PARIS, Monday, Oct. 29.—President de Gaulle won the referendum battle in his homeland, halting, nevertheless, but not crushing, widespread hopes of support for competitors with pro-free trade goals.

In the face of complete unofficial returns early this morning, 60.76 per cent of the valid ballots cast were in favor of the President's proposal to elect his successor by popular vote, instead of by the two round college of electors "reserved" specified in the present Constitution.

But, with abstentions running at about 34 per cent of the electorate, General de Gaulle had only a minority—about 48 per cent—of the registered voters backing him.

According to reliable sources, once the Acting Secretary General makes these arrangements, he will press to obtain authorization from the Security Council for the inspection program.

MOSCOW, Oct. 28.—President Khrushchev agreed today to halt the construction of Soviet bases in Cuba and to dismantle Soviet missile sites, both under United Nations supervision.

In a message to President Kennedy, the Soviet leader said that he already had ordered the dismantling of the sites and the ending and returning the bases to the Soviet Union.

The war said to have been done in return for the agreement offered to a later date by Mr. Khrushchev yesterday to President Kennedy. The letter expressed the United States readiness to lift the naval quarantine of Cuba and join the other nations of the Western Hemisphere in providing assistance against an invasion of the island.

WASHINGTON, Oct. 28.—President Kennedy and Premier Khrushchev reached agreement today on a formula to end the crisis over Cuba and to begin talks on making tomorrow to submit arms.

President Khrushchev pledged the Soviet Union to stop work on its missile sites in Cuba, to dismantle the weapons and to cease them and take them home. All this would be done under supervision of United Nations representatives.

President Kennedy, for his part, pledged the lifting of the United States blockade when the United Nations had taken the "necessary measures," and that the United States would no longer Cuba.

Revisited is a comprehensive overview of the great cornucopia of new materials recently released by the Soviet Union United States and Cuba The authors some of whom were participants in the crisis have all had a major role in bringing to light either significant reevaluations of the crisis or in some cases truly startling revelations of the extant wisdom surrounding much of the crisis The collection edited by a long time student of the crisis is a coherent original and up to date work that bears on a moment when the world for good cause held its breath in fear that the morning might bring the apocalypse

**The Other Missiles of October** Philip Nash,1997 Shedding important new light on the history of the Cold War Philip Nash tells the story of what the United States gave up to help end the Cuban missile crisis of 1962 By drawing on documents only recently declassified he shows that one of President Kennedy s compromises with the Soviets involved the removal of Jupiter missiles from Italy and Turkey an arrangement concealed from both the American public and the rest of the NATO allies Nash traces the entire history of the Jupiters and explores why the United States offered these nuclear missiles which were capable of reaching targets in the Soviet Union to its European allies after the launch of Sputnik He argues that despite their growing doubts both Eisenhower and Kennedy proceeded with the deployment of the missiles because they felt that cancellation would seriously damage America s credibility with its allies and the Soviet Union The Jupiters subsequently played a far more significant role in Khrushchev s 1962 decision to deploy his missiles in Cuba in U S deliberations during the ensuing missile crisis and in the resolution of events in Cuba than most existing histories have supposed
