Michener, 2013-11-26 Pulitzer Prize winning author James A Michener brings Hawaii s epic history vividly to life in a classic saga that has captivated readers since its initial publication in 1959 As the volcanic Hawaiian Islands sprout from the ocean floor the land remains untouched for centuries until little more than a thousand years ago Polynesian seafarers make the perilous journey across the Pacific flourishing in this tropical paradise according to their ancient traditions Then in the early nineteenth century American missionaries arrive bringing with them a new creed and a new way of life Based on exhaustive research and told in Michener s immersive prose Hawaii is the story of disparate peoples struggling to keep their identity live in harmony and ultimately join together BONUS This edition includes an excerpt from James A Michener s Centennial Praise for Hawaii Wonderful a mammoth epic of the islands The Baltimore Sun One novel you must not miss A tremendous work from every point of view thrilling exciting lusty vivid stupendous Chicago Tribune From Michener s devotion to the islands he has written a monumental chronicle of Hawaii an extraordinary and fascinating novel Saturday Review Memorable a superb biography of a people Houston Chronicle **Boating** ,1975-07 Lifeboat John R. Stilgoe, 2003 The fire extinguisher the airline safety card the lifeboat Until September 11 2001 most Americans paid homage to these appurtenances of disaster with a sidelong glance if at all But John Stilgoe has been thinking about lifeboats ever since he listened with his father as the kitchen radio announced that the liner Lakonia had caught fire and sunk in the Atlantic It was Christmas 1963 and airline travel and Cold War paranoia had made the images of an ocean liner s distress the air force dropping supplies in the dark a freighter collecting survivors from lifeboats seem like echoes of a bygone era But Stilgoe already a passionate reader and an aficionado of small boat navigation began to delve into accounts of other disasters at sea What he found was a trunkful of hair raising stories of shipwreck salvation seamanship brilliant and inept noble sacrifice insanity cannibalism courage and cravenness even scandal In nonfiction accounts and in the works of Conrad Melville and Tomlinson fear and survival animate and degrade human nature in the microcosm of an open boat as in society at large How lifeboats are made rigged and captained Stilgoe discovered and how accounts of their use or misuse are put down says much about the culture and circumstances from which they are launched In the hands of a skillful historian such as Stilgoe the lifeboat becomes a symbol of human optimism of engineering ingenuity of bureaucratic regulation of fear and frailty Woven through Lifeboat are good old fashioned yarns thrilling tales of adventure that will quicken the pulse of readers who have enjoyed the novels of Patrick O Brian Crabwalk by G nter Grass or works of nonfiction such as The Perfect Storm and In the Heart of the Sea But Stilgoe whose other works have plumbed suburban culture locomotives and the shore is ultimately after bigger fish Through the

humble much ignored lifeboat its design and navigation and the stories of its ultimate purpose he has found a peculiar lens on roughly the past two centuries of human history particularly the war tossed technology driven history of man and the sea
