English as a Lingua Franca in ASEAN Andy Kirkpatrick, 2010-09-01 The lingua franca role of English coupled with its status as the official language of ASEAN has important implications for language policy and language education These include the relationship between English the respective national languages of ASEAN and thousands of local languages How can the demand for English be balanced against the need for people to acquire their national language and mother tongue While many will also need a regional lingua franca they are learning English as the first foreign language from primary school in all ASEAN countries Might not this early introduction of English threaten local languages and children's ability to learn Or can English be introduced and taught in such a way that it can complement local languages rather than replace them The aim of this book is to explore questions such as these and then make recommendations on language policy and language education for regional

policymakers The book will be important for regional policymakers and language education professionals It should also benefit language teachers especially but by no means exclusively English language teachers The book will be of interest to all who are interested in the development of English as an international language and the possible implications of this upon local languages and cultures Andy Kirkpatrick is chair professor of English as an international language at the Hong Kong Institute of Education and director of the Institute's Research Centre into Language Education and Acquisition in Multilingual Societies His research interests include the development of regional varieties of English and the history of Chinese rhetoric Much research has been carried out on varieties of English used in Southeast Asia but how intelligible these varieties are to others and whether a shift towards an international standard variety occurs in interactions between people from the region has been much less discussed This volume which provides a comprehensive account of the roles and functions of English in ASEAN and gives a linguistic description of the English spoken in the region followed by an approach to teaching English called the multilingual model is therefore a welcome contribution to studies on English in Asia Azirah Hashim Professor of English University of Malaya

Des corps exotiques et des corps abîmés Flou mondial en plein essor le tourisme sexuel s'accommode parfaitement de l'esprit du capitalisme et de l'attrait de la société de consommation en particulier de la civilisation des loisirs Un véritable tourisme sexuel de masse tend à se développer sur fond d'incertitudes économiques et sociales mais également de misères éducatives et affectives L'industrie des corps défile sur le marché international du sexe et le tourisme fermant souvent les yeux sur le rentable trafic humain voisine alors avec la prostitution et la pornographie compléments incontournables de la mondialisation sexuelle en cours Forme de recolonisation du Sud par le Nord le tourisme sexuel ou plutôt les tourisms sexuels tant les formes et les impacts sont variables autorisés avec la benédiction de la corruption politique et du tout libéralisme toutes les exploitations et toutes les humiliations Les femmes du Sud et de l'Est en sont les premières victimes les plus nombreuses aussi Avocats de la mondialisation économique les industries du voyage et du sexe partagent évidemment beaucoup d'intérêts dans la rapide transformation du monde en gigantesque parc de loisirs voire d'aire de jeux sexuels Cet ouvrage présente l'univers souvent tabou des tourisms sexuels avec ses dépendances et ses trafics ses heures et

ses malheurs ses liens troits ou non avec la prostitution et sa terrible entreprise de mystification de la femme sans oublier la marchandisation du corps fantasme Une partie importante du livre est consacrée à la situation dans le continent asiatique terre où le tourisme sexuel s'est développé dans des proportions dramatiques enrichissant les tats et les nantis sur le dos des plus pauvres et d'abord des femmes et des enfants C'est aussi en Asie que les stéréotypes et les clichés entretenus par les médias tant propos des cultures locales que l'égard des femmes autochtones sont les plus ancrés dans l'histoire et les plus tenaces dans l'imaginaire occidental Tout au long de cet essai l'aide d'exemples concrets tant en Asie qu'ailleurs notre premier souci est d'informer puis si possible d'encourager d'autres comportements la fois touristiques et citoyens l'égard des autres en général et de nos hôtes en particulier
