## **Recreating The American Republic Rules Of Apportionment Constitutional Change And American Political Development 1700 187:**

**Recreating the American Republic** Charles A. Kromkowski, 2002-09-16 Rules of apportionment are elements of social and political order. In social gatherings, families, and governments, they assume a variety of written and unwritten forms, and in every order, they determine not only how collective decisions are made but also how and why a particular constitutional order develops over time. **Recreating the American Republic** provides a far-reaching analysis of when, how, and why these rules change and with what consequences. **Recreating the American Republic** reveals the import of these rules of apportionment by engaging the three most widely recognized and studied eras and events of American political history: the Colonial era and the American Revolution, the early national years and the 1787 Constitutional Convention, and the nineteenth century and the American Civil War. **Recreating the American Republic** systematically compares each seemingly familiar era and event, revealing new insights and a new metanarrative of American political development between 1700 and 1870. **Recreating the American Republic** Charles A. Kromkowski, 2002-09-16 The first comparative historical analysis of the three most important eras of American history.
