Deciphering Carlo Ginzburg Deivy F. Carneiro, Daniel R. B.

Dias,2024-10-30 This book offers an original reading of Carlo Ginzburg's work tracing his trajectory in the context of Italian micro history his debates on the objectivity of historical knowledge and the connection of his work to the expanded perspectives constructed in recent decades by global history Ginzburg's theories have achieved notoriety not only in the field of history but also among the wider public This volume uses Ginzburg's own aesthetic and intellectual practices in its analysis and it deciphers the elements that drove and influenced the making of his work By highlighting the procedures that Ginzburg has constructed to respond to problems of cultural history the book also pays close attention to Erich Auerbach and Aby Warburg whose influences played a crucial role in reformulating Ginzburg's conception of micro history From there the volume demonstrates the radicality of Ginzburg's micro history through the discussion of some of his most recent contributions to international historiographical debates Thought provoking and thoroughly researched *Deciphering Carlo Ginzburg* is an innovative study in Ginzburg's methods and theories *Reflections and Comments, 1865-1895* Edwin Lawrence Godkin,1895 Mr Froude's attempt to secure from the American public a favorable judgment on the dealings of England with Ireland has had one good result though we fear only one in leading to a little closer examination of the real state of American opinion about Irish grievances than it has yet received He will go back to England with the knowledge which he evidently did not possess when he came here that the great body of intelligent Americans care very little about the history of the six hundred years of wrong and know even less than they care and could not be induced except by a land grant or a bounty or a drawback to acquaint themselves with it that those of them who have ever tried to form an opinion on the Anglo Irish controversy have hardly ever got farther than a loose notion that England had most likely behaved like a bully all through but that her victim was beyond all question an obstreperous and irreclaimable ruffian whose ill treatment must be severely condemned by the moralist but over whom no sensible man can be expected to weep or sympathize **The Works of Benjamin Franklin** Benjamin Franklin,1904 **Public Health Ethics** Ronald Bayer,2007 As it seeks to protect the health of populations public health inevitably confronts a range of critical ethical challenges This volume brings together 25 articles that open up the terrain of the ethics of public health It features topics such as tobacco and drug control and infectious disease The Appalachian-Ouachita Orogen in the United States Robert D. Hatcher, Jr.,William A. Thomas,George W. Viele,1989 **Perambulations of Cosmopolite** Lorenzo Dow,1855 Meanderings of the Mind Walton Stockwell,2020-08-27 *Meanderings of the Mind* is collection of thoughts by the author of place he had been and how he saw and remembered them Most of the writings were inspired by the author's time in New Hampshire **The Ethics of Public Health, Volumes I and II** Michael Freeman,2018-10-26 With a number of public health panics emerging in the past few years most recently the panic over swine flu in 2009 the publication of this two volume collection is extremely timely These two volumes cover the complete range of issues relating to the ethics of public health Topics include the relationship with bioethics questions of governance public health and human rights surveillance and privacy prevention and its limits

confinement and liberty as well as detailed case studies of previous and continuing crises relating to HIV and AIDS SARS bioterrorism climate change avian flu and tobacco control There are sections also on genetic health public health and equity and public health and the developing world The two volumes include nearly 75 articles by leading thinkers and are accompanied by Michael Freeman s detailed introduction and full bibliography The Independent ,1904 **The Life, Travels, Labors, and Writings of Lorenzo Dow** Lorenzo Dow,1859
