The History of Vietnam Justin Corfield, 2008-02-28 Everyone knows Vietnam for its turbulent environment during the second half of the 20th century but few know that archaeologists believe that civilization there existed as far back as the Bronze Age Vietnam's history runs rampant with clashing dynasties civil wars and power struggles between the North and South and conflicts with neighboring and other countries First ruled under China's close watch for centuries Vietnam fell under conflicting commands of France and Japan during the 19th and 20th centuries finally leading to the split of North and South Vietnam and ultimately the Vietnam War Today Vietnam still struggles with its scars from the past but is slowly emerging as its own country independent of China and France An essential addition for high school and public library shelves The History of Vietnam is the only reference book to examine Vietnam's complete history from the 2nd century BCE to the present

Reconstructing Ancient Korean History Stella Xu, 2016-05-12 This book examines the contested readings of Korea in early Chinese historical records and their influence on the formation of Korean-ness in later periods The earliest written records on Koreans are found in Chinese documents produced during the Han dynasty from the third century BCE to the third century CE Since then these early Chinese records have been used as primary sources for writing early Korean history in Korea China and Japan This study analyzes the various reinterpretations and utilizations of these early records that became more diverse by the late nineteenth century when the reconstruction of ancient history became a crucial part of the formation of Korean national consciousness Korea's modern historiography was complicated by a thirty-five year colonial experience 1910-1945 under Japan During this period Japanese colonial scholars attempted to depict Korean history as stagnant heteronymous and replete with factional strife while Korean nationalist historians strove to construct an indigenous Korean nation in order to mobilize Koreans' national consciousness and recover political sovereignty While focused on Korea and Northeast Asia the links between historiography and political ideology investigated in this study are pertinent to historians in general

The Fall of the Spirits Of Darkness Rudolf Steiner, 2022-10-17 Speaking towards the end of the catastrophic Great War Rudolf Steiner reveals the spiritual roots of the crises of our times Since 1879 he says human minds have been influenced by backward angels spirits of darkness who following their defeat in battle with Archangel Michael were forced out of the heavens and fell to the earth This war in the spiritual worlds had consequences and it is essential that people today are sufficiently awake to the retrogressive influences around them In a positive sense we can choose freely to engage with the spirits of light who seek to emancipate human beings from bonds of race nation and blood In this extraordinary series of lectures Rudolf Steiner throws light on hidden aspects of world affairs With the Bolshevik Revolution having just taken place he discusses events in Russia and humanity's attempts to build theoretically perfect social orders Steiner also speaks about the roles and spiritual backgrounds of significant individuals such as the mystics Johann Valentin Andreae Vladimir Soloviev and Saint Martin the American and British politicians Woodrow Wilson and Lloyd George and world historic figures including Charles Darwin and Johann Wolfgang von Goethe The new edition of this classic work features a revised translation notes and extensive appendices by editor Frederick Amrine plus a new introduction by Christopher Schaefer

Arms and the Man, The Devil's Disciple, and Caesar and Cleopatra George Bernard Shaw, 2021 The three plays in this volume are some of George Bernard Shaw's most popular and frequently

performed works They demonstrate the development of Shavian comedy and contain early formulations of his idea of the Superman an extraordinary individual who catalyzes the evolution of mankind Arms and the Man 1894 was Shaw s first commercial success and the first public confirmation that he could make playwriting his profession It is the first of what Shaw called his pleasant plays comedies that critique idealism in general rather than specific social problems as his earlier plays did Specifically Shaw undermines the romance of wartime courage reckless heroism and nationalist pride among British spectators while using the Serbo Bulgarian War of 1886 as an exotic veneer Shaw wrote The Devil s Disciple 1897 for William Terriss an actor known for his swashbuckling roles who had requested a play that would contain every surefire melodramatic situation mistaken identities terrifying adventures and last second escapes and frequent emotional outpourings Caesar and Cleopatra 1898 is Shaw s revision of Shakespeare s Julius Caesar and Antony and Cleopatra as well as a fusion of the pragmatism and unconventionality of the heroes of Arms and the Man and The Devil s Disciple into a portrait of jocular morally serious leadership

Pure-bred Dogs, American Kennel Gazette ,1973 **The Mysteries of initiation** Rudolf Steiner, 2021-10-14 In a concise study Rudolf Steiner presents an inspirational sketch of the evolution of the Mysteries from ancient Persia through Egypt and Greece to the Christian era and the present day He traces the line of initiates from Egyptian divinities Isis and Osiris to Moses King Arthur s Round Table and the Holy Grail in the twelfth century Steiner focuses on the process of initiation as a historical topic how initiation worked in ancient Egypt and in the late Middle Ages But his presentation is also inspirational leading to the question How can we advance to initiation now He underscores the potential for achieving enlightenment today without a teacher in the flesh and explains the four stages of the process towards initiation He also highlights the need for strenuous efforts to overcome the subtle power of evil in the form of Lucifer and Ahriman through selfless work The four lectures collected here form an important landmark in Rudolf Steiner s biography the first being delivered on 3 February 1913 the very day that the Anthroposophical Society was founded First published in English under the title *The Mysteries of the East and of Christianity* and unavailable for many years this edition has been re edited by Professor Frederick Amrine and features appendices an index as well as an introduction by Robert McDermott **Christ and the Spiritual World** Rudolf Steiner, 2022-11-18 Reassessing human history in relation to the cosmic earthly events of Christ s incarnation Rudolf Steiner stresses the significance of both Gnostic spirituality and the legends of the Holy Grail The Christ Impulse he tells us is not a one time event but a continuous process beginning well before Jesus of Nazareth walked the earth This mighty impulse is a force that gives impetus to human development such as with the extraordinary blossoming of free thinking of the last two millennia Surveying this pattern of evolving human thought Steiner explains the roles of

contrasting historical figures for example the great teacher Zarathustra Joan of Arc and Johannes Kepler We are shown the widespread influence of the clairvoyant prophetesses the sibyls who formed a backdrop to the Greco Roman world Steiner contrasts their revelations to those of the Hebrew prophets The lectures culminate in the secret background to the Parzival narrative Steiner illustrates how it is possible to experience the Holy Grail by reading the stellar script in the sky at Easter Here he provides a rare personal account of the processes he utilized to conduct esoteric research The new edition of these much loved lectures features a revised translation and an introduction appendices and notes by Frederick Amrine
