Reference Books Bulletin ,1990 A compilation of evaluations appearing in Reference books bulletin a section of the journal Booklist **The Writing of American Military History** U. S. Department of the Army,2001-06 The Writing of American Military History A Guide should stimulate intelligent probing into the past with an eye to the future This in turn should lead to increased wisdom and therefore to wiser decisions and better execution throughout the Army in peace and war The primary purpose of this text is to bring order out of chaos in the fields of historical study and research in the United States Army In line with the views of Clausewitz the principal object of the text is to stimulate a progressive and scientific study of United States military history and leadership with the hope that it will produce searching rather than inventive minds and cool rather than hot heads to which the safety of our country can be most advantageously entrusted in time of emergency or war All officers of the United States Army but particularly those having historical assignments and undergoing instruction at the service schools and colleges or civilian educational institutions will find the text helpful Scholars and others interested in American military affairs may also find it very useful The Writing of American Military History A Guide was originally published by the Department of the Army in June 1956 **Redefining the Modern Military** Nathan K.

Finney,Tyrell Mayfield,2018-10-15 This edited collection will expand upon and refine the ideas on the role of ethics and the profession in the 21st Century The authors delve into whether Samuel Huntington and Morris Janowitz still ring true in the 21st century whether training and continuing education play a role in defining a profession and if there is a universal code of ethics required for the military as a profession Redefining the Modern Military is unique in how it treats the subject of ethics and the military profession as well as the types of writers it brings on board to address this topic The book puts a significant emphasis on individual agency for military professionalism as opposed to broad organizational or cultural change Such a review of these topics is necessary because the process of serious intellectual self reflection is a requirement especially in a profession that involves life and death of people and nations *The Journal of Military History* ,1992 Includes scholarly articles and book reviews on topics in military history **Rewriting the History of School Mathematics in North**
