Baer,2017-12-01 Linda Loan Thi Baer was born Nguyen Thi Loan in 1947 in the small village of Tao Xa Thai Binh North Vietnam Her father was killed during a Viet Minh attack in 1951 Her mother remarried a wealthy practitioner of Chinese medicine who was also a war widower Their family relocated to South Vietnam during the mass exodus of 1954 where they were forced to move constantly due to economic political and military conditions They eventually settled near Vung Rau south of Saigon Loan left home at the early age of thirteen to seek work at various menial jobs in Saigon to help her family and to escape the physical abuse of her stepfather After she turned sixteen she became a club dancer and a black market dealer She met and married an American Air Force officer in 1968 and later followed him to the United States She was naturalized and became an American citizen in 1973 While raising two sons and a daughter she obtained her GED and attended many college courses Linda graduated first in her class at cosmetology school in 1982 She received her cosmetology license from the state of South Carolina In 1986 she opened her own business Linda B Hair and Nail Salon In 2015 the salon was renamed Elegance by Linda B She still owns and operates it at the time of this book s publication Full of love heartache and humor Linda s unique storytelling will have you laughing and crying eager for more Soul Surfer Johnny Returns Bill Missett,2011-06-06 While writing Soul Surfer Johnny the first book in this series I was flooded with so many additional memories of Puerto Tranquilo that I knew a second book was waiting to be written By the time the first book was finished I had jotted down more than 125 other memorable episodes I was challenged to write the book that became Soul Surfer Johnny by Joel Fotinos vice president for spiritual books for Penguin Putnam publishers during a lunch we had in 2007 He had just read my Awakening The Soul The Trilogy and challenged me to write a novel incorporating the essence of that tome ala the most successful novel of the millennium Dan Brown s The Da Vinci Code While Soul Surfer Johnny is certainly no Da Vinci Code it does carry forth that essence of spiritual growth describing a young man s soul awakening The

heart of the story however remains his many wild surfing adventures most in Puerto Rico But it wasn't planned that way A number of years ago I began compiling a list of topics for my Puerto Rico book which I knew I would write some day But I had no plans of incorporating those memories into the book Fotinos challenged me to write revealing how to create the spiritual awakening possible within each of us However when I started writing it was immediately apparent where this story was going to Puerto Rico where my personal spiritual awakening occurred some 25 years earlier Thus the first Soul Surfer Johnny book had a serious underlying story of spiritual awakening that seemed out of place in a surfing adventure novel But it really wasn't because what was being portrayed as happening to Johnny really had happened to me and has occurred to others so I knew it was eminently possible I had so much fun writing Soul Surfer Johnny that I immediately started writing this book its direct sequel but with a difference This volume does not have that heavy underlying story of spiritual growth but rather only occasional references to Johnny's continuing awakening It's mostly outrageous tales of his many Puerto Rico adventures and episodes This book richly continues the adventures of Soul Surfer Johnny the story of an East Coast bad boy who becomes a good kid as he learns to surf in the waves off Southern California In the process he joins his own sort of gang then ventures south to the big waves of Southern Mexico He is guided to Puerto Tranquilo in the late 1970s by several of his fellow Tyrone Bros gang members who had discovered the fantastic surf break there several years before There he is witness to and participates in a bizarre series of adventures Unexpectedly he begins to explore his spirituality and discovers his true inner self for the first time dramatically improving his life Like its predecessor this continuing wild tale is almost true however sometimes the actual circumstances are slightly enhanced while conveying the basic truth For example a few wave heights may have been exaggerated occasionally except in the Big Wednesday chapter which is Johnny's true eye witness account But most of the book's stories actually happened as described It makes no claim toward being all inclusive or a legitimate history of the town It's just a lot of mostly true stories about a wonderful little town in Southern Mexico All stories are re-told as accurately as memory serves
