Recovery From Cults Help For Victims Of Psychological And Spiritual Abuse:

Recovery from Cults Michael D. Langone, 1995 Drawing upon the clinical expertise of professionals and the personal experiences of those formerly involved in high intensity mind control groups this book is a comprehensive guide to the cult experience Michael Langone and his colleagues provide practical guidelines for helping former cult members manage the problems they encounter when leaving cults *Walking Free from the Trauma of Coercive, Cultic and Spiritual Abuse* Gillie Jenkinson, 2023-05-23 This is an interactive self help workbook and psychological road map to enable survivors of coercive cultic and spiritual abuse to find healing recovery and growth This book provides a comprehensive guide to recovery based on a tested model of post cult counselling and years of research and clinical experience It is designed to help survivors of diverse abusive settings including religious and spiritual political gangs business therapy and wellness and one on one relationships The reader follows a beautifully illustrated journey through four Phases of recovery and growth one Milestone at a time to make sense of what has happened to them learn how to walk free from psychological control and find resources for healing The author includes stories from her own experience detailing her path towards recovery and how she learned to come to terms with and overcome what happened to her Written in accessible language this workbook serves as both a self help book for survivors and former members and a guide for therapists working with them **Understanding Religious Abuse and Recovery** Patrick J. Knapp, 2021-04-21 Currently there are at least four major identifiable perspectives on how people best understand and recover from religious abuse Both secular and faith based Christian adherents can be variously identified in each of these approaches This book examines these viewpoints and evaluates their various strengths and limitations It concludes that each perspective is helpful to the extent possible given the limitations of its respective philosophic or theological assumptions This book summarizes each viewpoint and suggests a larger contextual perspective helpful to better understand involvement in and recovery from religiously abusive environments The conclusion is an integration of the various conceptual frameworks and a different model SECURE is described that includes essential principles and practical strategies necessary for recovery from religious abuse Suggestions are made for future research and study both for academics with interest in the cultic studies and counseling fields and for various people negatively affected by religious abuse and in need of recovery **Brief Treatments for the Traumatized** Charles R. Figley, 2002-09-30 Trauma is now being recognized as a major mental health challenge with clients from children to the elderly presenting symptoms of Post Traumatic Stress Disorder often with no awareness of the cause Yet managed care and the growing incidence of trauma patients presenting increased demands on existing professionals requires brief treatments whenever possible This book explains how to apply brief existing generic treatments to help manage the traumatized and diminish or eliminate their traumatic symptoms These recommended brief treatments are guided by sound assessment methods that can be verified empirically The treatment chapters provide detailed information for the practitioner including ways to incorporate

the treatment approach into an overall plan The volume will be helpful to practitioners who work exclusively with traumatized clients as well as those who are only occasionally presented with such cases *Depth Psychology, Cult Survivors, and the Role of the Daimon* Linda R. Quennec, 2024-06-10 This book explores the possibilities that exist for navigating out of and away from multiple levels of oppression through memoir based research It considers how those raised in oppressive high demand communities colloquially referred to as cults can emancipate themselves from controls and expectations inculcated from early childhood and examines processes surrounding the psychological reclamation of self Exploring and metaphorically tending to an orienting psychological dynamic that the ancient Greeks related to as the daimon and using the perspectives of Jungian and post Jungian depth psychology the author investigates how subjects can reclaim agency and avoid excessive control over their thoughts attention and life s intentions They suggest that depth psychologically oriented modes can be used to this attunement and explore this notion through a study of memoirs of individuals who were raised in cults Suggesting a more aligned approach to working with varying levels of psychological constraint and utilizing a phenomenological hermeneutic study it will appeal to scholars and professionals in depth psychology and other psychological orientations as well as individuals who are interested in more deeply understanding the psychological mechanisms involved in leaving a high demand group or other oppressive situations Misunderstanding Cults Benjamin Zablocki, Thomas Robbins, 2001-12-01 Misunderstanding Cults provides a uniquely balanced contribution to what has become a highly polarized area of study Working towards a moderate third path in the heated debate over new religious movements or cults this collection includes contributions from both scholars who have been characterized as anticult and those characterized as cult apologists The study incorporates multiple viewpoints as well as a variety of theoretical and methodological perspectives with the stated goal of depolarizing the discussion over alternative religious movements A prominent section within the book focuses explicitly on the issue of scholarly objectivity and the danger of partisanship in the study of cults The collection also includes contributions on the controversial and much misunderstood topic of brainwashing as well as discussions of cult violence children brought up in unconventional religious movements and the conflicts between alternative religious movements and their critics Unique in its breadth this is the first study of new religious movements to address the main points of controversy within the field while attempting to find a middle ground between opposing camps of scholarship

The Oxford Handbook of Religion and Emotion John Corrigan, 2008 This volume collects essays under four categories religious traditions religious life emotional states and historical and theoretical perspectives They describe the ways in which emotions affect various world religions and analyse the manner in which certain components of religious represent and shape emotional performance **Understanding New Religious Movements** John A Saliba, 2004-09-08 Discussions of any religion can easily raise passions But arguments tend to become even more heated when the religion under discussion is characterized as new Divisions around the study of new religious movements NRMs or cults or nontraditional or alternative

or emergent religions are so acute that there is even controversy over what to call them John Saliba strives to bring balance to these discussions by offering perspectives on new religions from different academic perspectives history psychology sociology law theology and counseling This approach provides rich descriptions of a broad range of movements while demonstrating how the differing aims of the disciplines can create much of the controversy around NRMs The new second edition has been updated and revised throughout and includes a new foreword by noted historian of religion J Gordon Melton For classes in religion or the social sciences or for interested individuals Understanding New Religious Movements offers the most objective introduction possible The Oxford Handbook of Religious Conversion Lewis R. Rambo, Charles E.

Farhadian, 2014-03-06 The Oxford Handbook of Religious Conversion offers a comprehensive exploration of the dynamics of religious conversion which for centuries has profoundly shaped societies cultures and individuals throughout the world Scholars from a wide array of religions and disciplines interpret both the varieties of conversion experiences and the processes that inform this personal and communal phenomenon This volume examines the experiences of individuals and communities who change religions those who experience an intensification of their religion of origin and those who encounter new religions through colonial intrusion missionary work and charismatic and revitalization movements The thirty two innovative essays provide overviews of the history of particular religions including Hinduism Buddhism Confucianism Taoism Sikhism Islam Christianity Judaism indigenous religions and new religious movements The essays also offer a wide range of disciplinary perspectives psychological sociological anthropological legal political feminist and geographical on methods and theories deployed in understanding conversion and insight into various forms of deconversion **Domestic**

Violence and Criminal Justice Lee E. Ross, 2024-10-31 Domestic Violence and Criminal Justice Second Edition offers readers an overview of domestic violence and its effects on society and includes helpful measures to curtail its rapid growth and widespread harm Geared toward the criminal justice system this newly revised and updated edition focuses on civil and criminal justice processes from securing a restraining order to completing an arrest to the final disposition Fostering critical thinking in readers the book covers the extent and nature of domestic violence and intimate partner violence IPV in its many forms and delves into the systemic responses to such violence during the COVID 19 era Going beyond exploring the reactive efforts of policing and prosecution this edition offers an expanded emphasis on the underpinnings and effectiveness of prevention and intervention including data on the operations and challenges of domestic violence shelters and a much needed focus on victim services victim advocacy and social work involvement This text is ideal for courses in criminal justice criminology social work and sociology Students will find this text readable up to date and rich in historical detail **The Cult Next Door** Judith L. Carlone, Elizabeth R. Burchard, LSW, 2017-03-18 During Thanksgiving vacation of her freshman year at Swarthmore College 1977 Elizabeth at her mother's insistence attended a stress reduction session with a biofeedback technician on staff at a Manhattan psychologist's office During that first visit this man filled her ears with prophetic visions of

a glorious future the inheritance of those fortunate few who might choose to accompany him His confidence and charisma entranced her and she soon recruited two of her college roommates When the psychologist fired his assistant two years later Elizabeth and her mother followed Over the next decade this man a malevolent genius and master of manipulating metaphysical concepts to benefit a self serving agenda organized a small dedicated band of followers The Group evolved into an incestuous family a cult Their brainwashed minds became fused with a distinctive New Age doctrine A coterie of spiritual Navy Seals they scrambled in terror training to survive the inevitable cataclysm one man s divine vision of Armageddon Subsequent to a momentous event in August 1994 with the guru as high priest The Black Dog Religion was born Elizabeth sank into a pit of despair darker than she ever could have imagined was possible From the adolescent gullibility which seduced her astray to the enlightenment which led her to freedom you will travel an incredible journey For anyone who has ever been trapped by a person who would not let them go within this book lies a message of hope **If You Want to Know**

How I Got Brainwashed Betsy Dovydenas,2021-09-14 Betsy Dovydenas is an artist who painted and wrote her story about joining a bogus church run by a bogus pastor In more than 200 monoprints with narrative text she tells the story of being tricked sweet talked coaxed manipulated conned coerced and exploited In short she was brainwashed This book shows how it happened The Darkest Sides of Politics, II Jeffrey M. Bale,2017-10-04 This book examines a wide array of phenomena

that arguably constitute the most noxious extreme terrifying murderous secretive authoritarian and or anti democratic aspects of national and international politics Scholars should not ignore these dark sides of politics however unpleasant they may be since they influence the world in a multitude of harmful ways The second volume in this two volume collection focuses primarily on assorted religious extremists including apocalyptic millenarian cults Islamists and jihadist terrorist networks as well as CBRN chemical biological radiological and nuclear terrorism and the supposedly new nexus between organized criminal and extremist groups employing terrorist operational techniques A range of global case studies are included most of which focus on the lesser known activities of certain religious extremist milieus This collection should prove to be essential reading for students and researchers interested in understanding seemingly arcane but nonetheless important dimensions of recent historical and contemporary politics **The SAGE Encyclopedia of Lifespan Human Development**

Marc H. Bornstein,2018-01-15 Lifespan human development is the study of all aspects of biological physical cognitive socioemotional and contextual development from conception to the end of life In approximately 800 signed articles by experts from a wide diversity of fields The SAGE Encyclopedia of Lifespan Human Development explores all individual and situational factors related to human development across the lifespan Some of the broad thematic areas will include Adolescence and Emerging Adulthood Aging Behavioral and Developmental Disorders Cognitive Development Community and Culture Early and Middle Childhood Education through the Lifespan Genetics and Biology Gender and Sexuality Life Events Mental Health through the Lifespan Research Methods in Lifespan Development Speech and Language Across the Lifespan Theories and

Models of Development This five volume encyclopedia promises to be an authoritative discipline defining work for students and researchers seeking to become familiar with various approaches theories and empirical findings about human development broadly construed as well as past and current research *Storming Zion* Stuart A. Wright,2016 Wright and Palmer explore the implications of heightened state repression and control of minority religions in an increasingly multicultural globalized world Back cover **In the House of Friends** Kenneth J. Garrett,2020-07-10 There is a place that promises acceptance spiritual growth and friendship but instead delivers criticism abuse and exploitation A place that declares marriages will be strengthened treasured and protected but instead weakens diminishes and marginalizes them A place that claims to obey the word of God but in practice weaponizes the word against those who disagree or doubt A place where the good news of a tenderhearted loving Savior is blurred by leaders who are controlling traumatizing and self serving A place that calls loudly to the storm tossed at sea only to lure them to the rocks where they flounder and fall apart A place that appeared to be a house of friendship but was a place of betrayal That place might be a Christian church It might be a cult It is probably both In the House of Friends Understanding and Healing from Spiritual Abuse in the Christian Church is written for survivors of abusive churches their families and friends and all who want to understand spiritual abuse and help the abused Dr Garrett is a long term pastor of a diverse urban congregation and combines personal experience sound academic research and pastoral theology to address a poorly understood rarely admitted problem today spiritual abuse in Christian churches *Revisionism and Diversification in New Religious Movements* Eileen Barker,2016-04-08 New Religious Movements tend to start their lives with a number of unequivocal statements not only of a theological nature but also about the world and appropriate behaviours for the believer Yet these apparently inalienable Truths and their interpretations frequently become revised adjusted or selectively adopted by different believers This book explores different ways in which as NRMs develop stagnate fade away or abruptly cease to exist certain orthodoxies and practices have for one reason or another been dropped or radically altered Sometimes such changes are adapted by only a section of the movement resulting in schism Of particular concern are processes that might lead to violent and or anti social behaviour As part of the Ashgate Inform series and in the spirit of the Inform Seminars this book approaches its topic from a wide range of perspectives Contributors include academics current and former members of NRMs and members of cult watching movements All the contributions are of a scholarly rather than a polemic nature and brought together by Eileen Barker the founder of Inform **Malignant Narcissism and Power** Charles Zeiders,Peter Devlin,2019-12-06 Using psychodynamic theory and riveting case material this book dissects the figure of the malignant narcissist leader MNL Across the world today individuals and societies are impacted by unprecedented disruptive influences from globalization and climate change to economic uncertainty and mass migration The rise of populists and would be saviors has promised certainty for anxious populations but how far are such leaders suffering from the MNL pathology Through the psychoanalytic lens of Otto

Kernberg the authors explain the etiology of the charismatic MNL's clinical features charisma grandiosity criminality sadism and paranoia The book outlines the limitations and complexity of diagnosis contextualizing the MNL within the transcendental and millenarian movements and discusses the patho dynamics of high pressure groups and totalitarian regimes including types of groups methods of mind control categories of constituents the corporate totalitarian state and the authoritarian demagogue The book looks at a wide range of leaders including Donald Trump Bhagwan Shree Rajneesh Roger Ailes Keith Raniere Jan of Leiden and Credonia Mwerinde Distinguishing the disordered personality of the MNL from other personality disorders and presenting a new model of overlapping descriptors to categorize high pressure group types and identifying types of followers as well this book represents essential reading for psychodynamically minded psychologists psychiatrists social workers sociologists political scientists and those working in organizational development

The Christian Countercult Movement Douglas E. Cowan, 2023-08-24 Many seemingly strange questions on yoga salvation religious pluralism and so forth have been actively debated among members of a small but influential group of evangelical apologists known as the Christian countercult movement This Element explores the history of this movement from its origins in the anti heresy writings of the early church to its modern development as a reaction to religious pluralism in North America It contrasts the apologetic Christian countercult movement with its secular anticult counterpart and explains how faith based opposition both to new religious movements and to non Christian religions will only deepen as religious pluralism increases It provides a concise understanding of the two principal goals of Christian countercult apologetics support for the evangelization of non Christian believers and maintenance for the perceived superiority of the evangelical Christian worldview
