Acceleration for Gifted Learners, K-5 Joan Franklin Smutny, Sally Y. Walker, Elizabeth A. Meckstroth, 2006-10-19 Smutny has assembled a group of colleagues who bring very practical and useful insights to this issue and suggest practices that will make the use of this important curricular modification justifiable, manageable and most of all normal. Acceleration is not treated as a strategy of last resort but as a logical and reasonable way to acknowledge and provide for the growth and continuous progress of all children. By broadening the idea of acceleration as a way to meet academic, emotional and social needs, the book turns the concerns about acceleration into strengths. Barbara Clark, Professor Emeritus, California State University Los Angeles. A well-written, extremely useful guide for parents and educators who wish to provide gifted students an opportunity to learn at a pace and level appropriate to their abilities. Offers valuable insight on the social and emotional aspects of effective acceleration. Jan Davidson, President and Co-founder, Davidson Institute for Talent Development. Coauthor, *Genius Denied: How to Stop Wasting Our Brightest Young Minds*. Raise the bar on accelerated learning and discover new possibilities that go beyond minimum proficiency. Written for K-5 teachers, this practical guide corrects misunderstandings in the field of acceleration and provides the tools necessary to effectively determine the most appropriate learning options for gifted students. Through real-life stories, well-known authors in gifted education, Joan Franklin Smutny, Sally Y. Walker and Elizabeth A. Meckstroth, dispel the common myths about acceleration and describe what it is, what forms it takes and what it can do for gifted learners intellectually, socially and emotionally. Presenting nuts and bolts guidance, this valuable resource provides numerous case studies, helpful checklists and reproducible forms. Prevailing theories and current research. Social, emotional aspects of acceleration. Practices. Instructional strategies for implementation in various school settings. Learning opportunities for underserved groups such as multicultural and urban students. Bibliographies and helpful Web sites. Offering a new perspective on how prevailing attitudes have deprived students of opportunities to develop their talents. *Acceleration for Gifted Learners, K-5* directly reflects the 2004 Templeton Report in validating the urgency to meet gifted students' needs.
