Civic Repentance Amitai Etzioni, 1999 This collection of essays by scholars of diverse backgrounds explores the notion of repentance in our culture focusing on individuals who have been excluded from society as a result of violating its laws What must these individuals do to gain redemption and be readmitted Amitai Etzioni argues that the lack of a well grounded concept of civic repentance has significant negative social consequences for our society Denying people the opportunity to regain their social standing and membership in their communities is simply unfair and the absence of such opportunities for restoration through repentance exacts heavy social costs The essays in this collection address these issues from a variety of perspectives and discuss possible ways of filling this void including restorative justice physician rehabilitation programs and religious reconciliation rituals

Revival Sermons in Outline Christopher Perren, 1903

THE ABASINGA OF RWANDA UNRAVELING THE HISTORY AND VICTORIES Frank Ndayahoze, 2025-07-13 The simplistic Hutu Tutsi dichotomy so often employed to explain Rwanda s complex history obscures a deeper more nuanced reality To understand Rwanda one must delve beyond this binary framework and explore the rich tapestry of pre colonial societies that shaped the nation Central to this understanding is the Abasinga clan a powerful and influential group whose history stretches back centuries predating the colonial imposition of artificial ethnic categories Their story challenges the conventional narrative and provides a crucial lens through which to view Rwanda s past present and future The Abasinga whose origins are rooted in the fertile lands of present day Uganda represent a powerful example of a pre colonial Rwandan social structure Oral traditions meticulously collected and analyzed over decades by researchers point to a gradual migration southwards driven by a combination of factors population growth resource competition and perhaps

even conflicts with neighboring communities These migrations were not abrupt conquests but rather a slow incremental process of settlement and integration The Abasinga skillfully navigated the existing social landscape forging alliances and establishing their own distinct kingdoms and chiefdoms across various regions of Rwanda
