Otherness in Hispanic Culture Teresa Fernandez Ulloa, 2014-06-26 This book addresses contemporary discourses on a wide variety of topics related to the ideological and epistemological changes of the 19th 20th and 21st centuries and the ways in which they have shaped the Spanish language and cultural manifestations in both Spain and Hispanic America The majority of the chapters are concerned with otherness in its various dimensions the alien Other foreign immigrant ethnically different disempowered female or minor as well as the Other of different sexual orientation and or ideology Following Octavio Paz otherness is expressed as the attempt to find the lost object of desire the frustrating endeavour of the androgynous Plato wishing to embrace the other half of Zeus who in his wrath tore off from him Otherness compels human beings to search for the complement from which they were severed Thus a male joins a female his other half the only half that not only fills him but which allows him to return to the unity and reconciliation which is restored in its own perfection formerly altered by divine will As a result of this transformation one can annul the distance that keeps us away from that which not being our own turns into a source of anguish The clashing diversity of all things requires the human predisposition to accept that which is different Such a predisposition is an expression of epistemological ethical and political aperture The disposition to coexist with the different is imagined in the deanthropocentrization of the bonds with all living realms And otherness is in some way the reflection of sameness *mismidad* The other is closely related to the self because the vision of the other implies a reflection about the self it implies consciously or not a relationship with the self These topics are addressed in this book from an interdisciplinary perspective encompassing arts humanities and social sciences

desastre de la Gran Guerra corrían vientos de revolución en las costumbres y las artes. Fueron los años de la emancipación de la mujer, de los bailes frenéticos y de la acción política de la provocación surrealista y del nacimiento de la novela moderna. Los años de Henry Miller y Ana María Raymond, Marcel Duchamp, Elsa Triolet, Simone de Beauvoir, André Malraux, Marcel Proust, Colette, Vita Sackville-West, Louis Ferdinand Celine, Jean Genet, Coco Chanel, Jean Cocteau, Sonia Delaunay, Marina Tsvietáyeva, Isadora Duncan, Stefan Zweig. Y de otros muchos que convirtieron la ribera derecha en el centro del mundo. Con la estructura de una peculiar guía de viaje que nos descubre un mundo desaparecido. La otra mitad de París se cuela en las calles y las casas, los hoteles y los cafés, las bibliotecas y los clubes nocturnos que habitan esa apabullante galería de extranjeros parisinos, pues todos ellos lo fueron bien por nacimiento o por renacimiento. Y combina las cualidades que han convertido a Giuseppe Scaruffi en un preciado autor de culto, una erudición fuera de lo común, un vitalismo radical y el pulso entre humorístico y tierno del buen contador de historias. En definitiva, este libro no es el mero mapa de una ciudad o de un tiempo pasado, sino la representación en vida de una manera de entender el arte como una forma intensificada de la vida y viceversa.

*Espejo de aire* Miguel Martínón Cejas, 1999-12-01. El lenguaje está hecho de aire y cuando la mirada política se mira en el espejo de la reflexión se genera un discurso que también es lenguaje también es aire. Los textos que integran este libro surgen como reflejos y reflexiones sobre aspectos diversos de la creación literaria pero estrechamente relacionados entre sí. Abordan algunos de estos escritos la propia biografía del autor que, en su caso, se funde con la historia colectiva contemporánea y con el paisaje natal de las Islas Canarias. También dilucidan algunas de estas pinceladas la propia voz del autor, su propia obra política y los momentos y las circunstancias en que esa obra ha nacido.

**El cura y los mandarines (H.º no oficial del Bosque de los Letrados).** Gregorio Morán, 2015-12-15. En ocasiones los libros son como las armas de fuego: los carga el diablo. De manera sorpresiva se disparan y uno no sabe muy bien por qué hasta que se da cuenta de que han herido supuestamente en su vanidad o en su honor que, a veces, son lo mismo a alguien que pasaba por allí. Los escritores disponen de unos instrumentos que de pronto se convierten en escopetas que dan en un blanco que jamás hubieran imaginado. Incluso de manera cínica le llenan el culo de perdigones siempre molestos, aunque no letales a tiros, en los que jamás hubiera pensado que les pudiera afectar porque suponía que estaban blindados frente a los efectos de la letra impresa. Gregorio Morán. Esta obra nació de una pregunta insatisfecha que fue sucediendo para que los mandarines, las figuras políticas de nuestra cultura de los años sesenta, se fueran haciendo cada vez más conservadoras hasta convertirse en institucionales. Fruto de un exhaustivo y documentado trabajo de investigación de diez años y escrito en una prosa sobresaliente. *El cura y los mandarines*. Historia no oficial del Bosque de los Letrados. Cultura y política en España 1962-1996 es un magistral y agudo relato del devenir de los intelectuales, académicos, novelistas, poetas, políticos y artistas que conforman la cultura institucional española de la segunda mitad del siglo XX. Tomando como hilo conductor la figura del cura Jesús Aguirre, quizás el más exitoso de los intelectuales de su generación, que no es el más brillante ni mucho menos. Gregorio Morán
