**Liberation and Reconciliation** James Deotis

Roberts,2005-01-01 First released in 1971 Liberation and Reconciliation presents a constructive statement that argues for a balance between the quest for liberation and the need for reconciliation in black white relations Examining biblical and theological themes from the perspectives of black experience the book focuses on enlisting all humans of goodwill black or white in the cause of racial justice Roberts concludes that nonviolent reconciliation is the best response to racial oppression This groundbreaking work now a classic in the field is recognized as one of the first texts to move conversations within black theology beyond what black theologians were against toward what the movement sought to affirm **Speculations on**

**Black Life** Darrell Jones,Monifa Love,Anthony B. Pinn,2023-05-18 Is God a white racist Posed by William R Jones in his ground breaking book of the same name this question disrupted the theological assumptions that marked Black religious thought from early writings of the 1800s to the formation of Black theology in the 1960s This book compiles his key and essential writings related to over three decades of critical reflection on race religion secularism and oppression in the United States Over the course of 30 years Jones pushed questions and considerations that refined Black theology and that gave greater shape to and understanding of Black philosophers intervention into issues of racial and structural inequality His philosophical work related to the grid of oppression fosters an approach to the nature and meaning of oppression in the United States encouraging rational interrogation of structures of injustice and thought patterns supporting those structures Still relevant today the straightforward style of communication used by Jones makes these essays easily accessible to a popular audience while maintaining intellectual rigor making the book also suitable for an academy based audience

Pyper, 2000-12-21 Embracing the viewpoints of Catholic Protestant or Orthodox thinkers of conservatives liberals radicals and agnostics Christianity today is anything but monolithic or univocal In The Oxford Companion to Christian Thought general editor Adrian Hastings has tried to capture a sense of the great diversity of opinion that swirls about under the heading of Christian thought Indeed the 260 contributors who hail from twenty countries represent as wide a range of perspectives as possible Here is a comprehensive and authoritative though not dogmatic overview of the full spectrum of Christian thinking Within its 600 alphabetically arranged entries readers will find lengthy survey articles on the history of Christian thought on national and regional traditions and on various denominations from Anglican to Unitarian There is ample coverage of Eastern thought as well examining the Christian tradition in China Japan India and Africa The contributors examine major theological topics such as resurrection the Eucharist and grace as well as controversial issues such as homosexuality and abortion In addition short entries illuminate symbols such as water and wine and there are many profiles of leading theologians of non Christians who have deeply influenced Christian thinking including Aristotle and Plato and of literary figures such as Dante Milton and Tolstoy Most articles end with a list of suggested readings and the book features a large number of cross references The Oxford Companion to Christian Thought is an indispensable guide to one of the central strands of Western culture An essential volume for all Christians it is a thoughtful gift for the holidays      **A Puerto Rican Decolonial Theology** Teresa Delgado, 2017-09-21 This book explores the themes of identity suffering and hope in the stories of Puerto Rican people to surface the anthropology soteriology and eschatology of a Puerto Rican decolonial theology Using an interdisciplinary methodology of dialogue between literature and theology this study reveals the oppression resistance and theological vision of the Puerto Rican community It demonstrates how Puerto Rican literature and Puerto Rican theology are prophetic voices calling out for the liberation of a suffering people on the island and in the Puerto Rican Diaspora while employing personal Puerto Rican family community stories as an authoritative contextual reference point This work stands within the continuum of contextual theology and diasporic studies of religion in the United States as well as research in the interdisciplinary field of decolonial and post colonial studies      *The Making of American Liberal Theology* Gary J. Dorrien, 2006-01-01 In this first

of three volumes Dorrien identifies the indigenous roots of American liberal theology and demonstrates a wider longer running tradition than has been thought The tradition took shape in the nineteenth century motivated by a desire to map a modernist third way between orthodoxy and rationalistic deism atheism It is defined by its openness to modern intellectual inquiry its commitment to the authority of individual reason and experience its conception of Christianity as an ethical way of life and its commitment to make Christianity credible and socially relevant to modern people Dorrien takes a narrative approach and provides a biographical reading of important religious thinkers of the time including William E Channing Ralph Waldo Emerson Horace Bushnell Henry Ward Beecher Elizabeth Cady Stanton and Charles Briggs Dorrien notes that although liberal theology moved into elite academic institutions its conceptual foundations were laid in the pulpit rather than the classroom

Liberation and Reconciliation James D. Roberts, 1971

**Beyond the Academy** David Thang Moe, 2024-10-11 The term public theology was introduced by Martin E Marty in a 1974 article Since then scholarly discussions on public theology have become more popular in academic circles This book however is about the invitation for moving beyond the academy It provides two reasons for doing so First an overtly academic public theology is in crisis today Although public theology may be flourishing in the academy its relevance for real life is limited Second there is the ecclesial flourishing among grassroots Christian communities across Asia who witness to their lived faith in public and hidden life Their voices are largely unheard due to the gaps between the academy and the church This volume argues that we should consider their voices as key sources for developing a relevant lived Asian public theology The author makes the case for reimagining the paradigm shifts in lived Asian public theology of religions and for bridging the unhappy gaps between the academic and grassroots voices

**Jesus Christ for Contemporary Life** Don Schweitzer,2012-02-13 Jesus Christ for Contemporary Life is an understanding of Jesus as the Word of God grounded in what can be known historically of Jesus and informed by subsequent reflection upon him which hopes to help shape a Christian identity characterized by bounded openness Don Schweitzer moves from the historical Jesus to the present in three parts In the first part Schweitzer develops an understanding of Jesus as the Word of God who became incarnate to give the goodness and beauty of God further expression in time and space Second he explores how various atonement theories articulate ways in which Jesus empowers people to further express this beauty and goodness in their own lives And finally Schweitzer explores how Jesus relates to people in the church to the events and movements in history to other religions and to Christians in their dialogue with God in prayer

**Social Crisis Preaching** Tyshawn Gardner,2023-02-01 This book provides a theology for social crisis preaching by arguing that Christian proclamation is the best prescription for the social crises in our world Social Crisis Preaching positions the pastor as a sacred anthropologist one who is aware of both the crises in one s community but also as one who has a firm understanding of the people in the pews It also equips the preacher with both the hermeneutical and homiletical tools to confront social crisis with biblical integrity Lastly this book argues that social crisis preaching develops Christians disciples and congregations as those who care about and confront the social crisis in their neighbor s community following the biblical mandate to love your neighbor as yourself

**Strange and Gaudy Fruit** Jeff Nicoll,2023-05-09 The history of Christianity includes many doctrines adopted and actions taken to meet immediate problems but which had unintended consequences they are bad fruit Matt 7 15 20 The oldest is antisemitism which arose from the competition of the early church with early Judaism It was built into the New Testament and was developed by the church fathers Having learned to dehumanize it was easy to apply the same techniques

to other groups the church became complicit with enslavement misogyny and other forms of oppression One response to the bad fruit is to reject religion in the manner of Christopher Hitchens However the dogmas are part of our culture even if in secular form If the roots of marginalization are not understood they cannot be eliminated This work uses a range of critics and defenders of traditional Western Christianity to identify poisonous fruits and detoxify them The critical voices do not create a consensus Nevertheless a core can be perceived what Erasmus called the few truths Grounded in the religious tradition they can be shared with secular people as a basis for an ethical merciful and respectful society Although the history of Christianity is bloody there are ways to go forward      **Black Theology--Essays on Global Perspectives** Dwight N.

Hopkins,2017-06-15 Since its start in 1966 black liberation theology in the United States has continually engaged international developments with Africa and the entire world But after Nelson Mandela was released from prison in February 1990 there has been an almost twenty year break in books on black theology and international affairs Black Theology Essays on Global Perspectives bridges that post 1990 gap and makes a vital contact with Africa again This book conceptualizes black theology to take on the global reconfigurations and opportunities brought about by the rapidly shrinking earth of fast paced worldwide contacts In other words in the specificity of the genealogy of black theology we need to reforge ties with Africa This claim is based on tradition And in the generality of the larger worldwide intertwining of technologies and economics we need a new type of black theological leadership for the twenty first century This claim is based on today s international challenges The essays in this book draw on tradition and point forward in the midst of today s worldwide challenges and favorable possibilities given the closeness of all nations and the varieties of cultures      **The Monkey Grammarian** Octavio Paz,2011-11-07 Hanuman the red faced monkey chief and ninth grammarian of Hindu mythology is the protagonist of this dazzling narrative a mind journey to the temple of Galta in India and the occasion for Octavio Paz to explore the nature of naming and knowing time and reality and fixity and decay Skyhorse Publishing as well as our Arcade Yucca and Good Books imprints are proud to publish a broad range of books for readers interested in fiction novels novellas political and medical thrillers comedy satire historical fiction romance erotic and love stories mystery classic literature folklore and mythology literary classics including Shakespeare Dumas Wilde Cather and much more While not every title we publish becomes a New York Times bestseller or a national bestseller we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home
