Edited by Ivy Lynn Bourgeault, Cecilia Benoit, and Robbie Davis-Floyd

Reconceiving Midwifery

Cecilia Benoit, Helga Hallgrimsdóttir

Reconceiving Midwifery:

Reconceiving Midwifery Ivy Lynn Bourgeault, Cecilia Benoit, Robbie Davis-Floyd, 2004-04-28 The authors social scientists and midwifery practitioners reflect on regional differences in the emerging profession providing a systematic account of its historical local and international roots its evolving regulatory status and the degree to which it has been integrated into several mainstream provincial health care systems They also examine the nature of midwifery training accessibility and effectiveness across diverse ethnic and socio economic groups highlighting the key issues facing the profession before during and in the immediate post integration era in each province Varnev's Midwiferv Julia Phillippi, Ira Kantrowitz-Gordon, 2023-09-25 Varney's Midwifery continues to be the gold standard for midwifery practice in an updated seventh edition New lead editors assembled a team of expert contributors and authors to continue the legacy of Varney's Midwifery as the trusted must have resource for students professional midwives and women's health practitioners Varney's Midwifery uses current evidence based guidelines to address the care of women throughout the lifespan including primary care gynecology maternity care in a variety of settings and newborn care The Seventh Edition reflects the new Core Competencies for Basic Midwifery Practice published in 2020 including care of transgender individuals and abortion related care It also provides updated information on chronic conditions in pregnancy including a section discussing COVID 19 new techniques for fetal screening diagnosis across the lifespan and updated content on health equity Birth Models That Work Robbie Davis-Floyd, 2009-03-07 This book is a major contribution to the global struggle for control of women s bodies and their giving birth and should be read by all obstetricians midwives obstetric nurses pregnant women and anyone else with interest in maternity care It documents the worldwide success of programs for pregnancy and birth which honor the women and put them in control of their own reproductive lives Marsden Wagner MD author of Born In The USA How a Broken Maternity System Must Be Fixed to Put Women and Children First Becoming a Midwife Rosemary Mander, Valerie Fleming, 2014-05-09 What is the reality of being a midwife in the twenty first century What is it like to help and support women throughout pregnancy and childbirth and into motherhood What roles can midwives play in society This new edition of the popular text Becoming a Midwife explores what it is to be a midwife looking at the factors that make midwifery such a special profession as well as some of the challenges The fully updated chapters cover a variety of settings and several different stages in a woman's pregnancy including stories from midwives working in hospitals and in the community as managers supervisors and educators and as men women mothers and birth activists All chapters are narrated by contributors who introduce their own theme recount a vignette that throws light on their understandings of midwifery and reasons for becoming or not becoming a midwife and any subsequent career moves Backed up by commentaries and drawing together these insights the editors show what it means to be a midwife today Suitable for those contemplating a career in midwifery and providing an opportunity for reflection for more experienced midwives this thought provoking book is an invaluable

contribution to midwifery Pushing for Midwives Christa Craven, 2010-10-22 A history of the re emergence of midwifery in Birth By Design Raymond De Vries, Cecilia Benoit, Edwin van Teijlingen, Sirpa Wrede, 2002-05-03 This collection America of essays contains leading research in maternity care from Europe the United States and Canada to discuss systems of care for pregnancy and childbirth Birth By Design focuses on the practical side of good social science research This is a ground breaking work that looks not only at maternity but also the act of childbirth Yoga, the Body, and Embodied Social Change Beth Berila, Melanie Klein, Chelsea Jackson Roberts, 2016-09-09 Yoga the Body and Embodied Social Change is the first collection to gather together prominent scholars on yoga and the body Using an intersectional lens the essays examine yoga in the United States as a complex cultural phenomenon that reveals racial economic gendered and sexual politics of the body From discussions of the stereotypical yoga body to analyses of pivotal court cases Yoga the Body and Embodied Social Change examines the sociopolitical tensions of contemporary yoga Because so many yogic spaces reflect the oppressive nature of many other public spheres the essays in this collection also examine what needs to change in order for yoga to truly live up to its liberatory potential from the blogosphere around Black women's health to the creation of queer and trans yoga classes to the healing potential of yoga for people living with chronic illness or trauma While many of these conversations are emerging in the broader public sphere few have made their way into academic scholarship This book changes all that The essays in this anthology interrogate yoga as it is portrayed in the media yoga spaces and yoga as it is integrated in education the law and concepts of health to examine who is included and who is excluded from yoga in the West The result is a thoughtful analysis of the possibilities and the limitations of yoga for feminist social transformation Women's and Gender History Nancy Janovicek, Carmen Nielson, 2019-01-01 Inspired by the guestion of what s next in the field of Canadian women's and gender history this broadly historiographical volume represents a conversation among established and emerging scholars who share a commitment to understanding the past from intersectional feminist perspectives It includes original essays on Quebecois Indigenous Black and immigrant women s histories and tackles such diverse topics as colonialism religion labour warfare sexuality and reproductive labour and justice Intended as a regenerative retrospective of a critically important field this collection both engages analytically with the current state of women s and gender historiography in Canada and draws on its rich past to generate new knowledge and areas for inquiry Care Work Cecilia Benoit, Helga Hallgrimsdóttir, 2011-01-01 There are many forms of paid and unpaid labour encompassed in health care systems including home care for the elderly or disabled community health services and the care family members provide for loved ones Valuing Care Work is an international comparative study that examines economic organizations as well as intimate settings to show how personal service work is shaped by broader welfare state developments To trace the relationships between gender labour and equity in health care the essays in this volume analyse the rules and practices that shape care work The contributors highlight how national configurations of the welfare state

shape the gendering of paid and unpaid intimate labour in a range of settings and discuss how the policies and practices associated with neoliberalism have focussed on efficiency and accountability to the detriment of other policy agendas including those that might further increase dignity and equity for both recipients and providers of paid and unpaid health Mainstreaming Midwives Robbie Davis-Floyd, Christine Barbara Johnson, 2012-12-06 Providing insights into care midwifery a team of reputable contributors describe the development of nurse and direct entry midwifery in the United States including the creation of two new direct entry certifications the Certified Midwife and the Certified Professional Midwife and examine the history purposes complexities and the political strife that has characterized the evolution of midwifery in America Including detailed case studies the book looks at the efforts of direct entry midwives to achieve legalization and licensure in seven states New York Florida Michigan Iowa Virginia Colorado and Massachusetts with varying degrees of success Caregiving on the Periphery Myra Rutherdale, 2010 Fascinating stories of the unconventional work of nurses and midwives in Canada Women's Health in Canada Marina Morrow, Olena Hankivsky, Colleen Varcoe, 2008-05-03 In recent years healthcare professionals have recognized the distinctly different healthcare needs and concerns of men and women Women s health in particular has come into its own in the last two decades In Canada however there has been little available in the way of a general text on women s health This volume works toward filling that gap by providing a resource for teaching and understanding women's health in this country. To lay out the methodological and theoretical foundations for their study editors Olena Hankivisky Marina Morrow and Colleen Varcoe bring together an interdisciplinary group of scholars and practitioners from economics anthropology sociology nursing political studies women s studies and psychology Contributors draw on the rich history of the Canadian women s health movement providing analysis of that history and of the emergent theory policy and practice Aimed at undergraduate and graduate students as well as practitioners the collection adopts an intersectional approach looking closely at social factors such as gender race ethnicity class sexuality and gender identity and analysing how they relate both to each other and to women s health Connections between the social economic and cultural contexts of women s lives and their physical spiritual and mental well being are a primary focus Providing a much needed resource for teachers students and practitioners of women s health in Canada this comprehensive volume makes an important contribution to the literature Enjoying the Interval: Murray Enkin: A Life Kerreen M. Reiger, 2022-08-31 Anyone who has enjoyed the great happiness and intimacy of a family centred birth and any midwife or health professional who has attended one owes a debt of gratitude to internationally known Canadian doctor researcher and medical reformer Murray Enkin Enjoying the Interval takes on the fascinating joyful task of exploring Dr Enkin's identity and achievements along with the social context that shaped them It offers a critical assessment of the ongoing challenges in maternity care the field to which Enkin devoted his life but it is also the story of an immigrant Jewish family s contribution to Canadian society and the wider world Using archival sources and interviews the book traces Enkin s

story from his birth in 1924 through his early young married life education and medical practice to his passionate championing of the emerging childbirth reform movement and its influence Interweaving the personal and professional to provide insight into the man the times and the causes that shaped him it not only recognises Enkin's distinctive social contribution but also that of his family and colleagues It chronicles the highly personable Enkin's days as a med student awestruck by the courage and beauty of women in labour to his joyful life as a husband and father to his international impact as a practitioner academic and researcher and as an inveterate traveller Scholarly yet accessible it will prove of interest to professional and lay readers alike Enjoying the Interval is an account of an important social movement that shook the medical establishment but it s also a love story a travelogue and an entertaining portrait of a complex man who helped to change the world for the better Mennonite Women in Canada Marlene Epp, 2008 Marlene Epp explores women s roles as prescribed and as lived within the contexts of immigration and settlement household and family church and organizational life work and education and in response to social trends and events She questions how Mennonites dictate women s place within the church family and community and how women collectively and individually actually behave Epp found that in virtually all aspects of women s lives there exists a contradiction between behavioural ideals and practicalities She also found that their responses to dictates about their proper place ranged from acceptance to rebellion and almost always unsettled a clear delineation of their roles Using diaries oral histories church histories genealogies and memoirs Epp has painstakingly pieced together a rich and fascinating story of Canadian Mennonite women that deserves to be read by women and men everywhere R sum de l diteur Medicine in the Remote and Rural North, 1800-2000 J T H Connor, Stephen Curtis, 2015-10-06 This volume of thirteen essays focuses on the health and treatment of the peoples of northern Europe and North America over the course of the nineteenth and twentieth centuries *Introduction to Determinants of First Nations.* Inuit, and Métis Peoples' Health in Canada Sarah de Leeuw, Roberta Stout, Roseann Larstone, Julie Sutherland, 2022-08-24 This critical new volume to the field of health studies offers an introductory overview of the determinants of health for Indigenous Peoples in Canada while cultivating an understanding of the presence of coloniality in health care and how it determines First Nations Inuit and M tis peoples health and well being The text is broken down into the What Where Who and How and each part contains a comprehensive and holistic approach to understanding the many factors historical and contemporary that are significant in shaping the life and health of Indigenous Peoples in Canada and beyond Comprising wisdoms from First Nations Inuit and M tis leaders knowledge holders artists activists clinicians health researchers students and youth this book offers practical insights and applied knowledge about combating coloniality and transforming health care systems in Canada Compiled by experienced editors associated with the National Collaborating Centre for Indigenous Health Introduction to Determinants of First Nations Inuit and M tis Peoples Health in Canada draws together the work and writings of primarily Indigenous authors including academics community leaders and health care practitioners This accessible and

timely introduction is a vital undergraduate resource and invaluable for introducing key concepts and ideas to students new to the field FEATURES written in accessible engaging language with pertinent context for theory to garner a more thorough understanding of core concepts showcases poetry and visual art by First Nations Inuit and M tis artists contains additional pedagogical features including questions for critical thought a glossary of terms figures charts tables and comprehensive Women, Health, and Nation Georgina D. Feldberg, 2003 This book examines North American women s engagement with their health systems and asks to what extent national citizenship has shaped women s health Authors provide a much needed analysis of the dynamic decades after 1945 when both Canada and the United States began using federal funds to expand health care access and biomedical research and authority reached new heights Midwest SAGE Handbook of Qualitative Methods in Health Research Ivy Bourgeault, Robert Dingwall, Ray de Vries, 2010-08-19 The Sage Handbook of Qualitative Methods in Health Research is a comprehensive and authoritative source on qualitative research methods The Handbook compiles accessible yet vigorous academic contributions by respected academics from the fast growing field of qualitative methods in health research and consists of A series of case studies in the ways in which qualitative methods have contributed to the development of thinking in fields relevant to policy and practice in health care A section examining the main theoretical sources drawn on by qualitative researchers A section on specific techniques for the collection of data A section exploring issues relevant to the strategic place of qualitative research in health care environments The Sage Handbook of Qualitative Methods in Health Research is an invaluable source of reference for all students researchers and practitioners with a background in the health professions or health sciences American Women Betty A. Bergland, Lori Ann Lahlum, 2011 Explores the vital role of women in the creation of Norwegian American communities from farm to factory and as caregivers educators and writers **Taking Medicine** Kristin Burnett, 2011-07-01 The buffalo hunter the medicine man and the missionary continue to dominate the history of the North American west even though historians have recognized women s role as both colonizer and colonized since the 1980s Kristin Burnett helps to correct this imbalance by investigating the convergence of Aboriginal and settler therapeutic regimes in the Treaty 7 region from the perspective of women Although the imperial eye focused on medicine men Aboriginal women played important roles as healers and caregivers and the knowledge and healing work of both Aboriginal and settler women brought them into contact But as settlement increased and the colonial regime hardened informal encounters in domestic spaces gave way to more formal one sided interactions in settler run hospitals and nursing stations By revealing Aboriginal and settler women's contributions to the development of health care in southern Alberta Taking Medicine challenges traditional understandings of colonial medicine and nursing in the contact zone

Decoding **Reconceiving Midwifery**: Revealing the Captivating Potential of Verbal Expression

Reconceiving Midwifery Introduction

In the digital age, access to information has become easier than ever before. The ability to download Reconceiving Midwifery has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Reconceiving Midwifery has opened up a world of possibilities. Downloading Reconceiving Midwifery provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the costeffective nature of downloading Reconceiving Midwifery has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Reconceiving Midwifery. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Reconceiving Midwifery. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Reconceiving Midwifery, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Reconceiving Midwifery has transformed the way we

access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Reconceiving Midwifery Books

- 1. Where can I buy Reconceiving Midwifery books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
