Reclaiming Your Life:

Reclaiming Your Body Suzanne Scurlock-Durana, 2017-05-15 A guided tour through the body's innate healing powers. Many of us have learned to ignore, deny, or even mistrust the wise messages our bodies give us. The result is that when trauma strikes a time when we need every aspect of our beings to master the challenge, we may find ourselves disconnected from our greatest strengths. Suzanne Scurlock-Durana, who has spent thirty years studying the gifts of the body and teaching thousands how to reclaim them, began to recognize this strength which she likens to a GPS when she herself experienced a life-threatening trauma. Here she walks readers through different areas of the body, revealing the wisdom they hold and how to reconnect with that wisdom. As she shows in this warm, compassionate book, the body's abilities are always available; we must simply reconnect with them.

Reclaiming Your Time Abi Miller, The modern world is a whirlwind of information, constant demands, and relentless pressure to achieve more, do more, and be more. While striving for success is admirable, it's crucial to recognize that our well-being is the foundation upon which all else is built. When we prioritize productivity at the expense of our health and happiness, we set ourselves up for burnout, a state of emotional, physical, and mental exhaustion that can have far-reaching consequences. This book is not about denying our ambition or neglecting our goals; it's about recognizing the interconnectedness of productivity and well-being. It's about learning to manage our time and energy in a way that allows us to thrive, not just survive.

Reclaiming Your Land Shari Lordi, 2017-06-29 As I was approaching my mid-forties, I was as weary and broken as a human being could be. Living in bondage for several years had taken its toll on me. I was barely existing. Although the Spirit of God was always with me, I was unable to gain a breakthrough until I finally and totally surrendered ALL to the Lord Jesus Christ. When I let go of everything, regardless of what the outcome could or would be, was when the miraculous began to take place and happen in my life. The Holy Spirit used simple and practical elements in nature to impart deep and life-changing revelation into my soul. One of the most powerful breakthroughs I received was given to me through the revelation of the metamorphosis process that butterflies go through. It was through that journey that the blinders began to slowly fall off. Born into a fallen world, we must have a transformation experience through the redemption and shed blood of Jesus Christ. Just as the butterfly goes through that very painful transition from what was to what is to be, from the old man to the new creation, we as children of God must also go through this process. Liberation is beautiful and so worth the process. Remember, once a caterpillar transforms from crawling on the ground to a beautiful butterfly soaring through the air, he can never go back. He is a new creation. Not a perfect creation, but a new creation. You can be Free. Jesus really does love you.

object at rest will stay at rest unless a force is exerted on it like a boulder in a field And people can think of their lives in the same way static and unmoving But we aren't stuck in one place as so many express when they are dissatisfied with their lives Rather our lives are moving swiftly and inexorably along a path driven by powerful forces both past and present that is highly resistant to a change in direction As a result small forces such as a modest insight or a brief aha moment aren't enough to catalyze significant change in how we think what we feel or how we act on or react to our world In fact meaningful change can only occur when forces are applied that are greater than the forces that are already propelling our lives Seeing our lives from this dynamic perspective is the foundation for understanding what it takes to bring meaningful and long lasting positive change to our lives Jim Taylor explores the four forces values self esteem ownership and emotions that propel our life inertia which shows itself through the lens with which we view the world the emotional reactions we have the actions that we take and the relationships that we create He then explains how to harness those to our own benefit so that we may steer our lives in the direction of our own choosing rather than allowing our past inertia or outside forces to dictate the direction our lives take By letting our values guide us building our self esteem taking ownership of our decisions and actions and using our emotions as positive fuel we can break free from our past inertia take control of our lives and chart a future of meaning happiness success and connection with confidence commitment and courage Reclaiming My Position Paulina
