Reflections On A Literary Revolution:

Reflections on a Literary Revolution Graham Hough, 1960-01-01 *Reflections of Revolution* Alison Yarrington, Kelvin Everest, 2016-03-31 *Reflections of Revolution* first published in 1993 demonstrates the interdisciplinarity that had been emerging from cultural and historical studies Taking the French Revolution as its focus the book examines the tremendously diverse and intellectually exciting cultural reactions to the events of 1789 This title will be of interest to students of both history and literature **The New Modernist Novel** Elizabeth Pender, 2024-09-30 Considers relationships between modernist literature and literary criticism and argues that new modernist fiction can bring with it new modes of reading Considers how close reading may change as the study of modernism changes to include recently recovered fiction Asks what reading meant for selected critics of modernist literature around 1930 and around 1960 Offers readings of three new modernist novels Djuna Barnes's *Nightwood* John Rodker's *Adolphe* 1920 and Mina Loy's *Insel* Considers key cultural moments of the novels composition and reception Extends the questions about reading raised by these novels to Samuel Beckett's *Comment c'est* *How It Is* and Jean Rhys's short stories Since the late twentieth century new understandings of modernism have come with new attention to a range of writers Yet if the academic study of modernism took shape around an older narrower selection of writers and works how can its modes of reading be relevant to newly recovered modernist writing This book considers how close reading may change as the subjects of literary study change Elizabeth Pender asks what reading meant for critics of modernist literature around 1930 and around 1960 and then what close reading might look like now for three new modernist novels Djuna Barnes's *Nightwood* John Rodker's *Adolphe* 1920 and Mina Loy's *Insel* tend to resist some of the strategies of reading that helped construct a narrowed modernist canon at mid century such as the pursuit of coherence These novels offer new thinking about the temporality of reading style and the ethics of narration Reading these novels now suggests that other new modernist fiction too may require revisions to vocabularies with which modernist literature has sometimes been read **Reflections of Realism** Robert C. Holub, 1991 Comprises papers from the International Conference on title held Nov 1988 London UK on economics planning environmental impact safety control generators Acidic paper no index Holub German U of California Berkeley contends that realism is not primarily a textual property but a matter of reception and reexamines 19th century German literary realism by considering traditionally representative texts novellas and novels from the perspective of effects on readers Annotation copyrighted by Book News Inc Portland OR [Revolution and Reflection](#) A. Lees, 2012-12-06 THE PROBLEM AND THE APPROACH The abortive revolutions of 1848 have been widely regarded by historians as a watershed not only in the political but also in the intellectual development of modern Europe Before 1848 according to the traditional view the prevalent climate of opinion was idealistic hopeful humane and progressive Afterwards it was empirical pessimistic cynical and obsessed with power As Hans Kohn put it in his essay *Mid century The Turning Point* In 1848 the foundations of Western civilizational intellectual belief

in the objectivity of truth and justice ethical faith in mercy and tolerance were still unshaken In the spring of 1848 mankind was full of glowing hope but the end of 1848 dashed the hopes and the century which 1848 inaugurated appears to have led slowly but surely to decay and disaster 1 Germany a prime culprit in the debacle which marked the last third of that century has been seen as the country in which the events of 1848-49 had the most profound impact Although few historians have gone as far as Kohn in linking the failures experienced by mid nineteenth century Germans to the horrors perpetrated by some of their twentieth century descendants it has long been common to think of Germany's response to her defeated revolution as a process of attitudinal preparation for Otto von Bismarck's authoritarian solution to the national question in the period between 1864 and 1871 which in turn was fraught with ominous long range significance **Tropes of**

Revolution, 2021-11-15 Radical Fictions Nick Bentley, 2007 Nick Bentley takes a fresh look at English fiction produced in the 1950s By looking at a range of authors he shows that the novel of the period was far more diverse and formally experimental than previous accounts have suggested The American Ecclesiastical Review Herman Joseph Heuser, 1960

Literature, Politics and Culture in Postwar Britain Alan Sinfield, 2007-03-15 Literature Politics and Culture in Postwar Britain is a landmark work in contemporary literary and cultural analysis It offers a provocative and brilliant account of political change since 1945 and how such change shaped the cultural output of our time It also looks at how and when literature intersects with other cultural forms including jazz and rock music television journalism commercial and mass cultures and the growth of American cultural dominance This edition includes a new foreword by the author *Literature, Politics and Culture in Postwar Britain* Alan Sinfield, 2004-12-23 Alan Sinfield 1941 is Professor of English at the University of Sussex The publication of Literature Politics and Culture in Postwar Britain in 1989 firmly established him as one of our foremost writers on literature and a leading critic of postwar culture and society Literature Politics and Culture in Postwar Britain is a landmark work in contemporary literary and cultural analysis It offers a provocative and brilliant account of political change since 1945 and how such change shaped the cultural output of our time It also looks at how and when literature intersects with other cultural forms and the growth of American cultural dominance This edition includes a new foreword by the author specially written for the Impact edition **Psychoanalytic Reflections on a Changing World**

Halina Brunning, 2018-05-08 This book analyses a range of ubiquitous phenomena that make up our daily lives and to ask not so much whether psychoanalytic thinking can add to our existing understanding of these phenomena but what it can add It deals with work issues independently of each other **Monstrous Society** David Collings, 2009 Monstrous Society problematizes competing representations of reciprocity in England in the decades around 1800 It argues that in the eighteenth century moral economy power is divided between official authority and the counter power of plebeians This tacit mutual understanding comes under attack when influential political thinkers such as Edmund Burke Jeremy Bentham and T R Malthus attempt to discipline the social body to make state power immune from popular response But once negated counter

power persists even if in the demands of a debased inhuman body Such a response is writ large in Gothic tales especially Matthew Lewis's *The Monk* and Mary Shelley's *Frankenstein* and in the innovative embodied political practices of the mass movements for Reform and the Charter By interpreting the formation of modern English culture through the early modern practice of reciprocity David Collings constructs a nonmodern mode of analysis one that sees modernity not as a break from the past but as the result of attempts to transform traditions that however distorted nevertheless remain broadly in force Jacket *The American Counterrevolution* Larry E. Tise, 1998 A refutation of virtually the entire historiography surrounding the outcomes of the Revolution this epic narrative traces the shift from the ideas of liberty to the politics of order during the difficult period between 1783 and 1800 70 illustrations **Empire And Community** David P. Fidler, 2018-03-05 Empire and Community provides the first comprehensive presentation of Edmund Burke's thinking on international relations Although Burke's writings and speeches have been the subject of much analysis and controversy his perspective on international relations has not been fully addressed by the scholarly community David P Fidler and Jennifer M Welsh establish Burke as a classical thinker on international relations and help to situate his thinking within current international relations theory Their detailed introduction is followed by edited selections from Burke's writings and speeches on Ireland America India and the French Revolution *The Dial* Francis Fisher Browne, Waldo Ralph Browne, Scofield Thayer, Marianne Moore, 1901
