Against

the Tide Debbie Hagan, 2004 Against the Tide is a carefully constructed reporting of the Massachusetts School of Law's struggle to become a fully accredited legal educational institution for minority students and/or those with limited financial resources. It is a detailed account of several legal educators' struggle to diversify legal education against corrupt personalities and politically influential establishment forces.

Government Secrecy Jan Goldman Ph.D., Susan Maret, 2008-12-30 Government Secrecy presents the best that has been thought and written on the subject including history and philosophy, theory and practice, justification and critique. Through readings which range from Georg Simmel on secrecy and Max Weber on bureaucracy and secret keeping to post 9/11 concerns regarding freedom of information and presidential secrecy, it enables readers to explore the issues and questions that surround the government's right to keep necessary secrets or not. This collection and the diverse perspectives it represents will engage students and other interested parties in a discussion of the benefits and dangers of government secrecy. The collection is designed to generate questions regarding historical accuracy of government information, information ethics, professional neutrality, ownership of information, public right to information, national security, and transparency. The essays explore the criteria and conditions for government secret keeping as well as contributing to public and academic discussion of the role of secrets in democracies.

Undertones of War Edmund Blunden, 2015-07-09 This military memoir from the six-time Nobel Prize nominated poet and British WWI soldier is one of the permanent works engendered by the memories of war. Paul Fussell, National Book Award winning author of *The Great War and Modern Memory*, took my road with no little pride of fear. One morning I feared very sharply as I saw what looked like a rising shroud over a wooden cross in the clustering mist. Horror! But on a closer study I realized that the apparition was only a flannel gas helmet. What an age since 1914! In *Undertones of War*, one of the finest autobiographies to come out of World War I, the acclaimed poet Edmund Blunden records his devastating experiences in combat. After enlisting at the age of twenty, he took part in the disastrous battles at the Somme, Ypres, and Passchendaele, describing them as murder not only to the troops but to their singing faiths and hopes. All the horrors of trench warfare, all the absurdity and feeble attempts to make sense of the fighting, all the strangeness of observing war as a writer of being simultaneously soldier and poet pervade Blunden's memoir. In steely-eyed prose as richly allusive as any poetry, he tells of the endurance and despair found among the men of his battalion, including the harrowing acts of bravery that won him the Military Cross. Now back in

print for American readers the volume includes a selection of Blunden's war poems that unflinchingly juxtapose death in the trenches with the beauty of Flanders's fields *Undertones of War* deserves a place on the bookshelves of military buffs and poetry lovers
