshend Act 1767 Continental Association 1774 Give Me Liberty or Give Me Death by Patrick Henry 1775 Thanksgiving Proclamations 1776 1777 1782 1789 Common Sense 1776 Declaration of Independence 1776 Articles of Confederation 1777 Constitution 1787 **The American Revolution: From the Rejection of the Stamp Act Until the Final Victory** John Fiske,George Washington,Benjamin Franklin,Thomas Jefferson,William Bradford,John Adams,Patrick Henry,2023-12-17 In The American Revolution From the Rejection of the Stamp Act Until the Final Victory readers are presented with an expansive tapestry of

voices from the revolutionary epoch that redefined the emergence of a new nation This anthology captures the fervor and ideological diversity of the period presenting an array of literary styles that vary from fiery oratory and reflective memoir to rigorous statecraft and candid correspondence Through the inclusion of texts that echo the sentiments of resistance governance and nation building the collection stands as a testament to the revolutionary spirit Each piece weaves seamlessly into a broader narrative that not only outlines the revolutionary timeline but vividly illustrates the intellectual currents that shaped the burgeoning American identity Crucially the collection gathers the intellectual giants of the age whose writings collectively forged a pathway to independence The selection of works from prominent figures like John Fiske George Washington and Benjamin Franklin are emblematic of the period's rich tapestry of thought These figures along with Thomas Jefferson and others offer profound insights into the political social and philosophical underpinnings of the revolution Their collective input provides an indispensable portal into the era tapping into movements that reflect enlightenment ideals republicanism and the struggle for liberty This anthology is an essential conduit for readers seeking a multi faceted exploration of the American Revolution It delivers unparalleled access to the formative voices and experiences that shaped the nation's early trajectory As the collection touches on various literary styles and diverse perspectives readers will find themselves immersed in the spirited dialogue of foundational ideas The book offers not only an academic exploration but also a vibrant cultural exchange that echoes through the annals of history inviting readers to continue the conversation inspired by these remarkable texts

A precarious equilibrium Umberto Tulli,2020-02-28 Human rights and d tente inextricably intertwined during Carter's years By promoting human rights in the USSR Carter sought to build a domestic consensus for d tente through bipolar dialogue he tried to advance human rights in the USSR But human rights contributed to the erosion of d tente without achieving a lasting domestic consensus

Report of the National Society of the Daughters of the American Revolution Daughters of the American Revolution,1915 **Civilizing Torture** W. Fitzhugh

Brundage,2020-03-10 Pulitzer Prize Finalist Silver Gavel Award Finalist A sobering history of how American communities and institutions have relied on torture in various forms since before the United States was founded Los Angeles Times That Americans as a people and a nation state are violent is indisputable That we are also torturers domestically and internationally is not so well established The myth that we are not torturers will persist but Civilizing Torture will remain a powerful antidote in confronting it Lawrence Wilkerson former Chief of Staff to Secretary of State Colin Powell Remarkable A searing analysis of America's past that helps make sense of its bewildering present David Garland author of Peculiar Institution Most Americans believe that a civilized state does not torture but that belief has repeatedly been challenged in moments of crisis at home and abroad From the Indian wars to Vietnam from police interrogation to the War on Terror US institutions have proven far more amenable to torture than the nation's commitment to liberty would suggest Civilizing Torture traces the history of debates about the efficacy of torture and reveals a recurring struggle to decide what limits to

impose on the power of the state At a time of escalating rhetoric aimed at cleansing the nation of the undeserving and an erosion of limits on military power the debate over torture remains critical and unresolved Decolonization, Self-Determination, and the Rise of Global Human Rights Politics A. Dirk Moses, Marco Duranti, Roland Burke, 2020-07-16

Leading scholars demonstrate how colonial subjects national liberation movements and empires mobilized human rights language to contest self determination during decolonization Losing Hearts and Minds Matthew K. Shannon, 2017-12-15

Matthew K Shannon provides readers with a reminder of a brief and congenial phase of the relationship between the United States and Iran In *Losing Hearts and Minds* Shannon tells the story of an influx of Iranian students to American college campuses between 1950 and 1979 that globalized U S institutions of higher education and produced alliances between Iranian youths and progressive Americans *Losing Hearts and Minds* is a narrative rife with historical ironies Because of its superpower competition with the USSR the U S government worked with nongovernmental organizations to create the means for Iranians to train and study in the United States The stated goal of this initiative was to establish a cultural foundation for the official relationship and to provide Shah Mohammad Reza Pahlavi with educated elites to administer an ambitious program of socioeconomic development Despite these goals Shannon locates the incubation of at least one possible version of the Iranian Revolution on American college campuses which provided a space for a large and vocal community of dissident Iranian students to organize against the Pahlavi regime and earn the support of empathetic Americans Together they rejected the Shah s authoritarian model of development and called for civil and political rights in Iran giving unwitting support to the rise of the Islamic Republic of Iran Human Rights and Sovereign Standards in US Security Sarah Earnshaw, 2025-03-31

This book examines the history of human rights in US security imaginaries and provides a theoretical framework to explore the common sense assumptions around US foreign relations and the universality of the human The inability or unwillingness to provide fundamental freedoms is a central feature in the US presentation of postcolonial spaces as failed and rogue states as nodes of disorder and instability that are then subject to increasingly pre emptive pacification While largely focused on contemporary history from the post WWII Universal Declaration to drone war the author critically engages with longer entwined histories such as Westphalian mythology humanitarian intervention and imperial aerial policing Bridging history law politics culture and war the theoretical bounding of the regime of truth offers a fresh reading for those knowledgeable on human rights and as security policy This volume will be of value to students and scholars of American Studies history critical International Relations IR human rights history and those interested in conceptions of liberty and US foreign relations *Oil Money* David M. Wight, 2021-07-15

In *Oil Money* David M Wight offers a new framework for understanding the course of Middle East US relations during the 1970s and 1980s the transformation of the US global empire by Middle East petrodollars During these two decades American Arab and Iranian elites reconstituted the primary role of the Middle East within the global system of US power from a supplier of cheap crude oil to a source of

abundant petrodollars the revenues earned from the export of oil In the 1970s the United States and allied monarchies including the House of Pahlavi in Iran and the House of Saud in Saudi Arabia utilized petrodollars to undertake myriad joint initiatives for mutual economic and geopolitical benefit These petrodollar projects were often unprecedented in scope and included multibillion dollar development projects arms sales purchases of US Treasury securities and funds for the mujahedin in Afghanistan Although petrodollar ties often augmented the power of the United States and its Middle East allies Wight argues they also fostered economic disruptions and state sponsored violence that drove many Americans Arabs and Iranians to resist Middle East US interdependence most dramatically during the Iranian Revolution of 1979 Deftly integrating diplomatic transnational economic and cultural analysis Wight utilizes extensive declassified records from the Nixon Ford Carter and Reagan administrations the IMF the World Bank Saddam Hussein s regime and private collections to make plain the political economy of US power Oil Money is an expansive yet judicious investigation of the wide ranging and contradictory effects of petrodollars on Middle East US relations and the geopolitics of globalization

Reclaiming The American Revolution Book Review: Unveiling the Magic of Language

In a digital era where connections and knowledge reign supreme, the enchanting power of language has been apparent than ever. Its capability to stir emotions, provoke thought, and instigate transformation is really remarkable. This extraordinary book, aptly titled "**Reclaiming The American Revolution**," compiled by a very acclaimed author, immerses readers in a captivating exploration of the significance of language and its profound effect on our existence. Throughout this critique, we will delve into the book's central themes, evaluate its unique writing style, and assess its overall influence on its readership.
