Hollywood Studio Musicians Robert R. Faulkner, 2017-07-05 When originally published in 1971 *Hollywood Studio Musicians* was the first detailed analysis of the work and careers of production personnel in an industry devoted to mass culture Previously most researchers overlooked mass culture industries as work settings preferring to focus on content rather than the artists who created it This lucid and insightful book looks under the hood of the Hollywood film scoring and recording industry focusing upon the careers and work of top flight musicians A new preface by Howard S Becker highlights the study's historical context and importance Based upon in depth interviews with freelance musicians Faulkner provides original insights into how we conceptualize occupations as well as the highly stratified system of professional prestige that results in what we now call the A List Faulkner develops a framework for discovering and exploring how rapidly changing and demanding freelance work induces status hierarchies sustains and updates collegial reputations tightens social networks between contractors and musicians and restricts access to upward career paths This volume is a gem a masterpiece of field research combined with probing theoretically informed analysis Aside from the value of its own findings the volume offers students of sociology film and other creative industries a prime example of how to do good social science research In short it is a model for investigators to turn to when their own research needs help an exemplar of how research is done when it is done well

Search and Rescue John Thompson, 2024-12-17 Coast Guard Masterchief Garrett Thomas eyed the monstrous breaking waves ahead of him waiting for just the right moment then jammed the throttles forward and drove straight into the maelstrom The crew held their breath and hung on tight as the first wave broke over the 44 surfboat smothering it in frigid seawater and foam The bow dutifully rose and broke through the back side of the wave as the surfboat went airborne Fighting for control Garrett was back in his element It had been almost twenty years since he last drove a surfboat but once a surfman always a surfman As he lined up for the next wave Garrett had a grin on his face worthy of the Cheshire Cat Being a Coast Guard surfman was Garrett's dream job a job reserved for only the best of the best coxswains He excelled at it but time moves on Garrett finally retired as one of the most decorated heroes in the Coast Guard having saved hundreds of lives But civilian life doesn't suit him well so he sets off to knock out some bucket list items like walking the Appalachian Trail as he sorts out his life Years ago he suffered through a catastrophic divorce that robbed him of his daughter and scarred him so badly that he avoided women ever since But a chance meeting on the trail rekindles his desire for female companionship Fate takes him in a direction he never imagined as he discovers his new purpose
